EXPLANATORY PARAGRAPH

This Form 10-K/A is being filed for the purpose of restating the Company's consolidated statements of cash flows for the years ended December 31, 2004, 2003 and 2002 to reclassify \$16,740,000, \$6,666,000 and \$65,197,000, respectively, from "net cash used in investing activities" to "net cash provided by operating activities" as they relate to distributions of income received from investments in partially-owned entities accounted for on the equity method. The restatement does not affect the total net change in cash and cash equivalents for each of the three years in the period ended December 31, 2004, and has no impact on the Company's consolidated balance sheets, consolidated statements of income or the related income per share amounts. It also has no impact on the non-GAAP measure of funds from operations which is described on page 103. Conforming changes have been made to management's discussion and analysis of financial condition and results of operations included in this Form 10-K/A. See footnote 21 in the notes to the consolidated financial statements for further information relating to the restatement. In connection with the restatement, management has revised its assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2004. This Form 10-K/A has not been updated for events or information subsequent to the date of filing of the original Form 10-K except in connection with the foregoing. Accordingly, this Form 10-K/A should be read in conjunction with the Company's filings made with the SEC subsequent to the filing of the original Form 10-K.

We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances after the date of this annual report on Form 10-K/A.

PART I

ITEM 1. BUSINESS

THE COMPANY

Vornado Realty Trust is a fully-integrated real estate investment trust ("REIT") and conducts its business through Vornado Realty L.P., a Delaware limited partnership (the "Operating Partnership"). All references to "We," "Us," "Company" and "Vornado" refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership. Vornado is the sole general partner of, and owned approximately 87% of the common limited partnership interest in, the Operating Partnership at December 31, 2004.

The Company currently owns directly or indirectly:

Office Properties ("Office"):

(i) all or portions of 86 office properties aggregating approximately 27.6 million square feet in the New York City metropolitan area (primarily Manhattan) and in the Washington D.C. and Northern Virginia area;

Retail Properties ("Retail"):

(ii) 94 retail properties in seven states and Puerto Rico aggregating approximately 14.2 million square feet, including 2.8 million square feet built by tenants on land leased from the Company;

Merchandise Mart Properties:

(iii) 8.6 million square feet of showroom and office space, including the 3.4 million square foot Merchandise Mart in Chicago;

Temperature Controlled Logistics:

(iv) a 47.6% interest in Americold Realty Trust which owns and operates 88 cold storage warehouses nationwide;

Other Real Estate Investments:

(v) 33% of the outstanding common stock of Alexander's, Inc. ("Alexander's") which has six properties in the greater New York metropolitan area;

(vi) the Hotel Pennsylvania in New York City consisting of a hotel portion containing 1.0 million square feet with 1,700 rooms and a commercial portion containing 0.4 million square feet of retail and office space;

(vii) a 22.4% interest in The Newkirk Master Limited Partnership ("Newkirk MLP") which owns office, retail and industrial properties net leased primarily to credit rated tenants, and various debt interests in such properties;

(viii) seven dry warehouse/industrial properties in New Jersey containing approximately 1.7 million square feet;

(ix) mezzanine loans to real estate related companies; and

(x) interests in other real estate including a 12.25% interest in GMH Communities L.P. (which owns and manages student and military housing properties throughout the United States), other investments and marketable securities.

OBJECTIVES AND STRATEGY

Our business objective is to maximize shareholder value. We intend to achieve this objective by continuing to pursue our investment philosophy and executing our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit;
- Investing in properties in select markets, such as New York City and Washington, D.C., where we believe there is high likelihood of capital appreciation;
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents;
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area;
- Investing in fully-integrated operating companies that have a significant real estate component with qualified, experienced operating management and strong growth potential which can benefit from our access to efficient capital;
- Developing/redeveloping our existing properties to increase returns and maximize value; and
- Providing specialty financing to real estate related companies.

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from possible asset sales and by accessing the public and private capital markets.

2004 ACQUISITIONS AND INVESTMENTS

During the year ended December 31, 2004, the Company has completed \$328,600,000 of acquisitions and investments in real estate, of which \$246,600,000 related to the retail segment. In addition, the Company made \$183,400,000 of mezzanine loans during 2004 which increased the outstanding balance of Notes and Mortgage Loans Receivable to \$440,186,000 at December 31, 2004. Details of these transactions are described in Management's Discussion and Analysis of Financial Condition and Results of Operations and in the Notes to the Consolidated Financial Statements in this Annual Report on Form 10-K/A.

Investment in GMH Communities L.P.

On July 20, 2004, the Company committed to make up to a \$159,000,000 convertible preferred investment in GMH Communities L.P. ("GMH"), a partnership focused on the student and military housing sectors. Distributions accrued on the full committed balance of the investment, whether or not drawn, from July 20, 2004, at a rate of 16.27%. In connection with this commitment, the Company received a placement fee of \$3,200,000. The Company also purchased for \$1,000,000, warrants to acquire GMH common equity. These warrants entitle the Company to acquire (i) 6,666,667 limited partnership units in GMH at an exercise price of \$7.50 per unit and (ii) 5,496,724 limited partnership units, through May 6, 2006, at an exercise price of \$9.10 per unit. As of November 3, 2004, the Company had funded a total of \$113,777,000 of the commitment.

On November 3, 2004, GMH Communities Trust ("GCT") closed its initial public offering ("IPO") at a price of \$12.00 per share. GCT is a real estate investment trust that conducts its business through GMH, of which it is the sole general partner. In connection with the IPO, the \$113,777,000 previously funded by the Company under the \$159,000,000 commitment was repaid, together with accrued distributions of \$13,381,000. The Company also exercised warrants to purchase 6,666,667 limited partnership units at a price of \$7.50 per unit, or \$50,000,000 in total, which resulted in a gain of \$29,500,000. The Company accounts for its interest in the partnership units on the equity-method based on its 12.25% ownership interest and right to appoint one of its executive officers to GCT's Board of Trustees. The Company records its pro-rata share of GMH's net income or loss on a one-quarter lag basis as the Company files its financial statements on Form 10-K or 10-Q prior to the time GMH files its financial statements.

Under the warrant agreement, the number of GMH partnership units or GCT common shares underlying the warrants is adjusted for dividends declared by GCT. On December 16, 2004, GCT declared a dividend of \$.16 per common share, which increased the number of shares underlying the warrants from 5,496,724 to 5,563,417 and the exercise price was decreased from \$9.10 to \$8.99 per share. Because these warrants are derivatives and do not qualify for hedge accounting treatment, the gains and losses resulting from the mark-to-market of the warrants at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. In the quarter ended December 31, 2004, the Company recognized income of \$24,190,000 from the mark-to-market of these warrants, which were valued using a trinomial option pricing model based on GCT's closing stock price on the NYSE of \$14.10 per share on December 31, 2004.

Further, in connection with the IPO, the Company contributed its 90% interest in Campus Club Gainesville, which it acquired in 2000, in exchange for an additional 671,190 GMH limited partnership units.

Of the Company's GMH units, 6,666,667 may be converted into an equivalent number of common shares of GCT commencing on May 2, 2005 and 671,190 units may be converted commencing on November 2, 2005. The Company has agreed not to sell any common shares or units it owns or may acquire until May 2, 2005.

Investment in Sears, Roebuck and Co.

In July and August 2004, the Company acquired an aggregate of 1,176,600 common shares of Sears, Roebuck and Co. ("Sears") for \$41,945,000, an average price of \$35.65 per share. Included in the cost is \$1,361,000 for a performance-based participation. These shares are recorded as marketable securities on the Company's consolidated balance sheet and are classified as "available for sale." Appreciation or depreciation in the fair market value of these shares is recorded as an increase or decrease in "accumulated other comprehensive income" in the shareholders' equity section of the Company's consolidated balance sheet and not recognized in income. At December 31, 2004, based on Sears' closing stock price of \$51.03 per share, \$18,105,000 of appreciation in the value of these shares was included in "accumulated other comprehensive income."

In August and September 2004, the Company acquired an economic interest in an additional 7,916,900 Sears common shares through a series of privately negotiated transactions with a financial institution pursuant to which the Company purchased a call option and simultaneously sold a put option at the same strike price on Sears common shares. These call and put options have an initial weighted-average strike price of \$39.82 per share, or an aggregate of \$315,250,000, expire in April 2006 and provide for net cash settlement. Under these agreements, the strike price for each pair of options increases at an annual rate of LIBOR plus 45 basis points and is credited for the dividends received on the shares. The options provide the Company with the same economic gain or loss as if it had purchased the underlying common shares and borrowed the aggregate strike price at an annual rate of LIBOR plus 45 basis points. Because these options are derivatives and do not qualify for hedge accounting treatment, the gains or losses resulting from the mark-to-market of the options at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. During the year ended December 31, 2004, the Company recorded net income of \$81,730,000, comprised of (i) \$88,782,000 from the mark-to-market of the options on December 31, 2004, based on Sears' closing stock price of \$51.03 per share and (ii) \$2,295,000 for accrued dividends, partially offset by (i) \$5,972,000 for a performance-based participation, (ii) \$2,371,000 for the increase in strike price resulting from the LIBOR charge and (iii) \$1,004,000 of professional fees.

On November 16, 2004, Kmart Holding Corporation ("Kmart") and Sears entered into an Agreement and Plan of Merger. Upon the effective date of the merger, each share of Sears common stock will be converted into the right to receive, at the election of the holder, (i) \$50.00 in cash or (ii) 0.50 shares of common stock of the merged company, subject to proration so that 55% of the Sears shares are exchanged for shares of the merged company.

Based on Sears' most recent filing with the Securities and Exchange Commission, the Company's aggregate investment in Sears represents 4.2% of Sears' outstanding common shares.

2004 DISPOSITIONS

On June 29, 2004, the Company sold the Palisades Residential Complex for \$222,500,000, which resulted in a net gain on sale after closing costs of \$65,905,000. Substantially all of the proceeds from the sale were reinvested in tax-free "like kind" exchange investments pursuant to Section 1031 of the Internal Revenue Code ("Section 1031").

On August 12, 2004, the Company sold its Dundalk, Maryland shopping center for \$12,900,000, which resulted in a net gain on sale after closing costs of \$9,850,000. Substantially all of the proceeds from the sale have been reinvested in tax-free "like-kind" exchange investments pursuant to Section 1031.

On November 4, 2004, Americold Realty Trust ("Americold"), owned 60% by the Company, purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. On November 18, 2004 the Company and its 40% partner, Crescent Real Estate Equities Company ("CEI") collectively sold 20.7% of Americold's common shares to The Yucaipa Companies ("Yucaipa") for \$145,000,000, which resulted in a gain, of which the Company's share was

\$18,789,000. In connection with the governance provisions of the transaction, the Company has the right to appoint three of the five members to Americold's Board of Trustees. Consequently, the Company is deemed to exercise control over Americold and on November 18, 2004 began to consolidate Americold's operations and financial position and no longer accounts for its investment on the equity method.

Further details regarding the Company's dispositions are disclosed in Management's Discussion and Analysis of Financial Condition and Results of Operations and in the Notes to the Consolidated Financial Statements in this annual report on Form 10-K/A.

DEVELOPMENT AND REDEVELOPMENT PROJECTS

The Company is currently engaged in various development/redevelopment projects for which it has budgeted approximately \$470.0 million. Of this amount \$30.9 million was expended in 2004 (excluding \$104.5 million for projects completed in 2004) and \$310.0 million is estimated to be expended in 2005. Below is a description of these projects.

FINANCING ACTIVITIES

During 2004, the Company issued (i) \$425,000,000 of Cumulative Redeemable Preferred Shares at a weighted average rate of 6.74%, (ii) \$55,000,000 Cumulative Redeemable Preferred Units of the Operating Partnership at a weighted average rate of 6.96%, (iii) \$46,700,000 of 3.0% Series D-13 preferred units and (iv) redeemed \$85,000,000 and \$27,500,000 of outstanding Cumulative Redeemable Preferred Shares and Units with a weighted average rate of 8.50% and 8.38%, respectively. In addition, the Company completed property level financings of \$520,000,000 and issued \$250,000,000 of senior unsecured notes. Details of these transactions as well as other financing activities are described in Management's Discussion and Analysis of Financial Condition and Results of Operations and in the Notes to the Consolidated Financial Statements in this Annual Report on Form 10-K/A.

The Company may seek to obtain funds through equity offerings, debt financings or asset sales, although there is no express policy with respect thereto. The Company may offer its shares or Operating Partnership units in exchange for property and may repurchase or otherwise re-acquire its shares or any other securities in the future.

COMPETITION

The Company's business segments – Office, Retail, Merchandise Mart Properties, Temperature Controlled Logistics, and Other operate in highly competitive environments. The Company has a large concentration of properties in the New York City metropolitan area and in the Washington, D.C. and Northern Virginia area. The Company competes with a large number of real estate property owners and developers. Principal factors of competition are rent charged, attractiveness of location, the quality of the property and breadth and quality of services provided. The Company's success depends upon, among other factors, trends of the national and local economies, financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends.

ENVIRONMENTAL REGULATIONS

The Company's operations and properties are subject to various federal, state and local laws and regulations concerning the protection of the environment including air and water quality, hazardous or toxic substances and health and safety. Under certain of these environmental laws a current or previous owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances released at a property. The owner or operator may also be held liable to a governmental entity or to third parties for property damage or personal injuries and for investigation and clean-up costs incurred by those parties because of the contamination. These laws often impose liability without regard to whether the owner or operator knew of the release of the substances or caused the release. The presence of contamination or the failure to remediate contamination may impair the Company's ability to sell or lease real estate or to borrow using the real estate as collateral. Other laws and regulations govern indoor and outdoor air quality including those that can require the abatement or removal of asbestos-containing materials in the event of damage, demolition, renovation or remodeling and also govern emissions of and exposure to asbestos fibers in the air. The maintenance and removal of lead paint and certain electrical equipment containing polychlorinated biphenyls (PCBs) and underground storage tanks are also regulated by federal and state laws. The Company could incur fines for environmental compliance and be held liable for the costs of remedial action with respect to the foregoing regulated substances or tanks or related claims arising out of environmental contamination or exposure at or from the Company's properties.

Each of the Company's properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any environmental condition material to the Company's business. However, identification of new compliance concerns or undiscovered areas of contamination, changes in the extent or known scope of contamination, discovery of additional sites, human exposure to the contamination or changes in cleanup or compliance requirements could result in significant costs to the Company.

TENANTS WHICH ACCOUNTED FOR OVER 10% OF REVENUES

In 2004, the Company had 106 separate leases with various agencies of the U.S. Government, the rent from which accounted for 12.5% of the Company's consolidated total revenues. The loss of this tenant would have a material adverse effect on the Company's finances as a whole.

CERTAIN ACTIVITIES

Acquisitions and investments are not required to be based on specific allocation by type of property. The Company has historically held its properties for long-term investment; however, it is possible that properties in the portfolio may be sold in whole or in part, as circumstances warrant, from time to time. Further, the Company has not adopted a policy that limits the amount or percentage of assets which would be invested in a specific property. While the Company may seek the vote of its shareholders in connection with any particular material transaction, generally the Company's activities are reviewed and may be modified from time to time by its Board of Trustees without the vote of shareholders.

EMPLOYEES

As of December 31, 2004, the Company and its majority-owned subsidiaries had approximately 2,592 employees, of which 186 were corporate staff. The Office segment had 269 employees and 1,123 employees of Building Maintenance Services, a wholly-owned subsidiary. The Retail segment, the Merchandise Mart segment and the Hotel Pennsylvania had 61, 479 and 474 employees, respectively. This does not include employees of partially-owned entities, including Americold Realty Trust which had 6,058 employees as of December 31, 2004.

SEGMENT DATA

The Company operates in four business segments: Office Properties, Retail Properties, Merchandise Mart Properties and Temperature Controlled Logistics. The Merchandise Mart segment has trade show operations in Canada. The Temperature Controlled Logistics segment operates one managed warehouse in Canada. Information related to the Company's business segments for the years 2004, 2003 and 2002 is set forth in Note 19. Segment Information to the Company's consolidated financial statements in this annual report on Form 10-K/A.

The Company's principal executive offices are located at 888 Seventh Avenue, New York, New York 10019; telephone (212) 894-7000.

MATERIALS AVAILABLE ON OUR WEBSITE

Copies of the Company's annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports, as well as Reports on Forms 3, 4 and 5 regarding officers, trustees or 10% beneficial owners of the Company, filed or furnished pursuant to Section 13(a), 15(d) or 16(a) of the Securities Exchange Act of 1934 are available free of charge through our website (www.vno.com) as soon as reasonably practicable after it is electronically filed with, or furnished to, the Securities and Exchange Commission. We also have made available on our website copies of our Audit Committee Charter, Compensation Committee Charter, Corporate Governance and Nominating Committee Charter, Code of Business Conduct and Ethics and Corporate Governance Guidelines. In the event of any changes to these charters or the code or guidelines, changed copies will also be made available on our website.

CERTAIN FACTORS THAT MAY ADVERSELY AFFECT OUR BUSINESS AND OPERATIONS

Real Estate Investments' Value and Income Fluctuate Due to Various Factors.

The value of real estate fluctuates depending on conditions in the general economy and the real estate business. These conditions may also limit our revenues and available cash.

The factors that affect the value of our real estate include, among other things, national, regional and local economic conditions; consequences of any armed conflict involving, or terrorist attack against, the United States; our ability to secure adequate insurance; local conditions such as an oversupply of space or a reduction in demand for real estate in the area; competition from other available space; whether tenants consider a property attractive; the financial condition of our tenants, including the extent of tenant bankruptcies or defaults; whether we are able to pass some or all of any increased operating costs through to tenants; how well we manage our properties; fluctuations in interest rates; changes in real estate taxes and other expenses; changes in market rental rates; the timing and costs associated with property improvements and rentals; changes in taxation or zoning laws; government regulation; availability of financing on acceptable terms or at all; potential liability under environmental or other laws or regulations; and general competitive factors.

The rents we receive and the occupancy levels at our properties may decline as a result of adverse changes in any of these factors. If our rental revenues decline, we generally would expect to have less cash available to pay our indebtedness and distribute to our shareholders. In addition, some of our major expenses, including mortgage payments, real estate taxes and maintenance costs, generally do not decline when the related rents decline.

We depend on leasing space to tenants on economically favorable terms and collecting rent from our tenants, who may not be able to pay.

Our financial results depend on leasing space in our properties to tenants on economically favorable terms. In addition, because substantially all of our income comes from renting of real property, our income, funds available to pay indebtedness and funds available for distribution to our shareholders will decrease if a significant number of our tenants cannot pay their rent. If a tenant does not pay its rent, we might not be able to enforce our rights as landlord without delays and might incur substantial legal costs to enforce those rights. For information regarding the bankruptcy of our tenants, see "Bankruptcy or insolvency of tenants may decrease our revenues and available cash" below.

Bankruptcy or insolvency of tenants may decrease our revenues and available cash.

A number of companies, including some of our tenants, have declared bankruptcy in recent years, and other tenants may declare bankruptcy or become insolvent in the future. If a major tenant declares bankruptcy or becomes insolvent, the rental property where it leases space may have lower revenues and operational difficulties, and, in the case of our shopping centers, we may have difficulty leasing the remainder of the affected property. Our leases generally do not contain restrictions designed to ensure the creditworthiness of our tenants. As a result, the bankruptcy or insolvency of a major tenant could result in a lower level of funds from operations available for distribution to our shareholders or the payment of our indebtedness.

Real estate is a competitive business.

For a discussion of risks related to competition in the real estate business, see "Item 1. Business – Competition."

We may incur costs to comply with environmental laws.

For a discussion of risks related to the Company's compliance with environmental laws, see "Item 1. Business – Environmental Regulations."

Some of our potential losses may not be covered by insurance.

The Company carries comprehensive liability and all risk property insurance ((i) fire, (ii) flood, (iii) extended coverage, (iv) "acts of terrorism" as defined in the Terrorism Risk Insurance Act of 2002 which expires in 2005 and (v) rental loss insurance) with respect to its assets. In April 2004, the Company reviewed its all risk policies and increased its coverage for Acts of Terrorism for each of its New York Office, CESCO Office, Retail and Merchandise Mart divisions. Below is a summary of the all risk property insurance and terrorism risk insurance for each of the Company's business segments:

	Coverage Per Occurrence	
	All Risk(1)	Sub-Limits for Acts of Terrorism
New York Office	\$ 1,400,000,000	\$ 750,000,000
CESCO Office	1,400,000,000	750,000,000
Retail	500,000,000	500,000,000
Merchandise Mart	1,400,000,000	750,000,000
Temperature Controlled Logistics	225,000,000	225,000,000

(1) Limited as to terrorism insurance by the sub-limit shown in the adjacent column.

In addition to the coverage above, the Company carries lesser amounts of coverage for terrorist acts not covered by the Terrorism Risk Insurance Act of 2002. To the extent the Company incurs losses in excess of its insurance coverage, these losses would be born by the Company and could be significant.

The Company's debt instruments, consisting of mortgage loans secured by its properties (which are generally non-recourse to the Company), its senior unsecured notes due 2007, 2009 and 2010 and its revolving credit agreement, contain customary covenants requiring the Company to maintain insurance. Although the Company believes that it has adequate insurance coverage under these agreements, the Company may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further if lenders insist on greater coverage than the Company is able to obtain, or if the Terrorism Risk Insurance Act of 2002 is not extended, it could adversely affect the Company's ability to finance and/or refinance its properties and expand its portfolio.

Our Investments Are Concentrated in the New York City/New Jersey and Washington, D.C. Metropolitan Areas. Circumstances Affecting These Areas Generally Could Adversely Affect Our Business.

A significant proportion of our properties are in the New York City/New Jersey and Washington, D.C. metropolitan areas and are affected by the economic cycles and risks inherent to those regions.

During 2004, 64.2% of our EBITDA, excluding items that affect comparability, came from properties located in New Jersey and the New York City and Washington, D.C. metropolitan areas. In addition, we may continue to concentrate a significant portion of our future acquisitions in New Jersey and the New York City and Washington, D.C. metropolitan areas. Like other real estate markets, the real estate markets in these areas have experienced economic downturns in the past, and we cannot predict how the current economic conditions will impact these markets in both the short and long term. Further declines in the economy or a decline in the real estate markets in these areas could hurt our financial performance and the value of our properties. The factors affecting economic conditions in these regions include: space needs of the United States Government, business layoffs or downsizing; industry slowdowns; relocations of businesses; changing demographics; increased telecommuting and use of alternative work places; financial performance and productivity of the publishing, advertising, financial, technology, retail, insurance and real estate industries; infrastructure quality; and any oversupply of or reduced demand for real estate.

It is impossible for us to assess the future effects of the current uncertain trends in the economic and investment climates of the New York City/New Jersey and Washington, D.C. regions, and more generally of the United States, or the real estate markets in these areas. If these conditions persist or if any local, national or global economic recovery is of a short term, businesses and future profitability may be adversely affected.

Terrorist Attacks such as those of September 11, 2001 in New York City and the Washington, D.C. Area May Adversely Affect the Value of Our Properties and Our Ability to Generate Cash Flow.

We have significant investments in large metropolitan areas, including the New York/New Jersey, Washington, D.C. and Chicago metropolitan areas. Tenants in these areas may choose to relocate their business to less populated, lower-profile areas of the United States that may be perceived to be less likely targets of future terrorist activity. This in turn would trigger a decrease in the demand for space in these areas, which could increase vacancies in our properties and force us to lease our properties on less favorable terms. In addition, threatened or actual future terrorist attacks in these areas could directly or

indirectly impact our properties. As a result of the foregoing, the value of our properties and the level of our revenues could decline materially.

We May Acquire or Sell Additional Assets or Develop Additional Properties. Our Failure or Inability to Consummate These Transactions or Manage the Results of These Transactions Could Adversely Affect Our Operations and Financial Results.

