

Vornado Announces its Share of Toys “R” Us’ First Quarter Financial Results

Company Release - 6/27/2014

PARAMUS, N.J.--(BUSINESS WIRE)-- Vornado Realty Trust (NYSE:VNO) announced today its 32.6% share of Toys “R” Us’ first quarter financial results that it will record in its second quarter ending June 30, 2014. Vornado’s results will include a net loss of \$57,591,000, or \$0.29 per diluted share, compared to a net loss of \$36,861,000, or \$0.19 per diluted share recorded in the quarter ended June 30, 2013.

Vornado’s share of negative Funds From Operations (“FFO”) after income taxes for the quarter ending June 30, 2014 will be \$51,862,000, or \$0.26 per diluted share, compared to negative FFO after income taxes of \$25,088,000, or \$0.13 per diluted share in the prior year’s second quarter. Vornado’s share of Toys’ FFO will be treated as non-comparable in all periods presented.

The business of Toys is highly seasonal; historically, Toys’ fourth quarter net income accounts for more than 80% of its fiscal year net income.

Attached is a summary of Toys’ financial results and Vornado’s 32.6% share of its equity in Toys’ net loss, as well as reconciliations of net loss to earnings before interest, taxes, depreciation and amortization (“EBITDA”) and negative FFO.

Vornado Realty Trust is a fully-integrated equity real estate investment trust.

(1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." Management considers EBITDA a supplemental measure for making decisions and assessing the unlevered performance of its segments as it relates to the total return on assets as opposed to the levered return on equity. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.

(1) FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets, real estate impairment losses, depreciation and amortization expense from real estate assets, extraordinary items and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flows as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies.
