Dear Mr. Macnow:

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Form 10-K for the year ended December 31, 2007

Note 3. Acquisitions and Dispositions, page 145

1. Please tell us why you have only included pro forma information for the acquisition of 1290 Avenue and 555 California, which appears to represent approximately 50% of your acquisitions in 2007. For reference see paragraphs 54 and 55 of SFAS 141.

1290 Avenue of the Americas and 555 California Street, page 146

2. Please clarify for us how you allocated the purchase price of this acquisition to the assets and liabilities acquired by reconciling the purchase price allocation table on page 147 to the disclosed purchase price of approximately \$1.8 billion. Given your disclosure, it appears you did not allocate any of the purchase price to net working capital acquired.

H Street Building Corporation, page 148

3. Please provide us with a detailed analysis of the transactions that led you to record the deferred tax liabilities of \$220 million, and your basis for recording this amount as income tax benefit income during 2008. Please tell us how this amount was calculated, and how much expense was recognized related to these deferred tax liabilities in each of the last three years.

6. Investments in Partially Owned Entities, page 156

Toys "R" Us, page 156

4. Please tell us how you have evaluated your investment in Toys "R" Us for impairment, given their losses and store closures in recent years. Additionally, clarify for us how a significant portion of your share of restructuring and other charges during 2006 had no income statement impact as a result of purchase accounting.

The Lexington Master Limited Partnership..., page 158

5. Please tell us how you have determined that the decline in the value of your investment in the Lexington Master Limited Partnership is not other than temporary. Given your share ownership, it appears the share price of Lexington MLP would have to reach \$19.43/sh in order to support the carrying amount of the investment on your consolidated balance sheet as of December 31, 2007, a price which seems to significantly exceed the partnership's historical share value.

13. Leases, page 181

Former Bradlees Locations, page 181

6. Please clarify for us whether you have recognized any part of the \$25,400,000 due from Stop & Shop as revenue in your consolidated statements of income, and if so, if you have reserved any portion of these receivables.