We have grown rapidly through acquisitions. We may not be able to maintain this rapid growth and our failure to do so could adversely affect our stock price.

We have experienced rapid growth in recent years, increasing our total assets from approximately \$565 million at December 31, 1996, to approximately \$11.6 billion at December 31, 2004. We may not be able to maintain a similar rate of growth in the future or manage our growth effectively. Our failure to do so may have a material adverse effect on our financial condition and results of operations and ability to pay dividends to our shareholders.

We may acquire or develop new properties and this may create risks.

We may acquire or develop properties or acquire other real estate companies when we believe that an acquisition or development is consistent with our business strategies. We may not, however, succeed in consummating desired acquisitions or in completing developments on time or within budget. We also may not succeed in leasing newly developed or acquired properties at rents sufficient to cover their costs of acquisition or development and operations. Difficulties in consummating desired acquisitions and integrating acquisitions may prove costly or time-consuming and could divert management's attention.

It may be difficult to buy and sell real estate quickly.

Real estate investments are relatively difficult to buy and sell quickly. Consequently, we may have limited ability to vary our portfolio promptly in response to changes in economic or other conditions.

We may not be permitted to dispose of certain properties or pay down the debt associated with those properties when we might otherwise desire to do so without incurring additional costs.

As part of an acquisition of a property, we may agree with the seller that we will not dispose of the acquired properties or reduce the mortgage indebtedness on them for significant periods of time unless we pay certain of the resulting tax costs of the seller. These agreements could result in our holding on to properties that we would otherwise sell and not pay down or refinance indebtedness that we would otherwise pay down or refinance.

For example, subject to limited exceptions, we are restricted from selling or otherwise transferring or disposing of certain properties located in the Crystal City area of Arlington, Virginia or an interest in our division that manages the majority of our office properties in the Washington, D.C. metropolitan area, which we refer to as the CESC Division, until 2014 with respect to certain properties located in the Crystal City area of Arlington, Virginia or until 2008 with respect to an interest in the CESC Division. These restrictions, which currently cover approximately 13.0 million square feet of space, could result in our inability to sell these properties or an interest in the CESC Division at an opportune time and increase costs to us.

Our Organizational and Financial Structure Gives Rise to Operational and Financial Risks.

We May Not Be Able to Obtain Capital to Make Investments.

We depend primarily on external financing to fund the growth of our business. This is because one of the requirements of the Internal Revenue Code of 1986, as amended, for a REIT is that it distribute 90% of its net taxable income, excluding net capital gains, to its shareholders (there is a separate requirement to distribute net capital gains or pay a corporate level tax in lieu). Our access to debt or equity financing depends on the willingness of third parties to lend or make equity investments and on conditions in the capital markets generally. We and other companies in the real estate industry have experienced limited availability of financing from time to time. Although we believe that we will be able to finance any investments we may wish to make in the foreseeable future, new financing may not be available on acceptable terms.

For information about our available sources of funds, see "Management's Discussion and Analysis of Financial Condition and Results of Operations — Liquidity and Capital Resources" and the notes to the consolidated financial statements in this annual report on Form 10-K/A.

Vornado Realty Trust depends on its direct and indirect subsidiaries' dividends and distributions, and these subsidiaries' creditors and preferred security holders are entitled to payment of amounts payable to them by the subsidiaries before the subsidiaries may pay any dividends or distributions to Vornado Realty Trust.

Substantially all of Vornado Realty Trust's assets are held through its Operating Partnership which holds substantially all of its properties and assets through its own subsidiaries. The Operating Partnership therefore depends for substantially all of its cash flow on cash distributions to it by its subsidiaries, and Vornado Realty Trust in turn depends for substantially all of its cash flow on cash distributions to it by the Operating Partnership. The creditors of each of the Vornado Realty Trust's direct and indirect subsidiaries are entitled to payment of that subsidiary's obligations to them, when due and payable, before distributions may be made by that subsidiary to its equity holders. Thus, the Operating Partnership's ability to make distributions to holders of units depends on its subsidiaries' ability first to satisfy their obligations to their creditors and then to make distributions to the Operating Partnership.

Furthermore, the holders of preferred units of the Operating Partnership are entitled to receive preferred distributions before payment of distributions to holders of common units of the Operating Partnership, including Vornado Realty Trust. Thus, Vornado Realty Trust ability to pay dividends to holders of its common shares and satisfy its debt obligations depends on the Operating Partnership's ability first to satisfy its obligations to its creditors and make distributions payable to holders of preferred units and then to make distributions to Vornado Realty Trust. As of December 31, 2004, there were 13 series of preferred units of the Operating Partnership not held by Vornado Realty Trust that have preference over Vornado Realty Trust common shares. The total liquidation value of these 13 series of preferred units is approximately \$960,900,000.

In addition, Vornado Realty Trust's participation in any distribution of the assets of any of its direct or indirect subsidiaries upon the liquidation, reorganization or insolvency of the subsidiary, is only after the claims of the creditors, including trade creditors, and preferred security holders, if any, of the subsidiary are satisfied.

We have indebtedness, and this indebtedness may increase.

As of December 31, 2004, we had approximately \$5.2 billion in total debt outstanding including the Company's proportionate share of debt of partially-owned entities. Our ratio of total debt to total enterprise value was 30.4%. When we say "enterprise value" in the preceding sentence, we mean market equity value of Vornado Realty Trust plus total debt outstanding, including the Company's pro-rata share of partially-owned entities debt, less cash. In the future, we may incur additional debt, and thus increase its ratio of total debt to total enterprise value, to finance acquisitions or property developments.

Vornado Realty Trust might fail to qualify or remain qualified as a REIT.

Although we believe that we will remain organized and will continue to operate so as to qualify as a REIT for federal income tax purposes, we might fail to remain qualified in this way. Qualification as a REIT for federal income tax purposes is governed by highly technical and complex provisions of the Internal Revenue Code for which there are only limited judicial or administrative interpretations. Our qualification as a REIT also depends on various facts and circumstances that are not entirely within our control. In addition, legislation, new regulations, administrative interpretations or court decisions might significantly change the tax laws with respect to the requirements for qualification as a REIT or the federal income tax consequences of qualification as a REIT.

If, with respect to any taxable year, Vornado Realty Trust fails to maintain its qualification as a REIT, it could not deduct distributions to shareholders in computing its taxable income and would have to pay federal income tax on its taxable income at regular corporate rates. The federal income tax payable would include any applicable alternative minimum tax. If Vornado Realty Trust had to pay federal income tax, the amount of money available to distribute to shareholders and pay its indebtedness would be reduced for the year or years involved, and Vornado Realty Trust would no longer be required to distribute money to shareholders. In addition, Vornado Realty Trust would also be disqualified from treatment as a REIT for the four

taxable years following the year during which qualification was lost, unless it was entitled to relief under the relevant statutory provisions. Although Vornado Realty Trust currently intends to operate in a manner designed to allow it to qualify as a REIT, future economic, market, legal, tax or other considerations may cause it to revoke the REIT election.

Loss of the Company's key personnel could harm our operations and adversely affect the value of our common shares.

We are dependent on the efforts of Steven Roth, the Chairman of the Board of Trustees and Chief Executive Officer of Vornado Realty Trust, and Michael D. Fascitelli, the President of Vornado Realty Trust. While we believe that we could find replacements for these key personnel, the loss of their services could harm our operations and adversely affect the value of our common shares.

16

Vornado Realty Trust's charter documents and applicable law may hinder any attempt to acquire us.

Generally, for Vornado Realty Trust to maintain its qualification as a REIT under the Internal Revenue Code, not more than 50% in value of the outstanding shares of beneficial interest of Vornado Realty Trust may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of Vornado Realty Trust's taxable year. The Internal Revenue Code defines "individuals" for purposes of the requirement described in the preceding sentence to include some types of entities. Under Vornado Realty Trust's Amended and Restated Declaration of Trust, as amended, no person may own more than 6.7% of the outstanding common shares or 9.9% of the outstanding preferred shares, with some exceptions for persons who held common shares in excess of the 6.7% limit before Vornado Realty Trust adopted the limit and other persons approved by Vornado Realty Trust's Board of Trustees. These restrictions on transferability and ownership may delay, deter or prevent a change in control of the Company or other transaction that might involve a premium price or otherwise be in the best interest of the shareholders. We refer to Vornado Realty Trust's Amended and Restated Declaration of Trust, as amended, as the "declaration of trust."

Vornado Realty Trust's Board of Trustees is divided into three classes of trustees. Trustees of each class are chosen for three-year staggered terms. Staggered terms of trustees may reduce the possibility of a tender offer or an attempt to change control of the Company, even though a tender offer or change in control might be in the best interest of Vornado Realty Trust's shareholders.

The declaration of trust authorizes the Board of Trustees to cause Vornado Realty Trust to issue additional authorized but unissued common shares or preferred shares; classify or reclassify, in one or more series, any unissued preferred shares; set the preferences, rights and other terms of any classified or reclassified shares that Vornado Realty Trust issues; and increase, without shareholder approval, the number of shares of beneficial interest that Vornado Realty Trust may issue.

The Board of Trustees could establish a series of preferred shares whose terms could delay, deter or prevent a change in control of the Company or other transaction that might involve a premium price or otherwise be in the best interest of Vornado Realty Trust's shareholders, although the Board of Trustees does not now intend to establish a series of preferred shares of this kind. Vornado Realty Trust's declaration of trust and bylaws contain other provisions that may delay, deter or prevent a change in control of the Company or other transaction that might involve a premium price or otherwise be in the best interest of the shareholders.

Under the Maryland General Corporation Law, as amended, which we refer to as the "MGCL," as applicable to real estate investment trusts, certain "business combinations," including certain mergers, consolidations, share exchanges and asset transfers and certain issuances and reclassifications of equity securities, between a Maryland real estate investment trust and any person who beneficially owns ten percent or more of the voting power of the trust's shares or an affiliate or an associate, as defined in the MGCL, of the trust who, at any time within the two-year period before the date in question, was the beneficial owner of ten percent or more of the voting power of the then outstanding voting shares of beneficial interest of the trust, which we refer to as an "interested shareholder," or an affiliate of the interested shareholder are prohibited for five years after the most recent date on which the interested shareholder becomes an interested shareholder. After that five-year period, any business combination of these kinds must be recommended by the board of trustees of the trust and approved by the affirmative vote of at least (a) 80% of the votes entitled to be cast by holders of outstanding shares of beneficial interest of the trust and (b) two-thirds of the votes entitled to be cast by holders of voting shares of the trust other than shares held by the interested shareholder with whom, or with whose affiliate, the business combination is to be effected, unless, among other conditions, the trust's common shareholders receive a minimum price, as defined in the MGCL, for their shares and the consideration is received in cash or in the same form as previously paid by the interested shareholder for its common shares. The provisions of the MGCL do not apply, however, to business combinations that are approved or exempted by the board of trustees of the applicable trust before the interested shareholder becomes an interested shareholder, and a person is not an interested shareholder if the board of trustees approved in advance the transaction by which the person otherwise would have become an interested shareholder. In approving a transaction, the board may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board. Vornado Realty Trust's board has adopted a resolution exempting any business combination between any trustee or officer of the Company, or their affiliates, and the Company. As a result, the trustees and officers of the Company and their affiliates may be able to enter into business combinations with the Company which may not be in the best interest of shareholders. With respect to business combinations with other persons, the business combination provisions of the MGCL may have the effect of delaying, deferring or preventing a change in control of the Company or other transaction that might involve a premium price or otherwise be in the best interest of the shareholders. The business combination statute may discourage others from trying to acquire control of the Company and increase the difficulty of consummating any offer.

17

Our Ownership Structure and Related-Party Transactions May Give Rise to Conflicts of Interest.

Steven Roth and Interstate Properties may exercise substantial influence over the Company. They and some of the Company's other trustees and officers have interests or positions in other entities that may compete with the Company.

As of December 31, 2004, Interstate Properties, a New Jersey general partnership, and its partners owned approximately 10.8% of the common shares of Vornado Realty Trust and approximately 27.4% of the common stock of Alexander's, Inc. Steven Roth, David Mandelbaum and Russell B. Wight, Jr. are the partners of Interstate Properties. Mr. Roth is the Chairman of the Board and Chief Executive Officer of Vornado Realty Trust, the managing general partner of Interstate Properties, the Chief Executive Officer and a director of Alexander's.

As of December 31, 2004, we owned 33% of the outstanding common stock of Alexander's. Alexander's is a REIT engaged in leasing, managing, developing and redeveloping properties, focusing primarily on the locations where its department stores operated before they ceased operations in 1992. Alexander's has six properties, which are located in the New York City metropolitan area. Mr. Roth and Mr. Fascitelli, the President and a trustee of Vornado Realty Trust, are directors of Alexander's. Messrs. Mandelbaum, West and Wight are trustees of Vornado Realty Trust and are also directors of Alexander's.

Prior to the dissolution of Vornado Operating on December 29, 2004, Interstate was also a significant equity holder of Vornado Operating. When it existed, Vornado Operating's principal business was operating, as tenant, the cold storage warehouses owned by our partially-owned subsidiary,

Americold Realty Trust. Messrs. Roth and Fascitelli were officers and directors of Vornado Operating. Mr. Wight was also a director of Vornado Operating.

Because of these overlapping interests, Mr. Roth and Interstate Properties and its partners may have substantial influence over Vornado Realty Trust and Alexander's and on the outcome of any matters submitted to Vornado Realty Trust or Alexander's shareholders for approval. In addition, certain decisions concerning the Company's operations or financial structure may present conflicts of interest among Messrs. Roth, Mandelbaum and Wight and Interstate Properties and the Company's other equity or debt holders. In addition, Mr. Roth and Interstate Properties and its partners currently and may in the future engage in a wide variety of activities in the real estate business which may result in conflicts of interest with respect to matters affecting the Company or Alexander's, such as which of these entities or persons, if any, may take advantage of potential business opportunities, the business focus of these entities, the types of properties and geographic locations in which these entities make investments, potential competition between business activities conducted, or sought to be conducted, by the Company, Interstate Properties and Alexander's, competition for properties and tenants, possible corporate transactions such as acquisitions and other strategic decisions affecting the future of these entities.

The Company currently manages and leases the real estate assets of Interstate Properties under a management agreement for which the Company receives an annual fee equal to 4% of base rent and percentage rent and certain other commissions. The management agreement has a term of one year and is automatically renewable unless terminated by either of the parties on 60 days' notice at the end of the term. The Company earned \$726,000, \$703,000, and \$747,000 of management fees under the management agreement for the years ended December 31, 2004, 2003 and 2002. Because the Company and Interstate Properties are controlled by the same persons, as described above, the terms of the management agreement and any future agreements between the Company and Interstate Properties may not be comparable to those the Company could have negotiated with an unaffiliated third party.

There may be conflicts of interest between Alexander's and Us

At December 31, 2004, the Company had loans receivable from Alexander's of \$124,000,000 at an interest rate of 9.0%, including \$29,000,000 drawn under a \$50,000,000 line of credit. The maturity date of the loans is the earlier of January 3, 2006 or the date that Alexander's Lexington Avenue construction loan is finally repaid. The Operating Partnership manages, develops and leases the Alexander's properties under management and development agreements and leasing agreements under which the Operating Partnership receives annual fees from Alexander's. These agreements have a one-year term expiring in March of each year, except that the Lexington Avenue management and development agreements have a term lasting until substantial completion of development of the Lexington Avenue property, and are all automatically renewable. Because the Company and Alexander's share common senior management and because a majority of the trustees of Vornado Realty Trust also constitute the majority of the directors of Alexander's, the terms of the foregoing agreements and any future agreements between us and Alexander's may not be comparable to those we could have negotiated with an unaffiliated third party.

Interstate Properties, which is further described above, owned an additional 27.4% of the outstanding common stock of Alexander's as of December 31, 2004. Mr. Roth, Chairman of the Board and Chief Executive Officer of Vornado Realty

18

Trust, is Chief Executive Officer and a director of Alexander's, and Mr. Fascitelli, President and a trustee of Vornado Realty Trust, is President and a director of Alexander's. Messrs. Mandelbaum, West and Wight, trustees of the Company, are also directors of Alexander's. Alexander's common stock is listed on the New York Stock Exchange under the symbol "ALX."

For a description of Interstate Properties' ownership of Vornado Realty Trust and Alexander's, see "Steven Roth and Interstate Properties may exercise substantial influence over the Company. They and some of the Company's other trustees and officers have interests or positions in other entities that may compete with the Company" above.

The Number of Shares of the Company and the Market for Those Shares Give Rise to Various Risks.

Vornado Realty Trust has many shares available for future sale, which could hurt the market price of its shares.

As of February 1, 2005, we had authorized but unissued, 72,178,522 common shares of beneficial interest, \$.04 par value, and 85,610,600 preferred shares of beneficial interest, no par value. We may issue these additional shares from time to time in public or private offerings or in connection with acquisitions.

In addition, as of February 1, 2005, 17,643,708 Vornado Realty Trust common shares were reserved for issuance upon redemption of Operating Partnership units. Some of these shares may be sold in the public market after registration under the Securities Act under registration rights agreements between the Company and some holders of units of the Operating Partnership. These shares may also be sold in the public market under Rule 144 under the Securities Act or other available exemptions from registration. In addition, Vornado Realty Trust has reserved a number of common shares for issuance under its employee benefit plans, and these common shares will be available for sale from time to time. Vornado Realty Trust has awarded shares of restricted stock and granted options to purchase additional common shares to some of its executive officers and employees. Of the authorized but unissued common and preferred shares referenced above, 41,969,628 common and 40,929,336 preferred shares, in the aggregate, were reserved for issuance upon the redemption of Operating Partnership units, under benefit plans, the conversion of outstanding securities or other action not directly in our control.

We cannot predict the effect that future sales of our common shares, preferred shares or Operating Partnership Units, or the perception that sales of common shares, preferred or Operating Partnership Units could occur, will have on the market prices for Vornado Realty Trust's shares.

Changes in market conditions could hurt the market price of Vornado Realty Trust's shares.

The value of the Vornado Realty Trust's shares depends on various market conditions, which may change from time to time. Among the market conditions that may affect the value of the Vornado Realty Trust's shares are the following: the extent of institutional investor interest in the Company; the reputation of REITs generally and the attractiveness of their equity securities in comparison to other equity securities, including securities issued by other real estate companies, and fixed income securities; our financial condition and performance; and general financial market conditions.

The stock market in recent years has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of companies generally, and Vornado in particular.

Increased market interest rates may hurt the value of Vornado Realty Trust's shares.

We believe that investors consider the distribution rate on REIT shares, expressed as a percentage of the market price of the shares, relative to market interest rates as an important factor in deciding whether to buy or sell the shares. If market interest rates go up, prospective purchasers of REIT shares may expect a higher distribution rate. Higher interest rates would likely increase our borrowing costs and might decrease funds available for distribution. Thus, higher market interest rates could cause the market price of Vornado Realty Trust's shares to decline.

ITEM 2. PROPERTIES

The Company currently owns, directly or indirectly, Office properties, Retail properties, Merchandise Mart properties and Temperature Controlled Logistics refrigerated warehouses. The Company also owns or has investments in Alexander's, Hotel Pennsylvania, The Newkirk Master Limited Partnership, GMH Communities L.P., dry warehouses and industrial buildings.

Office Segment

The Company currently owns all or a portion of 86 office properties containing approximately 27.6 million square feet. Of these properties, 20 containing 13.4 million square feet are located in the New York City metropolitan area (primarily Manhattan) (the "New York City Office Properties") and 66 containing 14.2 million square feet are located in the Washington, D.C. and Northern Virginia area (the "CESCR Office Properties").

New York City Office Properties:

The New York City Office Properties contain 12,607,000 square feet of office space and 805,000 square feet of retail space. In addition, the New York City Office properties contain five garages totaling 332,000 square feet (1,600 spaces) which are managed by or leased to third parties. The garage space is excluded from the statistics provided in this section.

The Company's New York City Office properties lease terms generally range from five to seven years for smaller tenant spaces to as long as 15 years for major tenants, and may include extension options at market rates. Leases typically provide for step-ups in rent periodically over the term of the lease and pass through to tenants the tenant's share of increases in real estate taxes and operating expenses over a base year. Electricity is provided to tenants on a sub-metered basis or included in rent based on surveys and adjusted for subsequent utility rate increases. Leases also typically provide for tenant improvement allowances for all or a portion of the tenant's initial construction costs of its premises.

Below is a listing of tenants that accounted for 2% or more of the New York City Office Properties revenues in 2004:

Tenant	Square Feet Leased	2004 Revenues	Percentage of New York City Office Revenues	Percentage of Company Revenues

Charles E. Smith Commercial Realty ("CESCR") Office Properties:

CESCR owns 66 office buildings and a hotel in the Washington D.C. and Northern Virginia area containing 14.2 million square feet, including two buildings taken out of service for redevelopment. CESCR manages an additional 7.1 million square feet of office and other commercial properties. In addition, CESCR's buildings contain 19 garages totaling approximately 7.4 million square feet (25,000 spaces) which are managed by or leased to third parties. The garage space is excluded from the statistics provided in this section. As of December 31, 2004, 35 percent of CESCR's property portfolio is leased to various agencies of the U.S. government.

On July 1, 2004, the Company acquired the Marriott hotel located in its Crystal City office complex from a limited partnership in which Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members own approximately 67 percent. The purchase price of \$21,500,000 was paid in cash. The hotel contains 343 rooms and is leased to an affiliate of Marriott International, Inc. until July 31, 2015, with one 10-year extension option. The land under the hotel was acquired in 1999.

The following table sets forth the percentage of CESCR's Office properties 2004 revenue by tenants' industry:

Industry	Percentage
U.S. Government	42%
Government Contractors	29%
Legal Services	4%

CESCR office leases are typically for four to seven year terms, and may provide for extension options at either pre-negotiated or market rates. Most leases provide for annual rental escalations throughout the lease term, plus recovery of increases in real estate taxes and certain property operating expenses over a base year. Annual rental escalations are typically based upon either fixed percentage increases or the consumer price index. Leases also typically provide for tenant improvement allowances for all or a portion of the tenant's initial construction costs of its premises.

Below is a listing of tenants which accounted for 2% or more of the CESCR Office properties revenues during 2004:

Tenant	Square Feet Leased	2004 Revenues	Percentage of CESCR Revenues	Percentage of Company Revenues

2014	24	441,000	3.1%	11,236,000	25.47

The above table includes 1,002,000 square feet leased to the U.S. Patent and Trademark Office ("PTO") in the Crystal City submarket. Of this square feet, 393,000 expires in Q1 2005, 359,000 expires in Q2 2005, 145,000 expires in Q4 2005 and 105,000 expires in Q1 2006. In addition, the PTO vacated 937,000 square feet in the fourth quarter of 2004, of which 497,000 has been taken out of service, and will vacate another 1,002,000 square feet during 2005 and the first quarter of 2006. As of February 1, 2005, the Company has leased 416,000 square feet of the PTO space vacated. Of this space, 262,000 square feet was leased to the Federal Supply Service which will be relocated from 240,000 square feet in other Crystal City buildings, 122,000 square feet was leased to the Public Broadcasting Service and 32,000 square feet was leased to Lockheed Martin.

Below is a comparison of the Company's actual leasing activity to the Company's projection for the lease-up of this space:

Period in which rent commences:	Square Feet Leased (in thousands)	
	Projection	Actual Through February 1, 2005
Q4 2004	—	32
Q3 2005	—	122

Q3 2006	252	—
Q4 2006	98	—
Q1 2007	145	—
	<u>1,939</u>	<u>416</u>

Straight-line rent per square foot for the actual square feet leased is \$32.34 as compared to \$31.94 projected. Actual tenant improvements and leasing commissions per square foot is \$45.25 as compared to \$45.28 projected.

The Company's original redevelopment plans for the PTO space included taking Crystal Park One and Crystal Plaza Three and Four out of

service. Plans for Crystal Plaza Three and Four have not changed. Current plans for Crystal Park One are to lease its 224,000 square feet to private sector tenants which will not require taking the building out of service, as opposed to leasing it to another government agency which would have required taking it out of service. As a result, the Company will recognize approximately \$4,000,000 of expense in 2005, which under the original plan would have been capitalized as part of development costs.

The following table sets forth the CESC Office Properties owned by the Company as of December 31, 2004:

Retail Segment

The Company owns 94 retail properties, of which 51 are strip shopping centers located in the Northeast and Mid-Atlantic; 25 are supermarkets in Southern California; five are regional malls located in New York, New Jersey and San Juan, Puerto Rico; and 13 are retail properties located in New York City. The Company's strip shopping centers and malls are generally located on major regional highways in mature, densely populated areas. The Company believes these properties attract consumers from a regional, rather than a neighborhood market place because of their location on regional highways.

The Company's strip shopping centers contain an aggregate of 9.2 million square feet and are substantially (over 80%) leased to large stores (over 20,000 square feet). Tenants include destination retailers such as discount department stores, supermarkets, home improvement stores, discount apparel stores and membership warehouse clubs. Tenants typically offer basic consumer necessities such as food, health and beauty aids, moderately priced clothing, building materials and home improvement supplies, and compete primarily on the basis of price and location.

The Company's five regional malls are as follows :

The Green Acres Mall in Long Island, New York contains 1.6 million square feet, and is anchored by four major department stores: Sears, J.C. Penney and Company, Inc., Federated Department Stores, Inc. ("Federated") doing business as Macy's and Macy's Men's Furniture Gallery (formerly "Sterns"). The complex also includes The Plaza at Green Acres, a 175,000 square foot strip shopping center which is anchored by Wal-Mart and National Wholesale Liquidators. The Company plans to renovate the interior and exterior of the mall. In addition, the Company has entered into a ground lease with B.J.'s Wholesale Club who will construct its own free-standing store in the mall complex. Further, the Company will construct 63,600 square feet of free-standing retail space and parking decks in the complex, subject to governmental approvals. The expansion and renovation are expected to be completed in 2006.

The Monmouth Mall in Eatontown, New Jersey, owned 50% by the Company, contains 1.4 million square feet and is anchored by four department stores; Macy's, Lord & Taylor, J.C. Penney and Boscovs, three of which own their stores aggregating 719,000 square feet.

The Bergen Mall in Paramus, New Jersey, contains 903,000 square feet. The Company has entered into agreements to terminate its lease with Macy's effective April 2005 and its lease with Value City effective January 2006. Under these agreements, in January 2005, the Company received \$2,000,000 from Macy's and paid \$12,000,000 to Value City, both of which were reflected in the acquisition price of the mall. The Company plans to expand, re-tenant and redevelop the mall subject to governmental approvals and anticipates taking the mall out of service in phases beginning in the second quarter of 2005.

The Montehiedra Mall in San Juan, Puerto Rico, contains 554,000 square feet and is anchored by Home Depot, Kmart, and Marshalls.

The Las Catalinas Mall in San Juan, Puerto Rico, contains 354,000 square feet and is anchored by Kmart and Sears, which owns its store.

2004 Retail Property Acquisitions

On February 3, 2004, the Company acquired the Forest Plaza Shopping Center for approximately \$32,500,000, of which \$14,000,000 was paid in cash and \$18,500,000 was debt assumed. Forest Plaza is a 165,000 square foot shopping center located in Staten Island, New York.

On March 19, 2004, the Company acquired a 62,000 square foot free-standing retail building located at 25 W. 14th Street in Manhattan for \$40,000,000 in cash.

On July 29, 2004, the Company acquired a real estate portfolio containing 25 supermarkets for \$65,000,000 in cash. These properties, all of which are all located in Southern California and contain an aggregate of approximately 766,000 square feet, were purchased from the Newkirk MLP, in which the Company currently owns a 22.4% interest. The supermarkets are net leased to Stater Brothers for an initial term expiring in 2008, with six 5-year extension options. Stater Brothers is a Southern California regional grocery chain that operates 158 supermarkets and has been in business since 1936.

On August 30, 2004, the Company acquired 99-01 Queens Boulevard, a 68,000 square foot free-standing building in Forest Hills, New York for \$26,500,000 in cash.

On November 2, 2004, the Company acquired a 50% joint venture interest in a 92,500 square foot property located at Broome Street and Broadway in New York City. The Company contributed \$4,462,000 of equity and provided a \$24,000,000 bridge loan with interest at 10% per annum. Upon the refinancing of the bridge loan, which is expected to close in the second quarter of 2005, the Company will be repaid \$15,106,000 and the balance of \$8,894,000 will remain in the venture as additional equity.

On November 12, 2004 and December 1, 2004, the Company acquired two shopping centers aggregating 185,000 square feet, in Lodi, New Jersey and Long Island (Inwood), New York, for a total purchase price of \$36,600,000 in cash plus \$10,900,000 of assumed debt.

In December 2004, the Company acquired two retail condominiums aggregating 12,000 square feet, located at 386 and 387 West Broadway in New York City for \$16,900,000 in cash plus \$4,700,000 of assumed debt.

The Company's shopping center lease terms range from five years or less in some instances for smaller tenant spaces to as long as 25 years for major tenants. Leases generally provide for additional rents based on a percentage of tenants' sales and pass through to tenants of the tenants' share of all common area charges (including roof and structure in strip shopping centers, unless it is the tenant's direct responsibility), real estate taxes and insurance costs and certain capital expenditures. Percentage rent accounted for less than 1% of total shopping center revenues in 2004. None of the tenants in the Retail segment accounted for more than 10% of the Company's 2004 total revenues.

Below is a listing of tenants which accounted for 2% or more of the Retail properties revenues in 2004:

Tenant	Square Feet	2004 Revenues	Percentage of Retail Revenues	Percentage of Company Revenues
Wal-Mart/Sam's Wholesale	1,561,000	\$ 13,561,000	5.5%	.8%

The Company's Merchandise Mart properties lease terms generally range from three to seven years for smaller tenants to as long as 15 years for large tenants. Leases typically provide for step-ups in rent periodically over the term of the lease and pass through to tenants the tenants' share of increases in real estate taxes and operating expenses for a building over a base year. Electricity is provided to tenants on a sub-metered basis or included in rent and adjusted for subsequent utility rate increases. Leases also typically provide for tenant improvement allowances for all or a portion of the tenant's initial construction of its premises.

Below is a listing of the Merchandise Mart Properties office tenants which accounted for 2% or more of the Merchandise Mart Properties' revenues in 2004:

Tenant	Square Feet Leased	2004 Revenues	Percentage of Segment Revenues	Percentage of Company Revenues

Showroom Space

The showrooms provide manufacturers and wholesalers with permanent and temporary space in which to display products for buyers, specifiers and end users. The showrooms are also used for hosting trade shows for the contract furniture, casual furniture, gifts, carpet, residential furnishings, building products, crafts, apparel and design industries. Merchandise Mart Properties own and operate five of the leading furniture and gifts trade shows including the contract furniture industry's largest annual trade show, NeoCon, which attracts over 45,000 attendees each June and is hosted at the Merchandise Mart building in Chicago. The Market Square Complex co-hosts the home furniture industry's semi-annual (April and October) market weeks which occupy over 11,500,000 square feet in the High Point, North Carolina region.

The following table sets forth the percentage of the Merchandise Mart Properties 2004 showroom revenues by tenants' industry:

Temperature Controlled Logistics Segment

Prior to November 18, 2004, the Company owned a 60% interest in Vornado Crescent Portland Partnership ("VCP") which owned Americold Realty Trust ("Americold"). Americold owns 88 temperature controlled warehouses, all of which were leased to AmeriCold Logistics. On November 4, 2004, Americold purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. On November 18, 2004, the Company and its 40% partner, Crescent Real Estate Equities Company ("CREI") collectively sold 20.7% of Americold's common shares to The Yucaipa Companies ("Yucaipa") for \$145,000,000, which resulted in a gain, of which the Company's share was \$18,789,000. The sale price was based on a \$1.450 billion valuation for Americold before debt and other obligations. Yucaipa is a private equity firm with significant expertise in the food distribution, logistics and retail industries. Upon closing of the sale to Yucaipa on November 18, 2004, Americold is owned 47.6% by the Company, 31.7% by CREI and 20.7% by Yucaipa. Pursuant to the sales agreement: (i) Yucaipa may earn a promote of 20% of the increase in the value of Americold through December 31, 2007, limited to 10% of the Company's and CREI's remaining interest in Americold; (ii) the annual asset management fee payable by CREI to the Company has been reduced from approximately \$5,500,000 to \$4,548,000, payable quarterly through October 30, 2027. CREI, at its option, may terminate the payment of this fee at any time after November 2009, by paying the Company a termination fee equal to the present value of the remaining payments through October 30, 2027, discounted at 10%. In addition, CREI is obligated to pay a pro rata portion of the termination fee to the extent it sells a portion of its equity interest in Americold; and (iii) VCP was dissolved. The Company has the right to appoint three of the five members to Americold's Board of Trustees. Consequently, the Company is deemed to exercise control over Americold and, on November 18, 2004, the Company began to consolidate the operations and financial position of Americold into its accounts and no longer accounts for its investment on the equity method.

AmeriCold Logistics, headquartered in Atlanta, Georgia, provides the food industry with refrigerated warehousing and transportation management services. Refrigerated warehouses are comprised of production, distribution and public facilities. In addition, AmeriCold Logistics manages facilities owned by its customers for which it earns fixed and incentive fees. Production facilities typically serve one or a small number of customers, generally food processors that are located nearby. Customers store large quantities of processed or partially processed products in these facilities until they are shipped to the next stage of production or distribution. Distribution facilities primarily warehouse a wide variety of customers' finished products

until future shipment to end-users. Each distribution facility generally services the surrounding regional market. Public facilities generally serve the needs of local and regional customers under short-term agreements. Food manufacturers and processors use these facilities to store capacity overflow from their production facilities or warehouses. AmeriCold Logistics' transportation management services include freight routing, dispatching, freight rate negotiation, backhaul coordination, freight bill auditing, network flow management, order consolidation and distribution channel assessment. AmeriCold Logistics' temperature controlled logistics expertise and access to both frozen food warehouses and distribution channels enable its customers to respond quickly and efficiently to time-sensitive orders from distributors and retailers.

AmeriCold Logistics' customers consist primarily of national, regional and local frozen food manufacturers, distributors, retailers and food service organizations. Below is a listing of customers which accounted for 2% or more of AmeriCold Logistics' revenue in 2004:

(Amounts in thousands)	2004 Revenues	Percentage of Temperature Controlled Logistics Revenues

On November 18, 2004, Tony Schnug became Chief Executive Officer of AmeriCold. Mr. Schnug is a partner of The Yucaipa Companies responsible for conducting due diligence of potential acquisitions and oversees management of portfolio companies on strategy and operational issues. Previously, Mr. Schnug was an executive officer of Yucaipa portfolio companies including Fred Meyer, Ralphs and Food 4 Less with responsibilities covering logistics, manufacturing and construction.

(1) Leasehold interest.

On February 5, 2004, Americold completed a \$254,400,000 mortgage financing for 21 of its owned and seven of its leased temperature-controlled warehouses. The loan bears interest at LIBOR plus 2.95% (with a LIBOR floor of 1.5% with respect to \$54,400,000 of the loan) and requires principal payments of \$5,000,000 annually. The loan matures in April 2009 and is pre-payable without penalty after February 5, 2006. The net proceeds were approximately \$225,000,000 after providing for usual escrows, closing costs and the repayment of \$12,900,000 of existing mortgages on two of the warehouses, of which \$135,000,000 was distributed to the Company and the remainder was distributed to its partner, CEI. As at December 31, 2004, all except two of Americold's properties are encumbered under cross-collateralized mortgage loans aggregating \$733,740,000.

731 Lexington Avenue

731 Lexington Avenue is a 1.3 million square foot multi-use building. The building contains approximately 885,000 net rentable square feet of office space, approximately 174,000 net rentable square feet of retail space and approximately 248,000 net saleable square feet of residential space consisting of 105 condominium units (through a taxable REIT subsidiary ("TRS")). Of the construction budget of \$630,000,000 (which excludes \$29,000,000 for development and guarantee fees to the Company), \$489,400,000 has been expended through December 31, 2004 and an additional \$23,500,000 has been committed at December 31, 2004. Construction is expected to be completed by the end of 2005.

As of December 31, 2004, Alexander's has leased 697,000 square feet of office space to Bloomberg L.P. and 144,000 square feet of retail space to, among others, The Home Depot (excluding 14,800 square feet of the mezzanine also leased to The Home Depot), Hennes & Mauritz and The Container Store. On January 25, 2005, Alexander's leased an additional 176,000 square feet of office space to Citibank N.A. As a result, 100% of the property's 885,000 square feet of office space has been leased.

The offering plan for the residential space, as amended for price increases through December 31, 2004, would produce an aggregate sale price of \$500,000,000 (reflecting the value of existing contracts and the offering price for the remaining units). As of December 31, 2004, Alexander's has received deposits of \$64,060,000 on sales of the condominium units. On January 24, 2005 the offering plan was declared effective by the State of New York at which time 83 units were under sales contract. Alexander's expects to close on these sales during 2005 and recognize approximately \$38,000,000 of income after taxes of which \$32,000,000 will be recognized in the first quarter using the percentage-of-completion method. The Company's share of the income to be recognized in the first quarter is \$10,560,000.

44

On February 13, 2004, Alexander's completed a \$400,000,000 mortgage financing on the office space of its Lexington Avenue development project. The loan bears interest at 5.33%, matures in February 2014 and beginning in the third year, provides for principal payments based on a 25-year amortization schedule such that over the remaining eight years of the loan, ten years of amortization will be paid. Of the loan proceeds, \$253,529,000 was used to repay the entire amount outstanding under the construction loan. The construction loan was modified so that the remaining availability is \$237,000,000, which was approximately the amount estimated to complete the Lexington Avenue development project. The interest rate on the construction loan is LIBOR plus 2.5% (4.92% at December 31, 2004) and matures in January 2006, with two one-year extensions. The collateral for the construction loan is the same, except that the office space has been removed from the lien. Further, the construction loan permits the release of the retail space for a payment of \$15,000,000 and requires all proceeds from the sale of the residential condominium units to be applied to the construction loan balance until it is finally repaid.

The Company guaranteed to the 731 Lexington Avenue construction lender, the lien free, timely completion of the construction of the project and funding of project costs in excess of a stated budget, if not funded by Alexander's (the "Completion Guarantee"). The \$6,300,000 estimated fee payable by Alexander's to the Company for the Completion Guarantee is 1% of construction costs (as defined). Based upon the current status of construction, management does not anticipate a requirement to fund pursuant to this completion guarantee.

The Newkirk Master Limited Partnership

In 1998, the Company and affiliates of Apollo Real Estate Investment Fund III, L.P. ("Apollo") formed a joint venture (30% owned by the Company and 70% owned by Apollo) ("Newkirk JV") to acquire general and limited partnership interests in a portfolio of 104 partnerships, which own triple net leased properties. Since its formation, Newkirk JV has acquired equity interests in the above partnerships, which own approximately 19.6 million square feet of real estate and acquired certain first and second mortgages ("Contract Rights") secured by a portion of these properties. On January 1, 2002, Newkirk JV completed a merger of 91 of the partnerships as well as the other assets it owned relating to the other 13 partnerships into The Newkirk Master Limited Partnership ("MLP"). The partnerships were merged into MLP to create a vehicle to enable the partners to have greater access to capital and future investment opportunities. In connection with the merger, the Company received limited partner interests in the MLP equal to an approximate 21.1% interest and Apollo received limited partner interests in the MLP equal to an approximate 54.5% interest. At December 31, 2004, the Company has a 22.4% interest in the MLP. Newkirk JV is the general partner of the MLP.

The Company's share of the MLP and the joint venture debt was approximately \$213,688,000 at December 31, 2004.

The following table sets forth a summary of the real estate owned throughout the United States by the MLP:

	Number of Properties	Square Feet
Office	36	7,352,000
Retail	151	5,427,000
Other	21	5,257,000
	208	18,036,000

As of December 31, 2004, the occupancy rate of the MLP's properties is 98.6%.

45

The primary lease terms range from 20 to 25 years from their original commencement dates with rents, typically above market, which fully amortize the first mortgage debt on the properties. In addition, tenants generally have multiple renewal options, with rents, on average, below market.

Below is a listing of tenants which accounted for 2% or more of the MLP's revenues in 2004:

GMH Communities L.P.

At December 31, 2004, the Company has a 12.25% interest in GMH Communities L.P. ("GMH"), resulting from the Company's conversion of warrants into 6.7 million limited partnership units of GMH Communities LP on November 3, 2004. In addition, the Company holds warrants to purchase an additional 5.6 million limited partnership units of GMH or common shares of GMH Communities Trust ("GCT") at a price of \$8.99 per unit or share through May 2, 2006. See page 7 for further details. GMH owns 30 student housing properties, aggregating 7.8 million square feet and 19,085 beds, and manages an additional 20 properties that serve colleges and universities throughout the United States. In addition, GMH manages 51 military housing projects containing 101,216 units under long-term agreements with the United States Government. GMH has \$359,276,000 of debt outstanding at December 31, 2004, of which the Company's share is \$44,011,000.

Dry Warehouse/Industrial Properties

The Company's dry warehouse/industrial properties consist of seven buildings in New Jersey containing approximately 1.7 million square feet. The properties are encumbered by two cross-collateralized mortgage loans aggregating \$48,385,000 as of December 31, 2004. Average lease terms range from three to five years. The following table sets forth the occupancy rate and average annual rent per square foot at the end of each of the past five years.

As of December 31,	Occupancy Rate	Average Annual Rent Per Square Foot
2004	88%(1)	\$ 3.96(1)
2003	88%(1)	3.86(1)
2002	95%	3.81
2001	100%	3.67
2000	90%	3.52

- (1) Excludes the Company's East Brunswick industrial warehouse. In November 2002, the Company entered into an agreement to ground lease the East Brunswick industrial property to Lowe's. In connection therewith, the Company is razing the 326,000 square foot warehouse and Lowe's will construct its own retail store on the site.

400 North LaSalle

The 400 North LaSalle venture was formed in July 2001, to develop a 381,000 square foot, high-rise residential tower with an attached parking garage in Chicago Illinois, containing 452 apartments. Under the agreement the Company contributed 92% of the equity and is entitled to receive 85% of the profits. The development of the residential tower and garage was substantially completed and phased into service as of January 2004 and is 90.0% occupied as of December 31, 2004. As of December 31, 2004, the Company has classified this asset as held for sale on its consolidated balance sheets and the related revenues and expenses as discontinued operations on the consolidated statements of operations.

47

ITEM 3. LEGAL PROCEEDINGS

The Company is from time to time involved in legal actions arising in the ordinary course of its business. In the opinion of management, after consultation with legal counsel, the outcome of such matters, including in respect of the matter referred to below, is not expected to have a material adverse effect on the Company's financial position or results of operation.

Stop & Shop

On January 8, 2003, Stop & Shop filed a complaint with the United States District Court for the District of New Jersey ("USDC-NJ") claiming the Company has no right to reallocate and therefore continue to collect the \$5,000,000 of annual rent from Stop & Shop pursuant to the Master Agreement and Guaranty, because of the expiration of the East Brunswick, Jersey City, Middletown, Union and Woodbridge leases to which the \$5,000,000 of additional rent was previously allocated. Stop & Shop asserted that a prior order of the Bankruptcy Court for the Southern District of New York dated February 6, 2001, as modified on appeal to the District Court for the Southern District of New York on February 13, 2001, froze the Company's right to reallocate which effectively terminated the Company's right to collect the additional rent from Stop & Shop. On March 3, 2003, after the Company moved to dismiss for lack of jurisdiction, Stop & Shop voluntarily withdrew its complaint. On March 26, 2003, Stop & Shop filed a new complaint in New York Supreme Court, asserting substantially the same claims as in its USDC-NJ complaint. On April 9, 2003, the Company moved the New York Supreme Court action to the United States District Court for the Southern District of New York. Stop & Shop moved to remand and both sides moved for summary judgment. On June 30, 2003, the District Court ordered that the case be placed in suspense and ordered the parties to proceed with a motion for interpretation that the Company made in the United States Bankruptcy Court for the Southern District of New York. On July 24, 2003, the Bankruptcy Court referred the motion to mediation. The mediation concluded in June 2004 without resolving the dispute. On June 9, 2004, after reconvening the hearing on the Company's motion for interpretation, the Bankruptcy Court entered an order abstaining from hearing the Company's motion. On June 17, 2004, the Company filed a notice of appeal from the Bankruptcy Court's order to the District Court. On January 19, 2005, the District Court issued a decision affirming the Bankruptcy Court's decision and remanded the removed action to the New York Supreme Court. The Company believes that the additional rent provision of the guaranty expires at the earliest in 2012 and will vigorously oppose Stop & Shop's complaint.

Vornado Operating Company

In November 2004, a class action shareholder derivative lawsuit was brought in the Delaware Court of Chancery against Vornado Operating Company ("Vornado Operating"), its directors and the Company. The lawsuit sought to enjoin the dissolution of Vornado Operating, rescind the previously completed sale of AmeriCold Logistics (owned 60% by Vornado Operating) to Americold Realty Trust (owned 60% by the Company) and damages. In addition, the plaintiffs claimed that the Vornado Operating directors breached their fiduciary duties. On November 24, 2004, a stipulation of settlement was entered into under which the Company agreed to settle the lawsuit with a payment of approximately \$4.5 million or about \$1 per Vornado Operating share or partnership unit before litigation expenses. The proposed settlement payment would be in addition to the liquidation distribution of \$2 per Vornado Operating share or unit that Vornado Operating made to its equity-holders when it dissolved on December 29, 2004. On January 20, 2005, the Delaware Court of Chancery postponed deciding upon the proposed settlement and requested further but limited information before holding an additional hearing regarding the settlement, which has been scheduled for March 2005. The Company has accrued the proposed settlement payment and related legal costs as part of "general and administrative expense" in the fourth quarter of 2004. The Company believes that the ultimate outcome of this matter will not have a material effect on the Company's consolidated financial statements.

- (1) FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as net income or loss determined in accordance with Generally Accepted Accounting Principles ("GAAP"), excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated operating real estate assets, plus specified non-cash items, such as real estate asset depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. FFO and FFO per diluted share are used by management, investors and industry analysts as supplemental measures of operating performance of equity REITs. FFO and FFO per diluted share should be evaluated along with GAAP net income and income per diluted share (the most directly comparable GAAP measures), as well as cash flow from operating activities, investing activities and financing activities, in evaluating the operating performance of equity REITs. Management believes that FFO and FFO per diluted share are helpful to investors as supplemental performance measures because these measures exclude the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs which implicitly assumes that the value of real estate diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, these non-GAAP measures can facilitate comparisons of operating performance between periods and among other equity REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs as disclosed in the Company's Statements of Cash Flows. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity.
- (2) Operating results for the year ended December 31, 2004, reflect the consolidation of the Company's investment in Americold Realty Trust beginning on November 18, 2004. Previously, this investment was accounted for on the equity method.
- (3) Operating results for the year ended December 31, 2002, reflect the Company's January 1, 2002 acquisition of the remaining 66% of Charles E. Smith Commercial Realty L.P. ("CESCR") and the resulting consolidation of CESCR's operations.

The discussion of cash flows in the Liquidity and Capital Resources section of Management's Discussion and Analysis of Financial Condition and Results of Operations for the years ended December 31, 2004, 2003 and 2002 reflects a restatement of \$16,740,000, \$6,666,000 and \$65,197,000 in the Company's consolidated statements of cash flows, respectively, to reclassify these amounts from "net cash used in investing activities" to "net cash provided by operating activities" as they relate to distributions of income received from investments in partially-owned entities accounted for on the equity method. The restatement does not affect the total net change in cash and cash equivalents for each of the three years in the period ended December 31, 2004 and has no impact on the Company's consolidated balance sheets, consolidated statements of income or the related income per share amounts. It also has no impact on the non-GAAP measure of funds from operations which is described on page 103.

Overview

The Company owns and operates office, retail and showroom properties with large concentrations of office and retail properties in the New York City metropolitan area and in the Washington, D.C. and Northern Virginia area. In addition, the Company has a 47.6% interest in an entity that owns and operates 88 cold storage warehouses nationwide.

The Company's business objective is to maximize shareholder value. The Company's measures its success in meeting this objective by the total return to its shareholders. Below is a table comparing the Company's performance to the Morgan Stanley REIT Index ("RMS") for the following periods ending December 31, 2004:

	Total Return(1)	
	Vornado	RMS
One-year	46.5%	31.5%
Three-years	114.8%	86.4%
Five-years	207.3%	166.6%
Ten-years	612.5%	284.8%(2)

(1) Past performance is not necessarily indicative of how the Company will perform in the future.

(2) From inception on July 25, 1995

The Company intends to continue to achieve its business objective by pursuing its investment philosophy and executing its operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit.
- Investing in properties in select markets, such as New York City and Washington, D.C., where we believe there is high likelihood of capital appreciation.
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents.
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area.
- Developing/redeveloping the Company's existing properties to increase returns and maximize value.

The Company competes with a large number of real estate property owners and developers. Principal factors of competition are rent charged, attractiveness of location and quality and breadth of services provided. The Company's success depends upon, among other factors, trends of the national and local economies, financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends. Economic growth has been fostered, in part, by low interest rates, Federal tax cuts, and increases in government spending. To the extent economic growth stalls, the Company may experience lower occupancy rates which may lead to lower initial rental rates, higher leasing costs and a corresponding decrease in net income, funds from operations and cash flow. Alternatively, if economic growth is sustained, the Company may experience higher occupancy rates leading to higher initial rents and higher interest rates causing an increase in the Company's weighted average cost of capital and a corresponding effect on net income, funds from operations and cash flow.

2004 Acquisitions

During the year ended December 31, 2004, the Company completed \$328,600,000 of acquisitions and investments in real estate, of which \$246,600,000 related to the retail segment. In addition, the Company made \$183,400,000 of mezzanine loans during 2004 which increased the outstanding balance of Notes and Mortgage Loans Receivable to \$440,186,000 at December 31, 2004. Following are the details of these transactions.

On February 3, 2004, the Company acquired the Forest Plaza Shopping Center for approximately \$32,500,000, of which \$14,000,000 was paid in cash and \$18,500,000 was debt assumed. Forest Plaza is a 165,000 square foot shopping center located in Staten Island, New York.

Overview - continued

On March 19, 2004, the Company acquired a 62,000 square foot free-standing retail building located at 25 W. 14th Street in Manhattan for \$40,000,000 in cash.

On July 1, 2004, the Company acquired the Marriott hotel located in its Crystal City office complex from a limited partnership in which Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members own approximately 67 percent. The purchase price of \$21,500,000 was paid in cash. The hotel contains 343 rooms and is leased to an affiliate of Marriott International, Inc. until July 31, 2015, with one 10-year extension option. The land under the hotel was acquired in 1999.

On July 29, 2004, the Company acquired a real estate portfolio containing 25 supermarkets for \$65,000,000 in cash. These properties, all of which are all located in Southern California and contain an aggregate of approximately 766,000 square feet, were purchased from the Newkirk MLP, in which the Company currently owns a 22.4% interest. The supermarkets are net leased to Stater Brothers for an initial term expiring in 2008, with six 5-year extension options. Stater Brothers is a Southern California regional grocery chain that operates 158 supermarkets and has been in business since 1936.

On August 30, 2004, the Company acquired a 68,000 square foot free-standing building in Forest Hills, New York for \$26,500,000 in cash. The property is located at 99-01 Queens Boulevard and its principal tenants are Rite Aid and Fleet Bank.

On November 2, 2004, the Company acquired a 50% joint venture interest in a 92,500 square foot property located at Broome Street and Broadway in New York City. The Company contributed \$4,462,000 of equity and provided a \$24,000,000 bridge loan with interest at 10% per annum. Upon the refinancing of the bridge loan, which is expected to close in the second quarter of 2005, the Company will be repaid \$15,106,000 and the balance of \$8,894,000 will remain in the venture as additional equity.

On November 12, 2004 and December 1, 2004, the Company acquired two shopping centers aggregating 185,000 square feet, in Lodi, New Jersey and Long Island (Inwood), New York, for a total purchase price of \$36,600,000 in cash plus \$10,900,000 of assumed debt.

In December 2004, the Company acquired two retail condominiums aggregating 12,000 square feet, located at 386 and 387 West Broadway in New York City for \$16,900,000 in cash plus \$4,700,000 of assumed debt.

Investment in GMH Communities L.P.

On July 20, 2004, the Company committed to make up to a \$159,000,000 convertible preferred investment in GMH Communities L.P. ("GMH"), a partnership focused on the student and military housing sectors. Distributions accrued on the full committed balance of the investment, whether or not drawn, from July 20, 2004, at a rate of 16.27%. In connection with this commitment, the Company received a placement fee of \$3,200,000. The Company also purchased for \$1,000,000, warrants to acquire GMH common equity. These warrants entitle the Company to acquire (i) 6,666,667 limited partnership units in GMH at an exercise price of \$7.50 per unit and (ii) 5,496,724 limited partnership units, through May 6, 2006, at an exercise price of \$9.10 per unit. As of November 3, 2004, the Company had funded a total of \$113,777,000 of the commitment.

On November 3, 2004, GCT closed its initial public offering ("IPO") at a price of \$12.00 per share. GCT is a real estate investment trust that conducts its business through GMH, of which it is the sole general partner. In connection with the IPO, the \$113,777,000 previously funded by the Company under the \$159,000,000 commitment was repaid, together with accrued distributions of \$13,381,000. The Company also exercised warrants to purchase 6,666,667 limited partnership units at a price of \$7.50 per unit, or \$50,000,000 in total, which resulted in a net gain of \$29,500,000. The Company accounts for its interest in the partnership units on the equity-method based on its 12.25% ownership interest and right to appoint one of its executive officers to GCT's Board of Trustees. The Company records its pro-rata share of GMH's net income or loss on a one-quarter lag basis as the Company files its financial statements on Form 10-K or 10-Q prior to the time GMH files its financial statements.

Overview - continued

Under the warrant agreement, the number of GMH partnership units or GCT common shares underlying the warrants is adjusted for dividends declared by GCT. On December 16, 2004, GCT declared a dividend of \$.16 per common share, which increased the number of shares underlying the warrants from 5,496,724 to 5,563,417 and the exercise price was decreased from \$9.10 to \$8.99 per share. Because these warrants are derivatives and do not qualify for hedge accounting treatment, the gains and losses resulting from the mark-to-market of the warrants at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. In the quarter ended December 31, 2004, the Company recognized income of \$24,190,000 from the mark-to-market of these warrants, which were valued using a trinomial option pricing model based on GCT's closing stock price on the NYSE of \$14.10 per share on December 31, 2004.

Further, in connection with the IPO, the Company contributed its 90% interest in Campus Club Gainesville, which it acquired in 2000, in exchange for an additional 671,190 GMH limited partnership units.

Of the Company's GMH units, 6,666,667 may be converted into an equivalent number of common shares of GCT commencing on May 2, 2005 and 671,190 units may be converted commencing on November 2, 2005. The Company has agreed not to sell any common shares or units it owns or may acquire until May 2, 2005.

Investment in Sears, Roebuck and Co.

In July and August 2004, the Company acquired an aggregate of 1,176,600 common shares of Sears, Roebuck and Co. ("Sears") for \$41,945,000, an average price of \$35.65 per share. Included in the cost is \$1,361,000 for a performance-based participation. These shares are recorded as marketable securities on the Company's consolidated balance sheet and are classified as "available for sale." Appreciation or depreciation in the fair market value of these shares is recorded as an increase or decrease in "accumulated other comprehensive income" in the shareholders' equity section of the Company's consolidated balance sheet and not recognized in income. At December 31, 2004, based on Sears' closing stock price of \$51.03 per share, \$18,105,000 of appreciation in the value of these shares was included in "accumulated other comprehensive income."

In August and September 2004, the Company acquired an economic interest in an additional 7,916,900 Sears common shares through a series of privately negotiated transactions with a financial institution pursuant to which the Company purchased a call option and simultaneously sold a put option at the same strike price on Sears common shares. These call and put options have an initial weighted-average strike price of \$39.82 per share, or an aggregate of \$315,250,000, expire in April 2006 and provide for net cash settlement. Under these agreements, the strike price for each pair of options increases at an annual rate of LIBOR plus 45 basis points and is credited for the dividends received on the shares. The options provide the Company with the same economic gain or loss as if it had purchased the underlying common shares and borrowed the aggregate strike price at an annual rate of LIBOR plus 45 basis points. Because these options are derivatives and do not qualify for hedge accounting treatment, the gains or losses

resulting from the mark-to-market of the options at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. During the year ended December 31, 2004, the Company recorded net income of \$81,730,000, comprised of (i) \$88,782,000 from the mark-to-market of the options on December 31, 2004, based on Sears' closing stock price of \$51.03 per share and (ii) \$2,295,000 for accrued dividends, partially offset by (i) \$5,972,000 for a performance-based participation, (ii) \$2,371,000 for the increase in strike price resulting from the LIBOR charge and (iii) \$1,004,000 of professional fees.

On November 16, 2004, Kmart Holding Corporation ("Kmart") and Sears entered into an Agreement and Plan of Merger. Upon the effective date of the merger, each share of Sears common stock will be converted into the right to receive, at the election of the holder, (i) \$50.00 in cash or (ii) 0.50 shares of common stock of the merged company, subject to proration so that 55% of the Sears shares are exchanged for shares of the merged company.

Based on Sears' most recent filing with the Securities and Exchange Commission, the Company's aggregate investment in Sears represents 4.2% of Sears' outstanding common shares.

2004 Dispositions

In anticipation of selling the Palisades Residential Complex, on February 27, 2004, the Company acquired the remaining 25% interest in the Palisades venture it did not previously own for approximately \$17,000,000 in cash. On June 29, 2004, the Company sold the Palisades for \$222,500,000, which resulted in a gain on sale after closing costs of \$65,905,000.

On August 12, 2004, the Company sold its Dundalk, Maryland shopping center for \$12,900,000, which resulted in a net gain on sale after closing costs of \$9,850,000.

2004 Financings

On January 6, 2004, the Company redeemed all of its 8.375% Series D-2 Cumulative Redeemable Preferred Units at a redemption price equal to \$50.00 per unit for an aggregate of \$27,500,000 plus accrued distributions.

On March 17, 2004, the Company redeemed all of its Series B Preferred Shares at a redemption price equal to \$25.00 per share for an aggregate of \$85,000,000 plus accrued dividends. The redemption amount exceeded the carrying amount by \$3,195,000, representing the original issuance costs. Upon redemption, these issuance costs were recorded as a reduction to earnings in arriving at net income applicable to common shares, in accordance with the July 2003 EITF clarification of Topic D-42.

On May 27, 2004, the Company sold \$35,000,000 of 7.2% Series D-11 Cumulative Redeemable Preferred Units to an institutional investor in a private placement. These perpetual preferred units may be called without penalty at the Company's option commencing in May 2009.

On August 16, 2004, the Company completed a public offering of \$250,000,000 aggregate principal amount of 4.50% senior unsecured notes due August 15, 2009. Interest on the notes is payable semi-annually on February 15, and August 15, commencing February 15, 2005. The notes were priced at 99.797% of their face amount to yield 4.546%. The notes are subject to the same financial covenants as the Company's previously issued senior unsecured debt.

On August 17, 2004, the Company sold \$75,000,000 of 7.0% Series E Cumulative Redeemable Preferred Shares at a price of \$25.00 per share, in a public offering pursuant to an effective registration statement. The Company may redeem the Series E Preferred Shares at a redemption price of \$25.00 per share after August 20, 2009.

On November 10, 2004, the Company sold \$150,000,000 of 6.75% Series F Cumulative Redeemable Preferred Shares at a price of \$25.00 per share, in a public offering pursuant to an effective registration statement. The Company may redeem the Series F Preferred Shares at a redemption price of \$25.00 per share after November 17, 2009.

On December 16, 2004, the Company sold \$200,000,000 of 6.625% Series G Cumulative Redeemable Preferred Shares at a price of \$25.00 per share, in a public offering pursuant to an effective registration statement. The Company may redeem the Series G Preferred Shares at a redemption price of \$25.00 per share after January 19, 2005.

On December 17, 2004, the Company sold \$20,000,000 of 6.55% Series D-12 Cumulative Redeemable Preferred Units to an institutional investor in a private offering. The Series D-12 units may be called without penalty at the option of the Company commencing in December 2009.

On December 30, 2004, the Company sold \$46,700,000 of 3.0% Series D-13 Cumulative Redeemable Preferred Units to an institutional investor in a private offering. The Series D-13 units may be called without penalty at the option of the Company commencing in December 2011. The Series D-13 units may also be redeemed at the option of the holder commencing on December 2006.

On January 19, 2005, the Company redeemed all of its 8.5% Series C Cumulative Redeemable Preferred Shares and \$80,000,000 of its Series D-3 Perpetual Preferred Units at the stated redemption price of \$25.00 per share or \$115,000,000, plus accrued distributions. The redemption amount exceeded the carrying amount by \$6,052,000, representing the original issuance costs. Upon redemption in the first quarter of 2005, these issuance costs were recorded as a reduction to earnings in arriving at net income applicable to common shares, in accordance with the July 2003 EITF clarification of Topic D-42.

Overview - Leasing Activity - continued

Crystal City PTO Space

The PTO vacated 937,000 square feet in Crystal City in the fourth quarter of 2004, of which 497,000 has been taken out of service, and will vacate another 1,002,000 square feet during 2005 and the first quarter of 2006. As of February 1, 2005, the Company has leased 416,000 square feet of the PTO space vacated. Of this space, 262,000 square feet was leased to the Federal Supply Service which will be relocated from 240,000 square feet in other Crystal City buildings, 122,000 square feet was leased to the Public Broadcasting Service and 32,000 square feet was leased to Lockheed Martin.

Below is a comparison of the Company's actual leasing activity to the Company's projection for the lease-up of this space:

Period in which rent commences:	Square Feet Leased (in thousands)	
	Projection	Actual Through February 1, 2005
Q4 2004	—	32
Q3 2005	—	122

Q3 2006	252	—
Q4 2006	98	—
Q1 2007	145	—
	<u>1,939</u>	<u>416</u>

Straight-line rent per square foot for the actual square feet leased is \$32.34 as compared to \$31.94 projected. Actual tenant improvements and leasing commissions per square foot is \$45.25 as compared to \$45.28 projected.

The Company's original redevelopment plans for the PTO space included taking Crystal Park One and Crystal Plaza Three and Four out of service. Plans for Crystal Plaza Three and Four have not changed. Current plans for Crystal Park One are to lease its 224,000 square feet to private sector tenants which will not require taking the building out of service, as opposed to leasing it to another government agency which would have required taking it out of service. As a result, the Company will recognize approximately \$4,000,000 of expense in 2005, which under the original plan would have been capitalized as part of development costs.

Critical Accounting Policies

In preparing the consolidated financial statements management has made estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. Set forth below is a summary of the accounting policies that management believes are critical to the preparation of the consolidated financial statements. The summary should be read in conjunction with the more complete discussion of the Company's accounting policies included in Note 2 to the consolidated financial statements in this annual report on Form 10-K/A.

Real Estate

Real estate is carried at cost, net of accumulated depreciation and amortization. As of December 31, 2004, the Company's carrying amount of its real estate, net of accumulated depreciation is \$8.3 billion. Maintenance and repairs are charged to operations as incurred. Depreciation requires an estimate by management of the useful life of each property and improvement as well as an allocation of the costs associated with a property to its various components. If the Company does not allocate these costs appropriately or incorrectly estimates the useful lives of its real estate, depreciation expense may be misstated.

Upon acquisitions of real estate, the Company assesses the fair value of acquired assets (including land, buildings and improvements, identified intangibles such as acquired above and below market leases and acquired in-place leases and customer relationships) and acquired liabilities in accordance with Statement of Financial Accounting Standards ("SFAS") No. 141: Business Combinations and SFAS No. 142: Goodwill and Other Intangible Assets, and allocates purchase price based on these assessments. The Company assesses fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. The Company's properties, including any related intangible assets, are reviewed for impairment if events or circumstances change indicating that the carrying amount of the assets may not be recoverable. If the Company incorrectly estimates the values at acquisition or the undiscounted cash flows, initial allocations of purchase price and future impairment charges may be different. The impact of the Company's estimates in connection with acquisitions and future impairment analysis could be material to the Company's consolidated financial statements.

Identified Intangible Assets

Upon an acquisition of a business the Company records intangible assets acquired at their estimated fair value separate and apart from goodwill. The Company amortizes identified intangible assets that are determined to have finite lives which are based on the period over which the assets are expected to contribute directly or indirectly to the future cash flows of the business acquired. Intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. An impairment loss is recognized if the carrying amount of an intangible asset, including the related real estate when appropriate, is not recoverable and its carrying amount exceeds its estimated fair value.

As of December 31, 2004 and 2003, the carrying amounts of the Company's identified intangible assets are \$176,314,000 and \$130,875,000, respectively. Such amounts are included in "other assets" on the Company's consolidated balance sheet. In addition, the Company has \$71,272,000 and \$47,359,000, of identified intangible liabilities as of December 31, 2004 and 2003, which are included in "deferred credit" on the Company's consolidated balance sheets. If these assets are deemed to be impaired, or the estimated useful lives of finite-life intangibles change, the impact to the Company's consolidated financial statements could be material.

Notes and Mortgage Loans Receivable

The Company's policy is to record mortgages and notes receivable at the stated principal amount net of any discount or premium. As of December 31, 2004, the carrying amount of Notes and Mortgage Loans Receivable was \$440,186,000. The Company accretes or amortizes any discounts or premiums over the life of the related loan receivable utilizing the effective interest method. The Company evaluates the collectibility of both interest and principal of each of its loans, if circumstances warrant, to determine whether it is impaired. A loan is considered to be impaired, when based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the existing contractual terms. When a loan is considered to be impaired, the amount of the loss accrual is calculated by comparing the recorded investment to the value determined by discounting the expected future cash flows at the loan's effective interest rate or, as a practical expedient, to the value of the collateral if the loan is collateral dependent. The impact of the Company's estimates in connection with the collectibility of both interest and principal of its loans could be material to the Company's consolidated financial statements.

Partially-Owned Entities

As of December 31, 2004, the carrying amount of investments and advances to partially-owned entities, including Alexander's, was \$605,300,000. In determining whether the Company has a controlling interest in a partially-owned entity and the requirement to consolidate the accounts of that entity, it considers factors such as ownership interest, board representation, management representation, authority to make decisions, and contractual and substantive participating rights of the partners/members as well as whether the entity is a variable interest entity in which it will absorb the majority of the entity's expected losses, if they occur, or receive the majority of the expected residual returns, if they occur, or both. The Company has concluded that it does not have a controlling ownership interest with respect to the Company's 80% interest in Starwood Ceruzzi Venture, and 50% interests in Monmouth Mall, Wells Kinzie, Orleans Hubbard and 825 Seventh Avenue.

The Company consolidates entities that it is able to control. The Company accounts for investments on the equity method when its ownership interest is greater than 20% and less than 50%, and the Company does not have direct or indirect control. When partially-owned entities are in partnership form, the 20% threshold may be reduced. Equity method investments are initially recorded at cost and subsequently adjusted for the Company's share of net income or loss and cash contributions and distributions to and from these entities. All other investments are accounted for on the cost method.

On a periodic basis the Company evaluates whether there are any indicators that the value of the Company's investments in partially-owned entities are impaired. The ultimate realization of the Company's investment in partially-owned entities is dependent on a number of factors including the performance of the investee and market conditions. If the Company determines that a decline in the value of the investee is other than temporary, an impairment charge would be recorded.

Allowance For Doubtful Accounts

The Company periodically evaluates the collectibility of amounts due from tenants and maintains an allowance for doubtful accounts (\$17,339,000 as at December 31, 2004) for estimated losses resulting from the inability of tenants to make required payments under the lease agreement. The Company also maintains an allowance for receivables arising from the straight-lining of rents (\$6,787,000 as at December 31, 2004). This receivable arises from earnings recognized in excess of amounts currently due under the lease agreements. Management exercises judgment in establishing these allowances and considers payment history and current credit status in developing these estimates. These estimates may differ from actual results, which could be material to the Company's consolidated financial statements.

Revenue Recognition

The Company has the following revenue sources and revenue recognition policies:

- Base Rents — income arising from tenant leases. These rents are recognized over the non-cancelable term of the related leases on a straight-line basis which includes the effects of rent steps and rent abatements under the leases.
- Percentage Rents — income arising from retail tenant leases which are contingent upon the sales of the tenant exceeding a defined threshold. These rents are recognized in accordance with Staff Accounting Bulletin No. 104: Revenue Recognition, which states that this income is to be recognized only after the contingency has been removed (i.e. sales thresholds have been achieved).
- Hotel Revenues — income arising from the operation of the Hotel Pennsylvania which consists of rooms revenue, food and beverage revenue, and banquet revenue. Income is recognized when rooms are occupied. Food and beverage and banquet revenue are recognized when the services have been rendered.
- Trade Show Revenues — income arising from the operation of trade shows, including rentals of booths. This revenue is recognized in accordance with the booth rental contracts when the trade shows have occurred.
- Expense Reimbursements — revenue arising from tenant leases which provide for the recovery of all or a portion of the operating expenses and real estate taxes of the respective property. This revenue is accrued in the same periods as the expenses are incurred.
- Temperature Controlled Logistics revenue — income arising from the Company's investment in Americold. Storage and handling revenue is recognized as services are provided. Transportation fees are recognized upon delivery to customers.
- Management, Leasing and Other Fees — income arising from contractual agreements with third parties or with partially-owned entities. This revenue is recognized as the related services are performed under the respective agreements.

Before the Company recognizes revenue, it assesses among other things, its collectibility. If the Company's assessment of the collectibility of its revenue changes, the impact on the Company's consolidated financial statements could be material.

Income Taxes

The Company operates in a manner intended to enable it to continue to qualify as a Real Estate Investment Trust ("REIT") under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to its shareholders. The Company intends to distribute to its shareholders 100% of its taxable income. Therefore, no provision for Federal income taxes is required. If the Company fails to distribute the required amount of income to its shareholders, or fails to meet other REIT requirements, it may fail to qualify as a REIT and substantial adverse tax consequences may result.

Net income and EBITDA(1) for the years ended December 31, 2004, 2003 and 2002.

Below is a summary of Net income and EBITDA(1) by segment for the years ended December 31, 2004, 2003 and 2002. On January 1, 2003, the Company revised its definition of EBITDA to comply with the Securities and Exchange Commission's Regulation G concerning non-GAAP financial measures. The revised definition of EBITDA includes minority interest, gains (losses) on the sale of depreciable real estate and income arising from the straight-lining of rent and the amortization of acquired in-place leases. Accordingly, EBITDA for all periods disclosed represents "Earnings before Interest, Taxes, Depreciation and Amortization." Management considers EBITDA a supplemental measure for making decisions and assessing the unlevered performance of its segments as it is related to the return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, management utilizes this measure to make investment decisions as well as to compare the performance of its assets to that of its peers. EBITDA is not a surrogate for net income because net income is after interest expense and accordingly, is a measure of return on equity as opposed to return on assets.

Notes to the preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense and depreciation and amortization included in the reconciliation of net income to EBITDA reflects the Company's share of the interest and debt expense and depreciation and amortization of its partially-owned entities.
- (3) Operating results for the year ended December 31, 2004, reflect the consolidation of the Company's investment in Americold Realty Trust beginning on November 18, 2004. Previously, this investment was accounted for on the equity method. See page 92 for condensed pro forma operating results of Americold Realty Trust for the years ended December 31, 2004 and 2003, giving effect to the acquisition of its tenant, Americold Logistics, as if it had occurred on January 1, 2003.
- (4) Other EBITDA is comprised of:

- (A) EBITDA for the year ended December 31, 2004, includes the Company's \$2,901 share of impairment losses recorded by Newkirk MLP, partially offset by the Company's \$2,705 share of gains on sale of real estate. EBITDA for the year ended December 31, 2003, includes the Company's \$9,900 share of gains on sale of real estate and early extinguishment of debt, partially offset by a charge of \$1,210 for an impairment loss and a litigation settlement. The remaining decrease in EBITDA from 2003 to 2004 is due primarily to the sale of properties (primarily Stater Brothers Supermarkets).
- (B) Interest and other income for the year ended December 31, 2004, includes a gain of \$7,494, resulting from the exercise of an option by the Company's joint venture partner to acquire certain MLP units held by the Company. The MLP units subject to this option had been issued to the Company on behalf of the Company's joint venture partner in exchange for the Company's operating partnership units as part of the tender offers to acquire certain of the units of the MLP in 1998 and 1999.
- (C) Includes Alexander's stock appreciation rights compensation expense, of which the Company's share was \$25,340, \$14,868 and \$0 for the year ended December 31, 2004, 2003 and 2002, respectively. The year ended December 31, 2004, also includes the Company's \$1,274 share of a gain on sale of land parcel and the Company's \$1,010 share of Alexander's loss on early extinguishment of debt.
- (D) The Company's share of EBITDA for the period from November 3, 2004 to December 31, 2004, will be recognized in the quarter ended March 31, 2005, as the investee has not published its earnings for the year ended December 31, 2004 prior to the filing of the Company's annual report on Form 10-K.
- (E) See page 74 for details.

Results Of Operations - Years Ended December 31, 2004 and December 31, 2003Revenues

The Company's revenues, which consist of property rentals, tenant expense reimbursements, Temperature Controlled Logistics revenues, hotel revenues, trade shows revenues, amortization of acquired below market leases net of above market leases pursuant to SFAS No. 141 and 142, and fee income, were \$1,707,262,000 for the year ended December 31, 2004, compared to \$1,497,983,000 in the prior year, an increase of \$209,279,000. Notes to preceding tabular information:

- Average occupancy and REVPAR were 78.9% and \$77.56 for the year ended December 31, 2004 compared to 63.7% and \$58.00 for the prior year.
- Reflects increases of \$19,845 from New York City Office primarily from higher rents for space relet.
- Reflects higher reimbursements from tenants resulting primarily from increases in New York City Office real estate taxes and utilities.
- Reflects lower reimbursements from tenants resulting primarily from a decrease in accrued real estate taxes based on the finalization of 2003 real estate taxes in September of 2004.
- The increase relates to early lease terminations at the Company's 888 Seventh Avenue and 909 Third Avenue office properties for approximately 175 square feet, a substantial portion of which has been re-leased at equal or higher rents (see page 58).
- Reflects an increase of \$4,541 from New York Office, which primarily relates to an increase in Penn Plaza signage income.

- (1) Results primarily from (i) a \$8,134 increase in real estate taxes, of which \$6,700 relates to the New York Office portfolio, (ii) a \$5,452 increase in utility costs, of which \$2,816 and \$2,636 relate to the New York Office and CESCRR portfolios, respectively and (iii) a \$1,192 increase due to higher of repairs and maintenance (primarily New York Office).
- (2) Results primarily from a net decrease in the allowance for bad debts due to recoveries in 2004.
- (3) Results primarily from (i) reversal of overaccrual of 2003 real estate taxes of \$3,928, based on finalization of 2003 taxes in September 2004, offset by (ii) increase in the allowance for straight-lined rent receivables in 2004 of \$3,585.
- (4) Primarily due to additions to buildings and improvements during 2003 and 2004.
- (5) The increase in general and administrative expenses results from:

Income Applicable to Alexander's

Income applicable to Alexander's (loan interest income, management, leasing, development and commitment fees, and equity in income) was \$33,920,000 before \$25,340,000 of Alexander's stock appreciation rights compensation ("SAR") expense or \$8,580,000 net, in the year ended December 31, 2004, compared to income of \$30,442,000 before \$14,868,000 of SAR expense or \$15,574,000 net, in the year ended December 31, 2003, a decrease after SAR expense of \$6,994,000. This decrease resulted primarily from (i) an increase in the Company's share of Alexander's SAR expense of \$10,472,000, (ii) the Company's \$1,434,000 share of Alexander's loss on early extinguishment of debt in 2004, partially offset by, (iii) income in 2004 from the commencement of leases with Bloomberg on November 15, 2003 and other tenants in second half of 2004 at Alexander's 731 Lexington Avenue property and (iv) the Company's \$1,274 share of gain on sale of a land parcel in the quarter ended September 30, 2004.

Notes to preceding tabular information:

- (1) Includes the Company's \$2,479 share of gains on sale of real estate and the Company's \$2,901 share of impairment losses recorded by Newkirk MLP. Excludes the Company's \$7,119 share of the gain recognized by Newkirk MLP on the sale of its Stater Brothers real estate portfolio to the Company on July 29, 2004, which was reflected as an adjustment to the basis of the Company's investment.
- (2) On November 4, 2004, Americold purchased its tenant, AmeriCold Logistics, for \$47,700 in cash. In addition, on November 18, 2004 the Company and its 40% partner, CEI collectively sold 20.7% of Americold's common shares to Yucaipa for \$145,000, which resulted in a gain, of which the Company's share was \$18,789. Beginning on November 18, 2004, the Company is deemed to exercise control over Americold and, accordingly, began to consolidate the operations and financial position of Americold into its accounts and ceased accounting for the investment on the equity method. See page 92 for further details.
- (3) Includes the Company's \$9,900 share of gains on sale of real estate and early extinguishment of debt.
- (4) Includes a gain of \$7,494, resulting from the exercise of an option by the Company's joint venture partner to acquire certain MLP units held by the Company.
- (5) Equity in income for the year ended December 31, 2004 includes the Company's \$3,833 share of an impairment loss. Equity in income for the year ended December 31, 2003 includes the Company's \$2,271 share of income from the settlement of a tenant bankruptcy claim, partially offset by the Company's \$876 share of a net loss on disposition of leasehold improvements.
- (6) Includes \$5,583 for the Company's share of Prime Group Realty L.P.'s equity in net income of which \$4,413 was for the Company's share of Prime Group's lease termination fee income. On May 23, 2003, the Company exchanged the units it owned for common shares and no longer accounts for its investment in the partnership on the equity method.

73

Interest and Other Investment Income

Interest and other investment income (interest income on mortgage loans receivable, other interest income and dividend income) was \$203,995,000 for the year ended December 31, 2004, compared to \$25,397,000 in the year ended December 31, 2003, an increase of \$178,598,000. This increase results from:

(Amounts in thousands)

Income from the mark-to-market of Sears' option position (see page 56 for details)	\$ 82,734
Investment in GMH Communities L.P. (see page 55 for details):	
Net gain on exercise of warrants for 6.7 million GMH limited partnership units	29,452

Other, net – primarily \$5,655 of contingent interest income in 2003 from the Dearborn Center loan	(6,812)
	<u>\$ 178,598</u>

- (1) On January 7, 2005, the Company was repaid \$275,000 of loans secured by partnership interests in the General Motors Building. Vornado also received a prepayment penalty of \$4,500 together with interest through January 14, 2005 on \$225,000 of these loans. The \$4,500 and an additional \$879 of unamortized fees will be included in income in the first quarter of 2005.

Interest and Debt Expense

Interest and debt expense was \$241,968,000 for the year ended December 31, 2004, compared to \$228,860,000 in the year ended December 31, 2003, an increase of \$13,108,000. This increase is primarily due to (i) \$6,379,000 resulting from the consolidation of the Company's investment in Americold Realty Trust from November 18, 2004 vs. equity method accounting prior, (ii) \$7,411,000 from an increase in average outstanding debt balances, primarily due to the issuance of \$250,000,000 and \$200,000,000 of senior unsecured notes in August 2004 and November 2003, respectively, and (iii) \$1,206,000 from an increase in the weighted average interest rate on total debt of three basis points.

Net Gain on Disposition of Wholly-owned and Partially-owned Assets other than Depreciable Real Estate

The following table sets forth the details of net gain on disposition of wholly-owned and partially-owned assets other than depreciable real estate for the years ended December 31, 2004 and 2003:

	<u>\$ 19,775</u>	<u>\$ 2,343</u>

Minority Interest

Minority interest was \$157,308,000 for the year ended December 31, 2004, compared to \$178,937,000 for the prior year, a decrease of \$21,629,000. The decrease is primarily due to lower distributions and allocations to preferred unit holders as a result of the Company's redemptions of the Series D-2 preferred units in January 2004 and Series C-1 and D-1 preferred units in the fourth quarter of 2003.

74

Discontinued Operations

Assets related to discontinued operations consist primarily of real estate, net of accumulated depreciation. The following table set forth the balances of the assets related to discontinued operations as of December 31, 2004 and 2003.

Income from discontinued operations	<u>\$ 78,597</u>	<u>\$ 176,388</u>

On January 9, 2003, the Company sold its Baltimore, Maryland shopping center for \$4,752,000, which resulted in a net gain after closing costs of \$2,644,000.

On October 10, 2003, the Company sold Two Park Avenue, a 965,000 square foot office building, for \$292,000,000, which resulted in a net gain on the sale after closing costs of \$156,433,000.

On November 3, 2003, the Company sold its Hagerstown, Maryland shopping center for \$3,100,000, which resulted in a net gain on sale after closing costs of \$1,945,000.

In anticipation of selling the Palisades Residential Complex, on February 27, 2004, the Company acquired the remaining 25% interest in the Palisades venture it did not previously own for approximately \$17,000,000 in cash. On June 29, 2004, the Company sold the Palisades for \$222,500,000, which resulted in a net gain on sale after closing costs of \$65,905,000.

On August 12, 2004, the Company sold its Dundalk, Maryland shopping center for \$12,900,000, which resulted in a net gain on sale after closing costs of \$9,850,000.

- (3) EBITDA and the same store percentage increase reflect the commencement of the WPP Group leases (228 square feet) in the third quarter of 2004 and the Chicago Sun Times lease (127 square feet) in the second quarter of 2004. EBITDA for the year ended December 31, 2004, exclusive of the incremental impact of these leases was \$121,876 or a 5.6% same store increase over the prior year.
- (4) Not comparable because prior to November 4, 2004, (date the operations of AmeriCold Logistics were combined with AmeriCold Realty Trust), the Company reflected its equity in the rent AmeriCold received from AmeriCold Logistics. Subsequent thereto, the Company reflects its equity in the operations of the combined company. See page 92 for condensed proforma operating results of AmeriCold for the years ended December 31, 2004 and 2003, giving effect to the acquisition of its tenant, AmeriCold Logistics, as if it had occurred on January 1, 2003.

Notes to preceding tabular information:

- (1) Average occupancy and REVPAR for the Hotel Pennsylvania were 64% and \$58 for the year ended December 31, 2003 compared to 65% and \$58 for the prior year.

- (2) Reflects an increase of \$2,841 resulting from the rescheduling of two trade shows from the fourth quarter of 2002, in which they were previously held to the first quarter of 2003, and \$1,400 relates to a new show held for the first time in 2003, partially offset by lower trade show revenue in 2003 primarily due to a smaller April Market show as a result of a conversion of trade show space to permanent space.
- (3) Reflects increases of \$12,953 from New York City Office leasing activity and \$3,413 from CESC's leasing activity. These increases resulted primarily from higher rents for space relet in 2003 and 2002 (full year impact in 2003 as compared to a partial year in 2002) and an increase in CESC occupancy of .3% this year, partially offset by a decrease in NYC office occupancy of .6%. Initial rent for the 677 square feet of space relet in New York City was \$44.41 per square foot in 2003, a 15.3% increase over prior escalated rent. Initial rent for the 2,510 square feet of space relet in CESC portfolio was \$30.62 per square foot a 2.5% increase over prior escalated rents. For further details of NYC and CESC office leasing activity see page 58.
- (4) Resulted primarily from (i) an increase in the occupancy rate from 88.3% at December 31, 2002 to 93.0% at December 31, 2003 as a result of leasing space previously vacated by Bradlees and Kmart and (ii) higher rents for space relet in 2003 and 2002 (full year impact in 2003 as compared to a partial year in 2002). Initial rent for the 1,046 square feet of space relet in 2003 was \$15.56 per square foot, a 13.2% increase over prior rent. For further details of Retail leasing activity see page 58.
- (5) Reflects an increase in occupancy of Merchandise Mart office space of 0.9% from 2002, higher rents for 1,157 square feet of showroom space relet in 2003 and 911 square feet relet in 2002 (full year impact in 2003 as compared to partial year impact in 2002), partially offset by a decrease in Merchandise Mart showroom occupancy of .1% from 2002 and lower rents for 270 square feet of office space relet in 2003. Initial rents for the 1,157 square feet of showroom space relet in 2003 was \$23.43, a 0.6% increase over prior escalated rent. Initial rents for the 270 square feet of office space relet in 2003 was \$21.24, a 5.3% decrease over prior escalated rent. For further details of Merchandise Mart leasing activity see page 58.
- (6) Reflects higher reimbursements from tenants resulting primarily from increases in real estate taxes. The increases in Office and Retail were \$19,383 and \$3,247, before reductions of \$2,215 and \$1,407 in the current quarter relating to the true-up of prior year's billings.
- (7) Results primarily from a \$3,444 decrease in CESC third party leasing revenue from \$7,100 in 2002 to \$3,656 in 2003 as a result of the closing of one of the CESC leasing offices.

Expenses

The Company's expenses were \$917,086,000 for the year ended December 31, 2003, compared to \$850,071,000 in the prior year, an increase of \$67,015,000. Below are the details of the increase (decrease) by segment:

See notes on following page.

79

Notes to preceding tabular information:

- (1) The increase in Hotel Pennsylvania's operating expenses was primarily due to a \$1,700 increase in real estate taxes and a \$500 increase in utility costs over the prior year.
- (2) Results primarily from the rescheduling of two trade shows from the fourth quarter of 2002, in which they were previously held to the first quarter

of 2003, and due to a new trade show held for the first time in 2003.

(3) Below are the details of the increases (decreases) in operating expenses by segment:

	<u>\$ 32,267</u>	<u>\$ 23,752</u>	<u>\$ 4,955</u>	<u>\$ 3,524</u>	<u>\$ 36</u>

(a) Relates primarily to an increase in New York Office.

(4) Increases in depreciation and amortization for the Office and Merchandise Mart segments are primarily due to additions to buildings and improvements.

(5) The increase in general and administrative expenses results from:

Increase in professional fees in connection with information technology, corporate governance, insurance, and other projects	\$ 4,675
Severance payments in 2003 to two senior executives (\$3,211) and the non-cash charge related to the accelerated vesting of their restricted stock (\$1,626)	4,837
Other severance	860
Increase in corporate payroll and fringe benefits of which \$755 is due to a decrease in capitalized development payroll and \$407 is due to the Company's deferred compensation plan (offset by an equal amount of investment income)	2,872
Costs in connection with the relocation of CESCRO's back office operations to the Company's administrative headquarters in New Jersey	1,123
Stock compensation expense (see below)	1,898
Other	642
	<u>\$ 16,907</u>

As part of the 2002 annual compensation review, in lieu of stock options, on January 28, 2003 the Company granted 166,990 restricted shares at \$34.50 per share (the then closing stock price on the NYSE) to employees of the Company. These awards vest over a 5-year period. Stock-based compensation expense is recognized on a straight-line basis over the vesting period. In the year ended December 31, 2003, the Company recognized stock-based compensation expense of \$1,898,000 (excluding severance charges), of which \$1,020,000 related to January 2003 restricted stock awards.

Income Applicable to Alexander's

Income applicable to Alexander's (interest income, management, leasing, development and commitment fees, and equity in income) was \$15,574,000 for the year ended December 31, 2003, compared to \$29,653,000 in the prior year, a decrease of \$14,079,000. This decrease resulted primarily from (i) Alexander's stock appreciation rights compensation expense of which the Company's share was \$14,868,000 in 2003 compared to zero in 2002, partially offset by (ii) Alexander's gain on the sale of its Third Avenue property of which the Company's share was \$3,524,000 in 2002, and (iii) income resulting from the commencement of the lease with Bloomberg (87% of the space) on November 15, 2003 at Alexander's 731 Lexington Avenue property of which the Company's share was \$1,589,000.

Income from Partially-Owned Entities

Below are the condensed statements of operations of the Company's unconsolidated subsidiaries as well as the increase (decrease) in income from these partially-owned entities for the years ended December 31, 2003 and 2002:

See notes on following page.

Notes to preceding tabular information:

- The increase reflects the Company's share of the following items from the Newkirk MLP in 2003 including (i) \$7,200 of net gains on the sale of 11 properties, (ii) a gain of \$1,600 on the early extinguishment of debt, partially offset by, (iii) a charge of \$538 in connection with a litigation claim, (iv) a charge of \$353 for an asset impairment and (v) \$930 in Federal and state taxes.
- The Company reflects its 60% share of Vornado Crescent Portland Partnership's (the "Landlord") rental income it receives from AmeriCold Logistics, its tenant, which leases the underlying temperature controlled warehouses used in its business. The Company's joint venture does not recognize rental income unless earned and collection is assured or cash is received. The Company did not recognize \$25,087 of rent it was due for the year ended December 31, 2003, which together with previously deferred rent was \$49,436 at December 31, 2003. The following summarizes the increase in income for the year ended December 31, 2003 over the prior year:

Increase in rent from Tenant	\$ 1,220
Decrease in general and administrative expenses	544
Gain on sale of real estate in 2003 (\$486) as compared to a loss on sale of real estate in 2002 (\$2,026)	2,512
Income tax refund received in 2003	1,345
Decrease in depreciation and interest expense and other	3,088
	\$ 8,709

- The Company acquired a 50% interest in the Monmouth Mall on October 10, 2002. Equity in net income of the Monmouth Mall includes the Company's preferred return of \$3,290 and \$748 for the years ended December 31, 2003 and 2002.
- On September 23, 2002, the Company acquired the remaining 50% of the Mall and 25% of the Kmart anchor store it did not previously own. Accordingly, the operations of Las Catalinas are consolidated into the accounts of the Company subsequent to September 23, 2002.

Interest and Other Investment Income

Interest and other investment income (interest income on mortgage loans receivable, other interest income and dividend income) was \$25,397,000 for the year ended December 31, 2003, compared to \$31,678,000 in the year ended December 31, 2002, a decrease of \$6,281,000. This decrease resulted primarily from (i) lower average investments at lower yields, partially offset by (ii) \$5,655,000 of contingent interest income recognized in connection with the repayment of the Dearborn Center loan and (iii) \$5,028,000 of interest income recognized on the \$225,000,000 GM Building mezzanine loans, for the period from October 20, 2003 through December 31, 2003.

Interest and Debt Expense

Interest and debt expense was \$228,860,000 for the year ended December 31, 2003, compared to \$232,891,000 in the year ended December 31, 2002, a decrease of \$4,031,000. This decrease was primarily comprised of a \$11,285,000 savings from a 77 basis point reduction in weighted average interest rates of the Company's variable rate debt, partially offset by (i) the consolidation as of September 2002 of the Las Catalinas operations which were previously included in income from partially-owned entities, (ii) a full year of interest expense on the Company's \$500,000,000 Senior Unsecured Notes due 2007 which were issued in June 2002 and (iii) a reduction in interest capitalized in connection with development projects.

Net (Loss) Gain on Disposition of Wholly-owned and Partially-owned Assets other than Depreciable Real Estate

The following table sets forth the details of net (loss) gain on disposition of wholly-owned and partially-owned assets other than depreciable real estate for the years ended December 31, 2003 and 2002:

(Amounts in thousands)	For the Year Ended December 31,

Wholly-owned Assets:		
Net gain on sale of marketable securities	\$ 2,950	\$ 12,346

Net gain on sale of air rights	—	1,688
	\$ 2,343	\$ (17,471)

On September 28, 2000, the Company made a \$62,000,000 loan to Primestone Investment Partners, L.P. ("Primestone"). The loan bore interest at 16% per annum. Primestone defaulted on the repayment of this loan on October 25, 2001. The loan was subordinate to \$37,957,000 of other debt of the borrower that liened the Company's collateral. On October 31, 2001, the Company purchased the other debt for its face amount. The loans were secured by 7,944,893 partnership units in Prime Group Realty, L.P., the operating partnership of Prime Group Realty Trust (NYSE:PGE) and the partnership units are exchangeable for the same number of common shares of PGE. The loans were also guaranteed by affiliates of Primestone.

On November 19, 2001, the Company sold, pursuant to a participation agreement with a subsidiary of Cadim inc., a Canadian pension fund, a 50% participation in both loans at par for approximately \$50,000,000 reducing the Company's net investment in the loans at December 31, 2001 to \$56,768,000 including unpaid interest and fees of \$6,790,000. The participation did not meet the criteria for "sale accounting" under SFAS 140 because Cadim was not free to pledge or exchange the assets.

83

On April 30, 2002, the Company and Cadim acquired the 7,944,893 partnership units at a foreclosure auction. The price paid for the units by application of a portion of Primestone's indebtedness to the Company and Cadim was \$8.35 per unit, the April 30, 2002 closing price of shares of PGE on the New York Stock Exchange. On June 28, 2002, pursuant to the terms of the participation agreement, the Company transferred 3,972,447 of the partnership units to Cadim.

In the second quarter of 2002, in accordance with foreclosure accounting, the Company recorded a loss on the Primestone foreclosure of \$17,671,000 calculated based on (i) the acquisition price of the units and (ii) its valuation of the amounts realizable under the guarantees by affiliates of Primestone, as compared with the net carrying amount of the investment at April 30, 2002. In the third quarter of 2002, the Company recorded a \$2,229,000 write-down on its investment based on costs expended to realize the value of the guarantees. Further, in the fourth quarter of 2002, the Company recorded a \$15,857,000 write-down of its investment in Prime Group consisting of (i) \$14,857,000 to adjust the carrying amount of the Prime Group units to \$4.61 per unit, the closing price of PGE shares on the New York Stock Exchange at December 31, 2002 and (ii) \$1,000,000 for estimated costs to realize the value of the guarantees. The Company considered the decline in the value of the units which are convertible into stock to be other than temporary as of December 31, 2002, based on the fact that the market value of the stock had been less than its cost for more than six months, the severity of the decline, market trends, the financial condition and near-term prospects of Prime Group and other relevant factors.

At December 31, 2002, the Company's carrying amount of the investment was \$23,908,000, of which \$18,313,000 represents the carrying amount of the 3,972,447 partnership units owned by the Company (\$4.61 per unit), \$6,100,000 represents the amount expected to be realized under the guarantees, partially offset by \$1,005,000 representing the Company's share of Prime Group's net loss through September 30, 2002, as the Company recorded its share of Prime Group's earnings on a one-quarter lag basis.

On June 11, 2003, the Company exercised its right to exchange the 3,972,447 units it owned in Prime Group Realty L.P. for 3,972,447 common shares in Prime Group Realty Trust. Prior to the exchange, the Company accounted for its investment in the partnership on the equity method. Subsequent to the exchange, the Company is accounting for its investment in PGE as a marketable equity security-available for sale, as the Company's shares represent less than a 20% ownership interest in PGE (which is not a partnership), the Company does not have significant influence and the common shares have a readily determinable fair value. Accordingly, the carrying amount previously included in Investments and Advances to Partially-Owned Entities was reclassified to Marketable Securities on the Company's consolidated balance sheet. The Company is also required to mark these securities to market based on the closing price of the PGE shares on the NYSE at the end of each reporting period. For the period from June 11, 2003 through December 31, 2003, the Company recorded a \$6,623,000 unrealized gain, which is not included in the Company's net income, but is reflected as a component of Accumulated Other Comprehensive Loss in the Shareholders' Equity section of the consolidated balance sheet. From the date of exchange, income recognition is limited to dividends received on the PGE shares.

On June 13, 2003, the Company received its \$5,000,000 share of a settlement with affiliates of Primestone Investment Partners of the amounts due under the guarantees of the Primestone loans. In connection therewith, the Company recognized a \$1,388,000 loss on settlement of the guarantees, which has been reflected as a component of "net gains on disposition of wholly-owned and partially-owned assets" in the Company's 2003 consolidated statement of income.

Gain on Transfer of Mortgages

In the year ended December 31, 2002, the Company recorded a net gain of \$2,096,000 resulting from payments to the Company by third parties that assumed certain of the Company's mortgages. Under these transactions the Company paid to the third parties that assumed the Company's obligations the outstanding amounts due under the mortgages and the third parties paid the Company for the benefit of assuming the mortgages. The Company has been released by the creditors underlying these loans.

Net Gain on Sale of Air Rights

In 2002, the Company constructed a \$16.3 million community facility and low-income residential housing development (the "30th Street Venture"), in order to receive 163,728 square feet of transferable development rights, generally referred to as "air rights". The Company donated the building to a charitable organization. The Company sold 106,796 square feet of these air rights to third parties at an average price of \$120 per square foot. An additional 28,821 square feet of air rights was sold to Alexander's at a price of \$120 per square foot for use at Alexander's 59th Street development project (the "59th Street Project"). In each case, the Company received cash in exchange for air rights. The Company identified third party buyers for the remaining 28,111 square feet of air rights of the 30th Street Venture. These third party buyers wanted to use the air rights

84

for the development of two projects located in the general area of 86th Street which was not within the required geographical radius of the construction site nor in the same Community Board as the low-income housing and community facility project. The 30th Street Venture asked Alexander's to sell 28,111 square feet of the air rights it already owned to the third party buyers (who could use them) and the 30th Street Venture would replace them with 28,111 square feet of air rights. In October 2002, the Company sold 28,111 square feet of air rights to Alexander's for an aggregate sales price of \$3,059,000 (an average of \$109 per square foot). Alexander's then sold an equal amount of air rights to the third party buyers for an aggregate sales price of \$3,339,000 (an average of \$119 per square foot).

Net Gains on Sale of Residential Condominium Units

The Company recognized net gains of \$282,000 and \$2,156,000 during 2003 and 2002, from the sale of residential condominiums.

Minority Interest

Minority interest was \$178,937,000 for the year ended December 31, 2003, compared to \$140,933,000 for the prior year, an increase of

\$38,040,000. The increase is primarily due to higher income in 2003, primarily as a result of net gains on sale of real estate of \$161,789,000, and an increase in preferred unit distributions of \$2,187,000, representing the original issuance costs on the redemption of the Series D-1 preferred units.

Discontinued Operations

Assets related to discontinued operations consist primarily of real estate, net of accumulated depreciation. The following table sets forth the balances of the assets related to discontinued operations as of December 31, 2003 and 2002.

Net gains on sales of real estate	161,789	—
Income from discontinued operations	<u>\$ 176,388</u>	<u>\$ 11,815</u>

On January 9, 2003, the Company sold its Baltimore, Maryland shopping center for \$4,752,000, which resulted in a net gain after closing costs of \$2,644,000.

On October 10, 2003, the Company sold Two Park Avenue, a 965,000 square foot office building, for \$292,000,000, which resulted in a net gain on the sale after closing costs of \$156,433,000.

On November 3, 2003, the Company sold its Hagerstown, Maryland shopping center for \$3,100,000, which resulted in a net gain on sale after closing costs of \$1,945,000.

Cumulative Effect of Change in Accounting Principle

In September 2001, the Financial Accounting Standards Board issued SFAS No. 142, *Goodwill and Other Intangible Assets* (effective January 1, 2002). SFAS No. 142 specifies that goodwill and some intangible assets will no longer be amortized but instead be subject to periodic impairment testing. In the first quarter of 2002, the Company wrote-off goodwill of approximately \$30,129,000 of which (i) \$15,490,000 represents its share of the goodwill arising from the Company's investment in Temperature Controlled Logistics and (ii) \$14,639,000 represents goodwill arising from the Company's acquisition of the Hotel Pennsylvania. The write-off was reflected as a cumulative effect of a change in accounting principle in the 2002 consolidated statement income.

- (1) Represents operations which were owned for the same period in each year and excludes non-recurring income and expenses which are included in acquisitions, dispositions and non-same store income and expenses above.
- (2) EBITDA and the same store percentage increase (decrease) were \$488,419 (\$331,886 excluding gains on sale of real estate of \$156,533) and 3.3% (excluding such gains) for the New York office portfolio and \$292,270 and (1.7%) for the CESC portfolio. 36% of the same store decrease at CESC reflects a reduction in third party net leasing fees.

- (3) The Company reflects its 60% share of Vornado Crescent Portland Partnership's (the "Landlord") rental income it receives from AmeriCold Logistics, its tenant, which leases the underlying temperature controlled warehouses used in its business. The Company's joint venture does not recognize rental income unless earned and collection is assured or cash is received. The Company did not recognize \$25,087 of rent it was due for the year ended December 31, 2003, which together with previously deferred rent is \$49,436. The tenant has advised the Landlord that (i) its revenue for the year ended December 31, 2003 from the warehouses it leases from the Landlord, is lower than last year by 1.3%, and (ii) its gross profit before rent at these warehouses for the corresponding period is higher than last year by \$607 (a 0.4% increase). In addition, in 2003, the tenant and the Landlord had lower general and administrative expenses and the Landlord received \$885 of EBITDA from its investment in the quarries it acquired in December 2002 which was reflected in the gross profit of the tenant in the prior year.

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense and depreciation and amortization included in the reconciliation of net income to EBITDA reflects amounts which are netted in income from partially-owned entities.
- (3) Operating results for the year ended December 31, 2004, reflect the consolidation of the Company's investment in Americold beginning on November 18, 2004. Previously, this investment was accounted for on the equity method. See page 92 for condensed proforma operating results of Americold for the three months ended December 31, 2004 and 2003, giving effect to the acquisition of its tenant, AmeriCold Logistics, as if it had occurred on January 1, 2003.
- (4) Other EBITDA is comprised of:

In comparing the financial results of the Company's segments on a sequential quarterly basis, the following should be noted:

- The third quarter of the Office and Merchandise Mart segments have historically been impacted by higher net utility costs than in each other quarter of the year;
- The fourth quarter of the Retail segment has historically been higher than each of the first three quarters due to the recognition of percentage rental income; and
- The second and fourth quarter of the Merchandise Mart segment have historically been higher than the first and third quarters due to major trade shows occurring in those quarters.

Below are the details of the changes by segment in EBITDA for the three months ended December 31, 2004 compared to the three months ended December 31, 2003.

(3) EBITDA and the same store percentage increase reflect the commencement of leases with WPP Group (228,000 square feet) in the third quarter of 2004 and the Chicago Sun Times (127,000 square feet) in the second quarter of 2004. EBITDA for the year ended December 31, 2004, exclusive of the incremental impact of these leases was \$31,844, representing a 2.5% same store percentage increase.

(4) Not comparable because prior to November 4, 2004, (date the operations of AmeriCold Logistics were combined with AmeriCold), the Company reflected its equity in the rent AmeriCold received from AmeriCold Logistics. Subsequent thereto, the Company reflects its equity in the operations of the combined company. See page 92 for condensed proforma operating results of AmeriCold for the three months ended December 31, 2004 and 2003, giving effect to the acquisition of its tenant, AmeriCold Logistics, as if it had occurred on January 1, 2003.

Investment in AmeriCold Realty Trust

Prior to November 18, 2004, the Company owned a 60% interest in Vornado Crescent Portland Partnership ("VCP") which owned AmeriCold Realty Trust ("AmeriCold"). AmeriCold owns 88 temperature controlled warehouses, all of which were leased to AmeriCold Logistics. On November 4, 2004, AmeriCold purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. On November 18, 2004, the Company and its 40% partner, Crescent Real Estate Equities Company ("CREI") collectively sold 20.7% of AmeriCold's common shares to The Yucaipa Companies ("Yucaipa") for \$145,000,000, which resulted in a gain, of which the Company's share was \$18,789,000. The sale price was based on a \$1.450 billion valuation for AmeriCold before debt and other obligations. Yucaipa is a private equity firm with significant expertise in the food distribution, logistics and retail industries. Upon closing of the sale to Yucaipa on November 18, 2004, AmeriCold is owned 47.6% by the Company, 31.7% by CREI and 20.7% by Yucaipa. Pursuant to the sales agreement: (i) Yucaipa may earn a promote of 20% of the increase in the value of AmeriCold through December 31, 2007, limited to 10% of the Company's and CREI's remaining interest in AmeriCold; (ii) the annual asset management fee payable by CREI to the Company has been reduced from approximately \$5,500,000 to \$4,548,000, payable quarterly through October 30, 2027. CREI, at its option, may terminate the payment of this fee at any time after November 2009, by paying the Company a termination fee equal to the present value of the remaining payments

through October 30, 2007, discounted at 10%. In addition, CEI is obligated to pay a pro rata portion of the termination fee to the extent it sells a portion of its equity interest in Americold; and (iii) VCPV was dissolved. The Company has the right to appoint three of the five members to Americold's Board of Trustees. Consequently, the Company is deemed to exercise control over Americold and, on November 18, 2004, the Company began to consolidate the operations and financial position of Americold into its accounts and no longer accounts for its investment on the equity method.

The following is a pro forma presentation of the results of operations of Americold for the three months and years ended December 31, 2004 and 2003, giving effect to the acquisition of AmeriCold Logistics as if it had occurred on January 1, 2003.

EBITDA	\$ 115,867	\$ 139,763	\$ 32,752	\$ 38,114
Same store % increase (decrease)	(5.3)%		.8%	

Revenue was \$701,707,000 for the year ended December 31, 2004, compared to \$655,286,000 for the year ended December 31, 2003, an increase of \$46,421,000. The increase in revenue for the year ended December 31, 2004 was primarily due to (i) \$36,406,000 from Americold's transportation management services business from both new and existing customers, (ii) \$6,692,000 from new managed warehouse contracts, net of a contract termination in the fourth quarter of 2004 and (iii) an increase in handling and accessorial services.

92

Gross margin from owned warehouses was \$150,515,000 or 34.4%, for the year ended December 31, 2004, compared to \$159,909,000, or 36.9%, for the year ended December 31, 2003, a decrease of \$9,394,000. This decrease was primarily attributable to (i) lower productivity related to new business at the Atlanta warehouses, (ii) lower average occupancy at the Carthage warehouse and (iii) a change in revenue mix as higher margin storage revenues declined and lower margin handling revenues increased.

Gross margin from other operations (i.e., transportation, management services and managed warehouses) was \$5,221,000 for the year ended December 31, 2004, compared to \$13,093,000 for the year ended for the year ended December 31, 2003, a decrease of \$7,872,000. This decrease was primarily the result of (i) a \$5,062,000 change in the estimate of unbilled transportation revenue, (ii) lower margins in the transportation management services business due to tightened truck supply in 2004 as a result of new legislation reducing the hours that drivers are permitted to drive in a day, partially offset by (iii) an increase in gross margin from new and existing managed warehouse customers.

Interest expense was \$52,285,000 for the year ended December 31, 2004, compared to \$41,634,000 for the year ended December 31, 2003, an increase of \$10,651,000. The increase was primarily due to higher average debt outstanding as Americold obtained a mortgage financing on 28 of its unencumbered properties in February 2004.

General and administrative expense was \$32,940,000 for the year ended December 31, 2004, compared to \$35,355,000 for the prior year, a decrease of \$2,415,000. This decrease resulted primarily from a lower bonus provision.

Other expense, net, was \$11,137,000 for the year ended December 31, 2004, compared to other income, net, of \$601,000 for the year ended December 31, 2003, a decrease of \$11,738,000. This decrease resulted primarily from (i) \$7,569,000 for the write-off of the remaining net book value of two vacant warehouse facilities and assets related to a managed warehouse contract that was terminated 2004, (ii) \$2,241,000 of income in 2003 resulting from a tax refund, and (iii) a gain of \$850,000 in 2003 resulting from a sale of warehouse.

Loan and Compensation Agreements

In accordance with the terms of the employment arrangement with Steven Roth, the Company's Chief Executive Officer, and subject to a letter agreement dated November 1999, Mr. Roth may draw up to \$15,000,000 of loans on a revolving basis. Each loan bears interest, payable quarterly, at the applicable Federal rate on the date the loan is made and matures on the sixth anniversary of such loan. Loans are collateralized by assets with a value of not less than two times the amount outstanding. At December 31, 2004, the outstanding balance under this arrangement was \$13,122,500 (of which \$4,704,500 is shown as a reduction in shareholders' equity). The amount outstanding matures in January 2006 and bears interest at a weighted average rate of 4.49% per annum.

At December 31, 2004, the balance of the loan due from Michael Fascitelli, the Company's President, in accordance with his employment agreement was \$8,600,000. The loan matures in December 2006 and bears interest, payable quarterly, at a weighted average rate of 3.97% (based on the applicable Federal rate).

Effective January 1, 2002, the Company extended its employment agreement with Mr. Fascitelli for a five-year period through December 31, 2006. Pursuant to the extended employment agreement, Mr. Fascitelli is entitled to receive a deferred payment on December 31, 2006 of 626,566 Vornado common shares which are valued for compensation purposes at \$27,500,000 (the value of the shares on March 8, 2002, the date the extended employment agreement was executed). The shares are held in a rabbi trust for the benefit of Mr. Fascitelli and vested 100% on December 31, 2002. The extended employment agreement does not permit diversification, allows settlement of the deferred compensation obligation by delivery of these shares only, and permits the deferred delivery of these shares. The value of these shares was amortized ratably over the one-year vesting period as compensation expense.

Pursuant to the Company's annual compensation review in February 2002 with Joseph Macnow, the Company's Chief Financial Officer, the Compensation Committee approved a \$2,000,000 loan to Mr. Macnow, bearing interest at the applicable federal rate of 4.65% per annum and due in

June 2007. The loan was funded on July 23, 2002 and is collateralized by assets with a value of not less than two times the loan amount.

On March 11, 2004, the Company loaned \$2,000,000 to Melvyn Blum, an executive officer of the Company, pursuant to the revolving credit facility contained in his January 2000 employment agreement. The loan bears interest at 1.57% per annum (the Federal rate) and is due in March 2007.

On February 22, 2005, the Company and Sandeep Mathrani, Executive Vice President – Retail Division, entered into a new employment agreement. Pursuant to the agreement, the Company granted Mr. Mathrani (i) 16,836 restricted shares of the Company's stock, (ii) stock options to acquire 300,000 of the Company's common shares at an exercise price of \$71.275 per share and (iii) the right to receive 200,000 stock options over the next two years at the then prevailing market price. In addition, Mr. Mathrani repaid the \$500,000 loan the Company provided him under his prior employment agreement.

Transactions with Affiliates and Officers and Trustees of the Company

Alexander's

The Company owns 33% of Alexander's. Mr. Roth and Mr. Fascitelli are Officers and Directors of Alexander's, the Company provides various services to Alexander's in accordance with management, development and leasing agreements and the Company has made loans to Alexander's aggregating \$124,000,000 at December 31, 2004. These agreements and the loans are described in Note 5 - Investments in Partially-Owned Entities to the Company's consolidated financial statements in this annual report on Form 10-K/A. In addition, in 2002, the Company sold air rights to Alexander's, details of which are provided in Note 3 – Acquisitions and Dispositions to the Company's consolidated financial statements in this annual report on Form 10-K/A.

Interstate Properties

As of December 31, 2004, Interstate Properties and its partners beneficially owned approximately 10.8% of the common shares of beneficial interest of the Company and 27.4% of Alexander's common stock. Interstate Properties is a general partnership in which Steven Roth, David Mandelbaum and Russell B. Wight, Jr. are the partners. Mr. Roth is the Chairman of the Board and Chief Executive Officer of the Company, the managing general partner of Interstate Properties, and the Chief Executive Officer and a director of Alexander's. Messrs. Mandelbaum and Wight are trustees of the Company and also directors of Alexander's.

The Company manages and leases the real estate assets of Interstate Properties pursuant to a management agreement for which the Company receives an annual fee equal to 4% of base rent and percentage rent. The management agreement has a term of one year and is automatically renewable unless terminated by either of the parties on sixty days' notice at the end of the term. The Company believes based upon comparable fees charged by other real estate companies that its terms are fair to the Company. The Company earned \$726,000, \$703,000 and \$747,000 of management fees under the management agreement for the years ended December 31, 2004, 2003 and 2002. In addition, during fiscal years 2003 and 2002, as a result of a previously existing leasing arrangement with Alexander's, Alexander's paid to Interstate \$587,000 and \$703,000, respectively, for the leasing and other services actually rendered by the Company. Upon receipt of these payments, Interstate promptly paid them over to the Company without retaining any interest therein. This arrangement was terminated at the end of 2003 and all payments by Alexander's thereafter for these leasing and other services are made directly to the Company.

Vornado Operating Company ("Vornado Operating")

In October 1998, Vornado Operating was spun off from the Company in order to own assets that the Company could not itself own and conduct activities that the Company could not itself conduct. Vornado Operating's primary asset was its 60% investment in AmeriCold Logistics, which leased 88 refrigerated warehouses from AmeriCold, owned 60% by the Company. The Company granted Vornado Operating a \$75,000,000 unsecured revolving credit facility that was to expire on December 31, 2004. Borrowings under the revolving credit facility bore interest at LIBOR plus 3%. The Company received a commitment fee equal to 1% per annum on the average daily unused portion of the facility. At the time of its dissolution referred to below, Vornado Operating had outstanding 4,068,924 shares and its operating partnership had outstanding 447,017 units. At such time, trustees and officers of the Company held approximately 24.3% of the common shares and units of Vornado Operating. In addition, Messrs. Roth, Fascitelli, Macnow, Wight and West each served as an officer and/or director of Vornado Operating.

On December 31, 2002, the Company and Crescent Real Estate Equities formed a joint venture to acquire the Carthage, Missouri and Kansas City, Kansas quarries from AmeriCold Logistics for \$20,000,000 in cash (appraised value). The Company contributed cash of \$8,800,000 to the joint venture representing its 44% interest. AmeriCold Logistics used the proceeds from the sale to repay a portion of a loan to Vornado Operating. Vornado Operating then repaid \$9,500,000 of the amount outstanding under the Company's revolving credit facility. In addition, during 2004 and 2003, this joint venture acquired \$21,930,000 and \$5,720,000 of trade receivables from AmeriCold Logistics for \$21,500,000 and \$5,606,000, respectively. These receivables were subsequently collected in full.

On November 4, 2004, AmeriCold purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. As part of this transaction, Vornado Operating repaid the \$21,989,000 balance of the loan to the Company as well as \$4,771,000 of unpaid interest. Because the Company fully reserved for the interest income on this loan beginning in January 2002, it recognized \$4,771,000 of income upon collection in the fourth quarter 2004.

In November 2004, a class action shareholder derivative lawsuit was brought in the Delaware Court of Chancery against Vornado Operating Company ("Vornado Operating"), its directors and the Company. The lawsuit sought to enjoin the dissolution of Vornado Operating, rescind the previously completed sale of AmeriCold Logistics (owned 60% by Vornado Operating) to AmeriCold Realty Trust (owned 60% by the Company) and damages. In addition, the plaintiffs claimed that the Vornado Operating directors breached their fiduciary duties. On November 24, 2004, a stipulation of settlement was entered into under which the Company agreed to settle the lawsuit with a payment of approximately \$4.5 million or about \$1 per Vornado Operating share or partnership unit before litigation expenses. The proposed settlement payment would be in addition to the liquidation distribution of \$2 per Vornado Operating share or unit that Vornado Operating made to its equity-holders when it dissolved on December 29, 2004. On January 20, 2005, the Delaware Court of Chancery postponed deciding upon the proposed settlement and requested further but limited information before holding an additional hearing regarding the settlement, which has been scheduled for March 2005. The Company has accrued the proposed settlement payment and related legal costs as part of "general and administrative expense" in the fourth quarter of 2004. The Company believes that the ultimate outcome of this matter will not have a material effect on the Company's consolidated financial statements.

Other

On January 1, 2003, the Company acquired BMS, a company which provides cleaning and related services principally to the Company's

Manhattan office properties, for \$13,000,000 in cash from the estate of Bernard Mendik and certain other individuals including David R. Greenbaum, an executive officer of the Company. The Company paid BMS \$53,024,000, for the year ended December 31, 2002 for services rendered to the Company's Manhattan office properties. Although the terms and conditions of the contracts pursuant to which these services were provided were not negotiated at arms length, the Company believes based upon comparable amounts charged to other real estate companies that the terms and conditions of the contracts were fair to the Company.

On August 4, 2003, the Company completed the acquisition of 2101 L Street, a 370,000 square foot office building located in Washington D.C. The consideration for the acquisition consisted of approximately 1.1 million newly issued Operating Partnership units (valued at approximately \$49,517,000) and the assumption of existing mortgage debt and transaction costs totaling approximately \$32,000,000. Robert H. Smith and Robert P. Kogod, trustees of Vornado, together with family members owned approximately 24 percent of the limited partnership that sold the building and Mr. Smith was a general partner. On August 5, 2003, the Company repaid the mortgage of \$29,056,000.

On October 7, 2003, the Company acquired a 2.5% interest in the planned redevelopment of Waterfront, located at 401 M Street, a mixed-use project in Washington D.C. for \$2,171,000, of which the Company paid \$1,545,000 in cash and issued 12,500 Vornado Realty L.P. partnership units valued at \$626,000. The partnership units were issued to Mitchell N. Schear, one of the partners in the Waterfront interest, and the President of the Company's CESC division.

On July 1, 2004, the Company acquired the Marriott hotel located in its Crystal City office complex from a limited partnership in which Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members own approximately 67 percent. The purchase price of \$21,500,000 was paid in cash. The hotel contains 343 rooms and is leased to an affiliate of Marriott International, Inc. until July 31, 2015, with one 10-year extension option. The land under the hotel was acquired in 1999.

On October 1, 2004, the Company increased its ownership interest in the Investment Building in Washington, D.C. to 5% by acquiring an additional 2.8% interest for \$2,240,000 in cash. The Company's original interest in the property was acquired in connection with the acquisition of the Kaempfer Company in April 2003. Mitchell N. Schear, President of the Company's CESC division and other former members of Kaempfer management were also partners in the Investment Building partnership.

During 2002, the Company paid approximately \$147,000 for legal services to a firm in which one of the Company's trustees is a member.

Liquidity and Capital Resources

The Company anticipates that cash from continuing operations over the next twelve months will be adequate to fund its business operations, dividends to shareholders and distributions to unitholders of the Operating Partnership and recurring capital expenditures, and together with existing cash balances will be greater than its anticipated cash requirements including development and redevelopment expenditures and debt amortization. Capital requirements for significant acquisitions may require funding from borrowings or equity offerings.

As at December 31, 2004, the Company has an effective shelf registration under which the Company can offer an aggregate of approximately \$397,990,000 of equity securities and Vornado Realty L.P. can offer an aggregate of \$1,550,770,000 of debt securities. On January 26, 2005, the Company filed a registration statement to increase the amount of equity and debt securities that can be offered to up to \$2.5 billion and \$5.0 billion, respectively. On February 3, 2005, the registration statement was declared effective.

Certain Future Cash Requirements

For 2005 the Company has budgeted approximately \$180,000,000 for capital expenditures excluding acquisitions as follows:

(Amounts in millions except square foot data)	Total	New York Office	CESC Office	Retail	Merchandise Mart	Other(1)

(1) Hotel Pennsylvania, Paramus Office and Warehouses.

During the year ended December 31, 2004, actual cash basis capital expenditures and leasing commissions were \$186,850,000, as compared to a budget of \$194,200,000.

In addition to the capital expenditures reflected above, the Company is currently engaged in certain development and redevelopment projects for which it has budgeted approximately \$470,000,000. Of this amount \$310,000,000 is estimated to be expended in 2005.

The table above excludes Americold's 2005 budget of \$23,000,000 for capital expenditures as Americold is expected to fund these expenditures without contributions from the Company. In addition, no cash requirements have been budgeted for the capital expenditures of Alexander's, Newkirk MLP, or any other entity that is partially owned by the Company. These investees are also expected to fund their own cash requirements.

Financing Activities and Contractual Obligations

Below is a schedule of the Company's contractual obligations and commitments at December 31, 2004.

At December 31, 2004, the Company has \$567,851,000 available under its \$600,000,000 revolving credit facility (\$32,149,000 was utilized for letters of credit), which matures in July 2006. Further, the Company has a number of properties that are unencumbered.

The Company's credit facility contains customary conditions precedent to borrowing such as the bring down of customary representations and warranties as well as compliance with financial covenants such as minimum interest coverage and maximum debt to market capitalization. The facility provides for higher interest rates in the event of a decline in the Company's ratings below Baa3/BBB. This facility also contains customary events of default that could give rise to acceleration and include such items as failure to pay interest or principal and breaches of financial covenants such as maintenance of minimum capitalization and minimum interest coverage.

The Company carries comprehensive liability and all risk property insurance ((i) fire, (ii) flood, (iii) extended coverage, (iv) "acts of terrorism" as defined in the Terrorism Risk Insurance Act of 2002 which expires in 2005 and (v) rental loss insurance) with respect to its assets. In April 2004, the Company reviewed its all risk policies and increased its coverage for Acts of Terrorism for each of its New York Office, CESCO Office, Retail and Merchandise Mart divisions. Below is a summary of the all risk property insurance and terrorism risk insurance for each of the Company's business segments:

	Coverage Per Occurrence	
	All Risk(1)	Sub-Limits for Acts of Terrorism
New York Office	\$ 1,400,000,000	\$ 750,000,000
CESCO Office	1,400,000,000	750,000,000
Retail	500,000,000	500,000,000
Merchandise Mart	1,400,000,000	750,000,000
Temperature Controlled Logistics	225,000,000	225,000,000

(1) Limited as to terrorism insurance by the sub-limit shown in the adjacent column.

In addition to the coverage above, the Company carries lesser amounts of coverage for terrorist acts not covered by the Terrorism Risk Insurance Act of 2002.

The Company's debt instruments, consisting of mortgage loans secured by its properties (which are generally non-recourse to the Company), its senior unsecured notes due 2007, 2009 and 2010 and its revolving credit agreement, contain customary covenants requiring the Company to maintain insurance. Although the Company believes that it has adequate insurance coverage under these agreements, the Company may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further if lenders insist on greater coverage than the Company is able to obtain, or if the Terrorism Risk Insurance Act of 2002 is not extended; it could adversely affect the Company's ability to finance and/or refinance its properties and expand its portfolio.

In conjunction with the closing of Alexander's Lexington Avenue construction loan on July 3, 2002, the Company agreed to guarantee to the construction lender, the lien free, timely completion of the construction of the project and funding of all project costs in excess of a stated budget, as defined in the loan agreement, if not funded by Alexander's.

Cash Flows for the Year Ended December 31, 2004

Cash and cash equivalents were \$599,282,000 at December 31, 2004, as compared to \$320,542,000 at December 31, 2003, an increase of \$278,740,000.

Cash flows provided by operating activities of \$681,433,000 was primarily comprised of (i) net income of \$592,917,000, (ii) adjustments for non-cash items of \$53,699,000, (iii) distributions of income from partially-owned entities of \$16,740,000, and (iv) a net change in operating assets and liabilities of \$18,077,000. The adjustments for non-cash items were primarily comprised of (i) depreciation and amortization of \$253,822,000 (ii) minority interest of \$156,608,000, partially offset by (iii) net gains on mark-to-market of derivatives of \$135,372,000 (Sears option shares and GMH warrants), (iv) net gains on sale of real estate of \$75,755,000, (v) net gains on dispositions of wholly-owned and partially-owned assets other than real estate of \$19,775,000, (vi) the effect of straight-lining of rental income of \$61,473,000, (vii) equity in net income of partially-owned entities and income applicable to Alexander's of \$51,961,000, and (viii) amortization of below market leases, net of \$14,570,000.

Net cash used in investing activities of \$367,469,000 was primarily comprised of (i) capital expenditures of \$117,942,000, (ii) development and redevelopment expenditures of \$139,669,000, (iii) investment in notes and mortgages receivable of \$330,101,000, (iv) investments in partially-owned entities of \$158,467,000, (v) acquisitions of real estate and other of \$286,310,000, (vi) purchases of marketable securities of \$59,714,000 partially offset by, (vii) proceeds from the sale of real estate of \$233,005,000 (viii) distributions of capital from partially-owned entities of \$287,005,000, (ix) repayments on notes receivable of \$174,276,000, (x) cash received upon consolidation of Americold Realty Trust of \$21,694,000 and (xi) cash restricted primarily for mortgage escrows of \$8,754,000.

Net cash used in financing activities of \$35,224,000 was primarily comprised of (i) dividends paid on common shares of \$379,488,000,

(ii) dividends paid on preferred shares of \$21,920,000, (iii) distributions to minority partners of \$131,142,000, (iv) repayments of borrowings of \$702,823,000, (v) redemption of perpetual preferred shares and units of \$112,467,000, partially offset by, proceeds from (vi) borrowings of \$745,255,000, (vii) proceeds from the issuance of preferred shares and units of \$510,739,000 and (viii) the exercise of employee share options of \$61,935,000.

Below are the details of capital expenditures, leasing commissions and development and redevelopment expenditures and a reconciliation of total expenditures on an accrual basis to the cash expended in the year ended December 31, 2004. See page 58 for per square foot data.

Capital expenditures are categorized as follows:

Recurring — capital improvements expended to maintain a property's competitive position within the market and tenant improvements and leasing commissions for costs to re-lease expiring leases or renew or extend existing leases.

Non-recurring — capital improvements completed in the year of acquisition and the following two years which were planned at the time of acquisition and tenant improvements and leasing commissions for space which was vacant at the time of acquisition of a property.

Development and redevelopment expenditures include all hard and soft costs associated with the development or redevelopment of a property, including tenant improvements, leasing commissions and capitalized interest and operating costs until the property is substantially complete and ready for its intended use.

Cash Flows for the Year Ended December 31, 2003

Cash and cash equivalents were \$320,542,000 at December 31, 2003, as compared to \$208,200,000 at December 31, 2002, an increase of \$112,342,000.

Cash flow provided by operating activities of \$535,617,000 was primarily comprised of (i) net income of \$460,703,000, (ii) adjustments for non-cash items of \$99,985,000, (iii) distributions of income from partially-owned entities of \$6,666,000, partially offset by (iv) the net change in operating assets and liabilities of \$31,737,000. The adjustments for non-cash items were primarily comprised of (i) depreciation and amortization of \$219,911,000, (ii) minority interest of \$178,675,000, partially offset by, (iii) gains on sale of real estate of \$161,789,000, (iv) the effect of straight-lining of rental income of \$41,947,000, (v) equity in net income of partially-owned entities and Alexander's of \$83,475,000 and (vi) amortization of below market leases, net of \$9,047,000.

Funds From Operations ("FFO")

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as net income or loss determined in accordance with Generally Accepted Accounting Principles ("GAAP"), excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated operating real estate assets, plus specified non-cash items, such as real estate asset depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. FFO and FFO per diluted share are used by management, investors and industry analysts as supplemental measures of operating performance of equity REITs. FFO and FFO per diluted share should be evaluated along with GAAP net income and income per diluted share (the most directly comparable GAAP measures), as well as cash flow from operating activities, investing activities and financing activities, in evaluating the operating performance of equity REITs. Management believes that FFO and FFO per diluted share are helpful to investors as supplemental performance measures because these measures exclude the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs which implicitly assumes that the value of real estate diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, these non-GAAP measures can facilitate comparisons of operating performance between periods and among other equity REITs. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs as disclosed in the Company's Statements of Cash Flows. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity. The calculations of both the numerator and denominator used in the computation of income per share are disclosed in Note 16 - Income per Share, in the Company's notes to consolidated financial statements on page 153 of this Annual Report on Form 10-K/A.

FFO applicable to common shares plus assumed conversions was \$750,043,000, or \$5.63 per diluted share for the year ended December 31, 2004, compared to \$518,242,000, or \$4.44 per diluted share for the year ended December 31, 2003, an increase of \$231,801,000 or \$1.19 per share. FFO applicable to common shares plus assumed conversions was \$299,441,000 or \$2.22 per diluted share for the three months ended December 31, 2004, compared to \$130,729,000, or \$1.08 per diluted share for the three months ended December 31, 2003, an increase of \$168,712,000 or \$1.14 per share.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company has exposure to fluctuations in market interest rates. Market interest rates are highly sensitive to many factors, beyond the control of the Company. Various financial vehicles exist which would allow management to mitigate the impact of interest rate fluctuations on the Company's cash flows and earnings.

As of December 31, 2004, the Company has an interest rate swap as described in footnote 1 to the table below. In addition, during 2003 the Company purchased two interest rate caps with notional amounts aggregating \$295,000,000, and simultaneously sold two interest rate caps with the same aggregate notional amount on substantially the same terms as the caps purchased. As the significant terms of these arrangements are the same, the effects of a revaluation of these instruments are expected to substantially offset one another. Management may engage in additional hedging strategies in the future, depending on management's analysis of the interest rate environment and the costs and risks of such strategies.

The Company's exposure to a change in interest rates on its consolidated and non-consolidated debt (all of which arises out of non-trading activity) is as follows:

(\$ in thousands, except per share amounts)	2004			2003		
	December 31, Balance	Weighted Average Interest Rate	Effect of 1% Change In Base Rates	December 31, Balance	Weighted Average Interest Rate	
Consolidated debt:						
Variable rate(1)	\$ 1,114,981	3.45%	\$ 11,150	\$ 1,270,899	2.22%	
Fixed rate	3,841,530	6.68%	—	2,906,566	7.19%	
	\$ 4,956,511	5.95%	11,150	\$ 4,177,465	5.68%	
Debt of non-consolidated entities:						
Variable rate	\$ 122,007	4.67%	1,220	\$ 153,140	3.64%	

Fixed rate	547,935	6.73%	—	777,427	7.07%
	<u>\$ 669,942</u>	6.36%	<u>1,220</u>	<u>\$ 930,567</u>	6.51%
Minority interest			<u>(1,583)</u>		
Total change in the Company's annual net income			<u>\$ 10,787</u>		
Per share-diluted			<u>\$.08</u>		

(1) Includes \$512,791 and \$525,279, respectively, for the Company's senior unsecured notes due 2007, as the Company entered into interest rate swap agreements that effectively converted the interest rate from a fixed rate of 5.625% to a floating rate of LIBOR plus .7725%, based upon the trailing 3 month LIBOR rate (2.57% at December 31, 2004). In accordance with SFAS No. 133: Accounting for Derivative Instruments and Hedging Activities, as amended, accounting for these swaps requires the Company to fair value the debt at each reporting period. At December 31, 2004 and 2003, the fair value adjustment was \$13,148 and \$25,780, and is included in the balance of the senior unsecured notes above.

The fair value of the Company's debt, based on discounted cash flows at the current rate at which similar loans would be made to borrowers with similar credit ratings for the remaining term of such debt, exceeds the aggregate carrying amount by approximately \$256,518,000 at December 31, 2004.

As of December 31, 2004, the Company has mezzanine loans receivable of \$440,186,000. The Company receives interest on these loans based on a floating rate (a fixed spread plus 30, 60 or 90 day LIBOR). The Company believes that a portion of its exposure to a change in interest rates on its floating rate debt, as illustrated above, is mitigated by the outstanding balances of these loans receivable.

105

Derivative Instruments

As of December 31, 2004, the Company has the following derivative instruments that do not qualify for hedge accounting treatment:

The Company has an economic interest in 7,916,900 Sears common shares through a series of privately negotiated transactions with a financial institution pursuant to which the Company purchased a call option and simultaneously sold a put option at the same strike price on Sears common shares. These call and put options have an initial weighted-average strike price of \$39.82 per share, or an aggregate of \$315,250,000, expire in April 2006 and provide for net cash settlement. Under these agreements, the strike price for each pair of options increases at an annual rate of LIBOR plus 45 basis points and is credited for the dividends received on the shares. The options provide the Company with the same economic gain or loss as if it had purchased the underlying common shares and borrowed the aggregate strike price at an annual rate of LIBOR plus 45 basis points. Because these options are derivatives and do not qualify for hedge accounting treatment, the gains or losses resulting from the mark-to-market of the options at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. During the year ended December 31, 2004, the Company recorded net income of \$81,730,000, comprised of (i) \$88,782,000 from the mark-to-market of the options on December 31, 2004, based on Sears' closing stock price of \$51.03 per share and (ii) \$2,295,000 for accrued dividends, partially offset by (i) \$5,972,000 for a performance-based participation, (ii) \$2,371,000 for the increase in strike price resulting from the LIBOR charge and (iii) \$1,004,000 of professional fees.

Under a warrant agreement with GMH Communities L.P., the Company's holds 5.6 million warrants to purchase partnership units of GMH at an adjusted exercise price of \$8.99 per share. Because these warrants are derivatives and do not qualify for hedge accounting treatment, the gains or losses resulting from the mark-to-market of the warrants at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. In the quarter ended December 31, 2004, the Company recognized income of \$24,190,000 from the mark-to-market of these warrants based on GCT's closing stock price on the NYSE of \$14.10 per share on December 31, 2004.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders and Board of Trustees
Vornado Realty Trust
New York, New York

We have audited the accompanying consolidated balance sheets of Vornado Realty Trust (the "Company") as of December 31, 2004 and 2003, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2004. Our audits also included the financial statement schedules included in Item 15. These financial statements and financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the

accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Vornado Realty Trust at December 31, 2004 and 2003, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

As discussed in Note 2 to the consolidated financial statements, on January 1, 2002, the Company applied the provisions of Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets."

As discussed in Note 21, the accompanying consolidated statements of cash flows for each of the three years in the period ended December 31, 2004 have been restated.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of the Company's internal control over financial reporting as of December 31, 2004, based on the criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 24, 2005 (June 8, 2005 as to the effects of the material weakness described in Management's Report on Internal Control Over Financial Reporting (as revised)) expressed an unqualified opinion on management's assessment of the effectiveness of the Company's internal control over financial reporting and an adverse opinion on the effectiveness of the Company's internal control over financial reporting because of a material weakness.

VORNADO REALTY TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Business

Vornado Realty Trust is a fully-integrated real estate investment trust ("REIT") and conducts its business through Vornado Realty L.P., a Delaware limited partnership (the "Operating Partnership"). All references to the "Company" and "Vornado" refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership. Vornado is the sole general partner of, and owned approximately 87% of the common limited partnership interest in, the Operating Partnership at December 31, 2004.

The Company currently owns directly or indirectly:

Office Properties ("Office"):

- (i) all or portions of 86 office properties aggregating approximately 27.6 million square feet in the New York City metropolitan area (primarily Manhattan) and in the Washington D.C. and Northern Virginia area;

Retail Properties ("Retail"):

- (ii) 94 retail properties in seven states and Puerto Rico aggregating approximately 14.2 million square feet, including 2.8 million square feet built by tenants on land leased from the Company;

Merchandise Mart Properties:

- (iii) 8.6 million square feet of showroom and office space, including the 3.4 million square foot Merchandise Mart in Chicago;

Temperature Controlled Logistics:

- (iv) a 47.6% interest in Americold Realty Trust which owns and operates 88 cold storage warehouses nationwide;

Other Real Estate Investments:

- (v) 33% of the outstanding common stock of Alexander's, Inc. ("Alexander's") which has six properties in the greater New York metropolitan area;
- (vi) the Hotel Pennsylvania in New York City consisting of a hotel portion containing 1.0 million square feet with 1,700 rooms and a commercial portion containing 0.4 million square feet of retail and office space;
- (vii) a 22.4% interest in The Newkirk Master Limited Partnership ("Newkirk MLP") which owns office, retail and industrial properties net leased primarily to credit rated tenants, and various debt interests in such properties;
- (viii) seven dry warehouse/industrial properties in New Jersey containing approximately 1.7 million square feet;
- (ix) mezzanine loans to real estate related companies; and
- (x) interests in other real estate including a 12.25% interest in GMH Communities L.P. (which owns and manages student and military housing properties throughout the United States), other investments and marketable securities.

2. Summary of Significant Accounting Policies

Basis of Presentation: The accompanying consolidated financial statements include the accounts of Vornado Realty Trust and its majority-owned subsidiary, Vornado Realty L.P. All significant intercompany amounts have been eliminated. The Company accounts for its unconsolidated partially-owned entities on the equity method of accounting. See below for further details of the Company's accounting policies regarding partially-owned entities.

The Company's consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ materially from those estimates.

Reclassifications: Certain prior year balances have been reclassified in order to conform to current year presentation. The Company has also adjusted certain prior year balances to separately present common shares issued to officer's trust.

Real Estate: Real estate is carried at cost, net of accumulated depreciation and amortization. Betterments, major renewals and certain costs directly related to the acquisition, improvement and leasing of real estate are capitalized. Maintenance and repairs are charged to operations as incurred. For redevelopment of existing operating properties, the net book value of the existing property under redevelopment plus the cost for the construction and improvements incurred in connection with the redevelopment are capitalized to the extent the capitalized costs of the property do not exceed the estimated fair value of the redeveloped property when complete. If the cost of the redeveloped property, including the undepreciated net book value of the property carried forward, exceeds the estimated fair value of redeveloped property, the excess is charged to expense. Depreciation is provided on a straight-line basis over the assets' estimated useful lives which range from 7 to 40 years. Tenant allowances are amortized on a straight-line basis over the lives of the related leases, which approximates the useful lives of the assets. Additions to real estate include interest expense capitalized during construction of \$8,718,000 and \$5,407,000, for the years ended December 31, 2004 and 2003, respectively.

Upon acquisitions of real estate, the Company assesses the fair value of acquired assets (including land, buildings and improvements, and identified intangibles such as above and below market leases and acquired in-place leases and customer relationships) and acquired liabilities in accordance with Statement of Financial Accounting Standards ("SFAS") No. 141: Business Combinations and SFAS No. 142: Goodwill and Other Intangible Assets, and allocates purchase price based on these assessments. The Company assesses fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. The Company's properties, including any related intangible assets, are reviewed for impairment if events or circumstances change indicating that the carrying amount of the assets may not be recoverable.

Partially-Owned Entities: The Company considers APB 18: The Equity Method of Accounting for Investments in Common Stock, SOP 78-9: Accounting for Investments in Real Estate Ventures, Emerging Issues Task Force ("EITF") 96-16: Investors Accounting for an Investee When the Investor has the Majority of the Voting Interest but the Minority Partners have Certain Approval or Veto Rights and FASB Interpretation No. 46 (Revised 2003): Consolidation of Variable Interest Entities – An Interpretation of ARB No. 51 ("FIN 46R"), to determine the method of accounting for each of its partially-owned entities. In determining whether the Company has a controlling interest in a partially-owned entity and the requirement to consolidate the accounts of that entity, it considers factors such as ownership interest, board representation, management representation, authority to make decisions, and contractual and substantive participating rights of the partners/members as well as whether the entity is a variable interest entity in which it will absorb the majority of the entity's expected losses, if they occur, or receive the majority of the expected residual returns, if they occur, or both. The Company has concluded that it does not control a partially-owned entity, despite an ownership interest of 50% or greater, if the entity is not considered a variable interest entity and the approval of all of the partners/members is contractually required with respect to major decisions, such as operating and capital budgets, the sale, exchange or other disposition of real property, the hiring of a chief executive officer, the commencement, compromise or settlement of any lawsuit, legal proceeding or arbitration or the placement of new or additional financing secured by assets of the venture. This is the case with respect to the Company's 80% interest in Starwood Ceruzzi Venture, and 50% interests in Monmouth Mall, MartParc Wells, MartParc Orleans, and 825 Seventh Avenue.

2. Summary of Significant Accounting Policies - continued

Identified Intangible Assets and Goodwill: Upon an acquisition of a business the Company records intangible assets acquired at their estimated fair value separate and apart from goodwill. The Company amortizes identified intangible assets that are determined to have finite lives which are based on the period over which the assets are expected to contribute directly or indirectly to the future cash flows of the business acquired. Intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized if the carrying amount of an intangible asset is not recoverable and its carrying amount exceeds its estimated fair value.

The excess of the cost of an acquired entity over the net of the amounts assigned to assets acquired (including identified intangible assets) and liabilities assumed is recorded as goodwill. Goodwill is not amortized but is tested for impairment at a level of reporting referred to as a reporting unit on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired. An impairment loss for an asset group is allocated to the long-lived assets of the group on a pro-rata basis using the relative carrying amounts of those assets, unless the fair value of specific components of the reporting group are determinable without undue cost and effort.

As of December 31, 2004 and 2003, the carrying amounts of the Company's identified intangible assets are \$176,314,000 and \$130,875,000 and the carrying amounts of goodwill are \$10,425,000 and \$4,345,000, respectively. Such amounts are included in "other assets" on the Company's consolidated balance sheets. In addition, the Company has \$71,272,000 and \$47,359,000 of identified intangible liabilities as of December 31, 2004 and 2003, which are included in "deferred credit" on the Company's consolidated balance sheets.

Upon adoption of SFAS No. 142 on January 1, 2002, the Company tested the goodwill related to the Hotel Pennsylvania acquisition and the Temperature Controlled Logistics business for impairment. As the carrying amounts of the respective goodwill exceeded the fair values, the Company wrote-off all of the goodwill as an impairment loss totaling \$30,129,000 and has reflected the write-off as a cumulative effect of change in accounting principle on the Company's consolidated statement of income for the year ended December 31, 2002.

Cash and Cash Equivalents: Cash and cash equivalents consist of highly liquid investments purchased with original maturities of three months or less. Cash and cash equivalents do not include cash escrowed under loan agreements and cash restricted in connection with an officer's deferred compensation payable.

Allowance for Doubtful Accounts: The Company periodically evaluates the collectibility of amounts due from tenants and maintains an allowance for doubtful accounts for estimated losses resulting from the inability of tenants to make required payments under the lease agreements. The Company also maintains an allowance for receivables arising from the straight-lining of rents. This receivable arises from earnings recognized in excess of amounts currently due under the lease agreements. Management exercises judgment in establishing these allowances and considers payment history and current credit status in developing these estimates.

Marketable Securities: The Company has classified debt and equity securities which it intends to hold for an indefinite period of time as securities available-for-sale; equity securities it intends to buy and sell on a short term basis as trading securities; and mandatory redeemable preferred stock investments as securities held to maturity. Unrealized gains and losses on trading securities are included in earnings. Unrealized gains and losses on securities available-for-sale are included as a component of shareholders' equity and other comprehensive income. Realized gains or losses on the sale of securities are recorded based on specific identification. A portion of the Company's preferred stock investments are accounted for in accordance with EITF 99-20: Recognition of Interest Income and Impairment on Purchased and Retained Beneficial Interests in Securitized Financial Assets. Income is recognized by applying the prospective method of adjusting the yield to maturity based on an estimate of future cash flows. If the value of the investment based on the present value of the future cash flows is less than the Company's carrying amount, the investments will be written-down to fair value through earnings. Investments in securities of non-publicly traded companies are reported at cost, as they are not considered marketable under SFAS No. 115: Accounting For Certain Investments in Debt and Equity Securities.

At December 31, 2004 and 2003, marketable securities had an aggregate cost of \$135,382,000 and \$75,114,000 and an aggregate fair value of \$185,394,000 and \$81,491,000 (of which \$0 represents trading securities; \$178,999,000 and \$43,527,000 represents securities available for sale; and \$6,395,000 and \$37,964,000 represent securities held to maturity). Unrealized gains and losses were \$50,012,000 and \$0 at December 31, 2004 and \$6,377,000 and \$0 at December 31, 2003.

2. Summary of Significant Accounting Policies - continued

Notes and Mortgage Loans Receivable: The Company's policy is to record notes and mortgage loans receivable at the stated principal amount

less any discount or premium. The Company accretes or amortizes any discounts or premiums over the life of the related loan receivable utilizing the straight-line method which approximates the effective interest method. The Company evaluates the collectibility of both interest and principal of each of its loans, if circumstances warrant, to determine whether it is impaired. A loan is considered to be impaired when, based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the existing contractual terms. When a loan is considered to be impaired, the amount of the loss accrual is calculated by comparing the recorded investment to the value determined by discounting the expected future cash flows at the loan's effective interest rate or, as a practical expedient, to the value of the collateral if the loan is collateral dependent.

Deferred Charges: Direct financing costs are deferred and amortized over the terms of the related agreements as a component of interest expense. Direct costs related to leasing activities are capitalized and amortized on a straight-line basis over the lives of the related leases. All other deferred charges are amortized on a straight-line basis, which approximates the effective interest rate method, in accordance with the terms of the agreements to which they relate.

Fair Value of Financial Instruments: The Company has estimated the fair value of all financial instruments reflected in the accompanying consolidated balance sheets at amounts which are based upon an interpretation of available market information and valuation methodologies (including discounted cash flow analyses with regard to fixed rate debt). The fair value of the Company's debt is approximately \$256,518,000 and \$94,953,000 in excess of the aggregate carrying amounts at December 31, 2004 and 2003, respectively. Such fair value estimates are not necessarily indicative of the amounts that would be realized upon disposition of the Company's financial instruments.

Derivative Instruments And Hedging Activities: SFAS No. 133: Accounting for Derivative Instruments and Hedging Activities ("SFAS No. 133"), as amended and interpreted, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. As required by SFAS No. 133, the Company records all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

For derivatives designated as fair value hedges, changes in the fair value of the derivative and the hedged item related to the hedged risk are recognized in earnings. For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in other comprehensive income (loss) (outside of earnings) and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. The Company assesses the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

2. Summary of Significant Accounting Policies - continued

Revenue Recognition: The Company has the following revenue sources and revenue recognition policies:

Base Rents — income arising from tenant leases. These rents are recognized over the non-cancelable term of the related leases on a straight-line basis which includes the effects of rent steps and rent abatements under the leases.

Percentage Rents — income arising from retail tenant leases which are contingent upon the sales of the tenant exceeding a defined threshold. These rents are recognized in accordance with Staff Accounting Bulletin No. 104: Revenue Recognition, which states that this income is to be recognized only after the contingency has been removed (i.e. sales thresholds have been achieved).

Hotel Revenues — income arising from the operation of the Hotel Pennsylvania which consists of rooms revenue, food and beverage revenue, and banquet revenue. Income is recognized when rooms are occupied. Food and beverage and banquet revenue is recognized when the services have been rendered.

Trade Show Revenues — income arising from the operation of trade shows, including rentals of booths. This revenue is recognized in accordance with the booth rental contracts when the trade shows have occurred.

Expense Reimbursements — revenue arising from tenant leases which provide for the recovery of all or a portion of the operating expenses and real estate taxes of the respective property. This revenue is accrued in the same periods as the expenses are incurred. Contingent rents are not recognized until realized.

Temperature Controlled Logistics revenue — income arising from the Company's investment in Americold. Storage and handling revenue is recognized as services are provided. Transportation fees are recognized upon delivery to customers.

Management, Leasing and Other Fees — income arising from contractual agreements with third parties or with partially-owned entities. This revenue is recognized as the related services are performed under the respective agreements.

Income Taxes: The Company operates in a manner intended to enable it to continue to qualify as a REIT under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to its shareholders. The Company will distribute to its shareholders 100% of its taxable income and therefore, no provision for Federal income taxes is required. Dividend distributions for the year ended December 31, 2004 were characterized for Federal income tax purposes as 94.8% ordinary income and 5.2% long-term capital gain income. Dividend distributions for the year ended December 31, 2003, were characterized for Federal income tax purposes as 94.5% ordinary income and 5.5% long-term capital gain income. Dividend distributions for the year ended December 31, 2002 were characterized as ordinary income.

The Company owns stock in corporations that have elected to be treated for Federal income tax purposes, as taxable REIT subsidiaries ("TRS"). The value of the combined TRS stock cannot and does not exceed 20% of the value of the Company's total assets. A TRS is taxable on its net income at regular corporate tax rates. The total income tax paid for the 2004, 2003 and 2002 tax years was \$1,867,000, \$2,048,000 and \$1,430,000.

The following table reconciles net income to estimated taxable income for the year ended December 31, 2004.

(Amounts in thousands)	2004
Net income applicable to common shares	\$ 570,997
Book to tax differences:	
Depreciation and amortization	85,153
Derivatives	(126,724)

Straight-line rent adjustments	(53,553)
Earnings of partially-owned entities	47,998
Net gains on sale of real estate	(54,143)
Net gain on sale of a portion of investment in Americold to Yucaipa	(26,459)
Stock option expense	(20,845)
Amortization of acquired below market leases, net of above market leases	(12,692)
Other	4,191
Estimated taxable income	<u>\$ 413,923</u>

The net basis of the Company's assets and liabilities for tax purposes is approximately \$3,189,273,000 lower than the amount reported for financial statement purposes.

Income Per Share: Basic income per share is computed based on weighted average shares outstanding. Diluted income per share considers the effect of outstanding options, restricted shares, warrants and convertible or redeemable securities.

Stock-Based Compensation: In 2002 and prior years, the Company accounted for employee stock options using the intrinsic value method. Under the intrinsic value method compensation cost is measured as the excess, if any, of the quoted market price of the Company's stock at the date of grant over the exercise price of the option granted. Compensation cost for stock options, if any, is recognized ratably over the vesting period. The Company's policy is to grant options with an exercise price equal to 100% of the market price of the Company's stock on the grant date. Accordingly, no compensation cost has been recognized for the Company's stock option grants. Effective January 1, 2003, the Company adopted SFAS No. 123: Accounting for Stock-Based Compensation, as amended by SFAS No. 148: Accounting for Stock-Based Compensation - Transition and Disclosure. The Company adopted SFAS No. 123 prospectively by valuing and accounting for employee stock options granted in 2003 and thereafter. The Company utilizes a binomial valuation model and appropriate market assumptions to determine the value of each grant. Stock-based compensation expense is recognized on a straight-line basis over the vesting period for all grants subsequent to 2002. See Note 10. Stock-Based Compensation, for pro forma net income and pro forma net income per share for the years ended December 31, 2004, 2003 and 2002, assuming compensation costs for grants prior to 2003 were recognized as compensation expense based on the fair value at the grant dates.

In addition to employee stock option grants, the Company has also granted restricted shares to certain of its employees that vest over a three to five year period. The Company records the value of each restricted share award as stock-based compensation expense based on the Company's closing stock price on the NYSE on the date of grant on a straight-line basis over the vesting period. As of December 31, 2004, the Company has 290,478 restricted shares or rights to receive restricted shares outstanding to employees of the Company, excluding 626,566 shares issued to the Company's President in connection with his employment agreement. The Company recognized \$4,200,000, \$3,239,000 and \$914,000 of stock-based compensation expense in the years ended December 31, 2004, 2003 and 2002 for the portion of these shares that vested during each year. Dividends on both vested and unvested shares are charged to retained earnings and amounted to \$938,700, \$777,700 and \$210,100 for the years ended December 31, 2004, 2003 and 2002, respectively. Dividends on shares that are canceled or terminated prior to vesting are charged to compensation expense in the period they are cancelled or terminated.

Recently Issued Accounting Literature

On December 16, 2004, the FASB issued SFAS No. 153: Exchanges of Nonmonetary Assets - An Amendment of APB Opinion No. 29. The amendments made by SFAS No. 153 are based on the principle that exchanges of nonmonetary assets should be measured based on the fair value of the assets exchanged. Further, the amendments eliminate the narrow exception for nonmonetary exchanges of similar productive assets and replace it with a broader exception for exchanges of nonmonetary assets that do not have "commercial substance." SFAS No. 153 is effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. The Company does not believe the adoption of SFAS No. 153 on June 15, 2005 will have a material effect on the Company's consolidated financial statements.

On December 16, 2004, the FASB issued SFAS No. 123: (Revised 2004) - Share-Based Payment ("SFAS No. 123R"). SFAS 123R replaces SFAS No. 123, which the Company adopted on January 1, 2003. SFAS No. 123R requires that the compensation cost relating to share-based payment transactions be recognized in financial statements and be measured based on the fair value of the equity or liability instruments issued. SFAS No. 123R is effective as of the first interim or annual reporting period that begins after June 15, 2005. The Company does not believe that the adoption of SFAS No. 123R will have a material effect on the Company's consolidated financial statements.

3. Acquisitions and Dispositions

Acquisitions:

The Company completed approximately \$328,600,000 of real estate acquisitions and investments in 2004 and \$530,400,000 in 2003. In addition, the Company made \$183,400,000 of mezzanine loans during 2004 (see Note 6. Notes and Mortgage Loans Receivable). These acquisitions were consummated through subsidiaries of the Company. The related assets, liabilities and results of operations are included in the Company's consolidated financial statements from their respective dates of acquisition. The pro forma effect of the individual acquisitions and in the aggregate were not material to the Company's historical results of operations.

Acquisitions of individual properties are recorded as acquisitions of real estate assets. Acquisitions of businesses are accounted for under the purchase method of accounting. The purchase price for property acquisitions and businesses acquired is allocated to acquired assets and assumed liabilities using their relative fair values as of the acquisition date based on valuations and other studies. Initial valuations are subject to change until such information is finalized no later than 12 months from the acquisition date.

Office:

Building Maintenance Service Company ("BMS")

On January 1, 2003, the Company acquired for \$13,000,000 in cash BMS, which provides cleaning, security and engineering services principally to the Company's Manhattan office properties. This company was previously owned by the estate of Bernard Mendik and certain other individuals including David R. Greenbaum, one of the Company's executive officers. This acquisition was recorded as a business combination under the purchase method of accounting. Accordingly, the operations of BMS are consolidated into the accounts of the Company beginning January 1, 2003.

Kaempfer Company ("Kaempfer")

On April 9, 2003, the Company acquired Kaempfer which owns partial interests in six Class "A" office properties in Washington D.C. containing 1.8 million square feet, manages and leases these properties and four others for which it receives customary fees and has options to acquire certain other real estate interests, including the Waterfront project discussed below. Kaempfer's equity interest in the properties approximates 5.0%. The aggregate purchase price for the equity interests and the management and leasing business was \$32,200,000 (consisting of \$28,600,000 in cash and approximately 99,300 Operating Partnership units valued at \$3,600,000) and may be increased by up to \$9,000,000 based on the performance of the management company. This acquisition was recorded as a business combination under the purchase method of accounting. Accordingly, the operations of Kaempfer are consolidated into the accounts of the Company beginning April 9, 2003.

On October 7, 2003, the Company acquired a 2.5% interest in the planned redevelopment of Waterfront, located at 401 M Street, a mixed-use project in Washington D.C. (the "Waterfront interest") for \$2,171,000, of which the Company paid \$1,545,000 in cash and issued 12,500 Operating Partnership units valued at \$626,000. The partnership units were issued to Mitchell N. Schear, one of the partners in the Waterfront interest, who became the President of the Company's CESC division.

20 Broad Street

On May 2, 2003, the Company acquired the remaining 40% of a 78-year leasehold interest in 20 Broad Street it did not already own. The purchase price was approximately \$30,000,000 in cash. 20 Broad Street contains 466,000 square feet of office space, of which 348,000 square feet is leased to the New York Stock Exchange. Prior to the acquisition of the remaining 40%, the Company consolidated the operations of this property and reflected the 40% interest that it did not own as a component of minority interest. Subsequent to this acquisition, the Company no longer reflects the 40% minority interest.

3. Acquisitions and Dispositions - continued

2101 L Street

On August 4, 2003, the Company completed the acquisition of 2101 L Street, a 370,000 square foot office building located in Washington D.C. The consideration for the acquisition consisted of approximately 1.1 million newly issued Operating Partnership units (valued at approximately \$49,517,000) and the assumption of existing mortgage debt and transaction costs totaling approximately \$32,000,000. Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members owned approximately 24 percent of the limited partnership that sold the building and Mr. Smith was a general partner. On August 5, 2003, the Company repaid the mortgage of \$29,056,000.

Crystal City Marriott

On July 1, 2004, the Company acquired the Marriott hotel located in its Crystal City office complex from a limited partnership in which Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members own approximately 67 percent. The purchase price of \$21,500,000 was paid in cash as part of a Section 1031 tax-free, "like-kind" exchange with a portion of the proceeds from the Company's sale of the Palisades Residential Complex (see Dispositions). The hotel contains 343 rooms and is leased to an affiliate of Marriott International, Inc. until July 31, 2015, with one 10-year extension option. The land under the hotel was acquired in 1999.

Retail:

Bergen Mall

On December 12, 2003, the Company acquired the Bergen Mall for approximately \$145,000,000 in cash as part of a Section 1031 tax-free "like-kind" exchange with a portion of the proceeds from the sale of the Company's Two Park Avenue property (see Dispositions). The Bergen Mall is a 903,000 square foot shopping center located on Route 4 East in Paramus, New Jersey. The Company intends to expand, re-tenant and redevelop the center in order to reposition the asset. On January 27, 2004, the Company entered into an agreement to modify the Value City lease to give the Company a one-year option to terminate the lease no earlier than one year after notification and upon payment of \$12,000,000 to the tenant. The present value of this option is reflected in the acquisition price and is included in other liabilities in the Company's consolidated balance sheets.

Forest Plaza Shopping Center

On February 3, 2004, the Company acquired the Forest Plaza Shopping Center for approximately \$32,500,000, of which \$14,000,000 was paid in cash, and \$18,500,000 was debt assumed. The purchase was funded as part of Section 1031 tax-free "like kind" exchange with the remaining portion of the proceeds from the sale of the Company's Two Park Avenue property (see Dispositions). Forest Plaza is a 165,000 square foot shopping center located in Staten Island, New York.

25 W. 14th Street

On March 19, 2004, the Company acquired a 62,000 square foot free-standing retail building located at 25 W. 14th Street in Manhattan for \$40,000,000 in cash. This acquisition was paid in cash as part of a Section 1031 tax-free, "like-kind" exchange with a portion of the proceeds from the Company's sale of the Palisades Residential Complex (see Dispositions).

Southern California Supermarkets

On July 29, 2004, the Company acquired a real estate portfolio containing 25 supermarkets for \$65,000,000. These properties, all of which are all located in Southern California and contain an aggregate of approximately 766,000 square feet, were purchased from the Newkirk MLP, in which the Company currently owns a 22.4% interest. The supermarkets are net leased to Stater Brothers for an initial term expiring in 2008, with six 5-year extension options. Stater Brothers is a Southern California regional grocery chain that operates 158 supermarkets and has been in business since 1936. This acquisition was paid in cash as part of a Section 1031 tax-free, "like-kind" exchange with a portion of the proceeds from the Company's sale of the Palisades Residential Complex (see Dispositions). The Company's share of gain recognized by Newkirk MLP on this transaction was \$7,119,000 and was reflected as an adjustment to the Company's basis in its investment in Newkirk MLP and not recognized as income.

3. Acquisitions and Dispositions - continued

Queens Boulevard

On August 30, 2004, the Company acquired 99-01 Queens Boulevard, a 68,000 square foot free-standing building in Forest Hills, New York for \$26,500,000 in cash as part of a Section 1031 tax-free, "like-kind" exchange with a portion of the proceeds from the Company's sale of the Palisades Residential Complex (see Dispositions).

Broome Street and Broadway

On November 2, 2004, the Company acquired a 50% joint venture interest in a 92,500 square foot property located at Broome Street and Broadway in New York City. The Company contributed \$4,462,000 of equity and provided a \$24,000,000 bridge loan with interest at 10% per annum. Upon the refinancing of the bridge loan, which is expected to close in the second quarter of 2005, the Company will be repaid \$15,106,000 and the balance of \$8,894,000 will remain in the venture as additional equity.

Lodi and Burnside Shopping Centers

On November 12, 2004 and December 1, 2004, the Company acquired two shopping centers aggregating 185,000 square feet, in Lodi, New Jersey and Long Island (Inwood), New York, for a total purchase of \$36,600,000 in cash plus \$10,900,000 of assumed debt as part of a Section 1031 tax-free, "like-kind" exchange with a portion of the proceeds from the Company's sale of the Palisades Residential Complex (see Dispositions).

Other Retail

In December 2004, the Company acquired two retail condominiums aggregating 12,000 square feet, located at 386 and 387 West Broadway in New York City for \$16,900,000 in cash plus \$4,700,000 of assumed debt.

Other Investments:

Investment in GMH Communities L.P.

On July 20, 2004, the Company committed to make up to a \$159,000,000 convertible preferred investment in GMH Communities L.P. ("GMH"), a partnership focused on the student and military housing sectors. Distributions accrued on the full committed balance of the investment, whether or not drawn, from July 20, 2004, at a rate of 16.27%. In connection with this commitment, the Company received a placement fee of \$3,200,000. The Company also purchased for \$1,000,000, warrants to acquire GMH common equity. These warrants entitle the Company to acquire (i) 6,666,667 limited partnership units in GMH at an exercise price of \$7.50 per unit and (ii) 5,496,724 limited partnership units, through May 6, 2006, at an exercise price of \$9.10 per unit. As of November 3, 2004, the Company had funded a total of \$113,777,000 of the commitment.

On November 3, 2004, GMH Communities Trust ("GCT") closed its initial public offering ("IPO") at a price of \$12.00 per share. GCT is a real estate investment trust that conducts its business through GMH, of which it is the sole general partner. In connection with the IPO, the \$113,777,000 previously funded by the Company under the \$159,000,000 commitment was repaid, together with accrued distributions of \$13,381,000. The Company also exercised warrants to purchase 6,666,667 limited partnership units at a price of \$7.50 per unit, or \$50,000,000 in total, which resulted in a gain of \$29,500,000. The Company accounts for its interest in the partnership units on the equity method based on its 12.25% ownership interest and right to appoint one of its executive officers to GCT's Board of Trustees. The Company records its pro-rata share of GMH's net income or loss on a one-quarter lag basis as the Company files its financial statements on Form 10-K or 10-Q prior to the time GMH files its financial statements.

Under the warrant agreement, the number of GMH partnership units or GCT common shares underlying the warrants is adjusted for dividends declared by GCT. On December 16, 2004, GCT declared a dividend of \$.16 per common share, which increased the number of shares underlying the warrants from 5,496,724 to 5,563,417 and the exercise price was decreased from \$9.10 to \$8.99 per share. Because these warrants are derivatives and do not qualify for hedge accounting treatment, the gains and losses resulting from the mark-to-market of the warrants at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. In the quarter ended December 31, 2004, the Company recognized income of \$24,190,000 from the mark-to-market of these warrants, which were valued using a trinomial option pricing model based on GCT's closing stock price on the NYSE of \$14.10 per share on December 31, 2004.

Further, in connection with the IPO, the Company contributed its 90% interest in Campus Club Gainesville, which it acquired in 2000, in exchange for an additional 671,190 GMH limited partnership units.

Of the Company's GMH units, 6,666,667 may be converted into an equivalent number of common shares of GCT commencing on May 2, 2005 and 671,190 units may be converted commencing on November 2, 2005. The Company has agreed not to sell any common shares or units it owns or may acquire until May 2, 2005.

Investment in Sears, Roebuck and Co.

In July and August 2004, the Company acquired an aggregate of 1,176,600 common shares of Sears, Roebuck and Co. ("Sears") for \$41,945,000, an average price of \$35.65 per share. Included in the cost is \$1,361,000 for a performance-based participation. These shares are recorded as marketable securities on the Company's consolidated balance sheet and are classified as "available for sale." Appreciation or depreciation in the fair market value of these shares is recorded as an increase or decrease in "accumulated other comprehensive income" in the shareholders' equity section of the Company's consolidated balance sheet and not recognized in income. At December 31, 2004, based on Sears' closing stock price of \$51.03 per share, \$18,105,000 of appreciation in the value of these shares was included in "accumulated other comprehensive income."

In August and September 2004, the Company acquired an economic interest in an additional 7,916,900 Sears common shares through a series of privately negotiated transactions with a financial institution pursuant to which the Company purchased a call option and simultaneously sold a put option at the same strike price on Sears common shares. These call and put options have an initial weighted-average strike price of \$39.82 per share, or an aggregate of \$315,250,000, expire in April 2006 and provide for net cash settlement. Under these agreements, the strike price for each pair of options increases at an annual rate of LIBOR plus 45 basis points and is credited for the dividends received on the shares. The options provide the Company with the same economic gain or loss as if it had purchased the underlying common shares and borrowed the aggregate strike price at an annual rate of LIBOR plus 45 basis points. Because these options are derivatives and do not qualify for hedge accounting treatment, the gains or losses resulting from the mark-to-market of the options at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. During the year ended December 31, 2004, the Company recorded net income of \$81,730,000, comprised of (i) \$88,782,000 from the mark-to-market of the options on December 31, 2004, based on Sears' closing stock price of \$51.03 per share and (ii) \$2,295,000 for accrued dividends, partially offset by (i) \$5,972,000 for a performance-based participation, (ii) \$2,371,000 for the increase in strike price resulting from the LIBOR charge and (iii) \$1,004,000 of professional fees.

On November 16, 2004, Kmart Holding Corporation ("Kmart") and Sears entered into an Agreement and Plan of Merger. Upon the effective date of the merger, each share of Sears common stock will be converted into the right to receive, at the election of the holder, (i) \$50.00 in cash or (ii) 0.50 shares of common stock of the merged company, subject to proration so that 55% of the Sears shares are exchanged for shares of the merged company.

Based on Sears' most recent filing with the Securities and Exchange Commission, the Company's aggregate investment in Sears represents 4.2% of Sears' outstanding common shares.

Dispositions:

The following sets forth the details of sales, dispositions, write-offs and other similar transactions for the years ended December 31, 2004, 2003 and 2002:

Net Gains on Sales of Real Estate:

On January 9, 2003, the Company sold its Baltimore, Maryland shopping center for \$4,752,000, which resulted in a net gain on the sale after closing costs of \$2,644,000.

On October 10, 2003, the Company sold Two Park Avenue, a 965,000 square foot office building, for \$292,000,000, which resulted in a net gain on the sale after closing costs of \$156,433,000. Substantially all of the proceeds from the sale have been reinvested in tax-free "like-kind" exchange investments pursuant to Section 1031 of the Internal Revenue Code ("Section 1031").

On November 3, 2003, the Company sold its Hagerstown, Maryland shopping center property for \$3,100,000, which resulted in a net gain on sale after closing costs of \$1,945,000.

On June 29, 2004, the Company sold its Palisades Residential Complex for \$222,500,000, which resulted in a net gain on sale after closing costs of \$65,905,000. Substantially all of the proceeds from the sale were reinvested in tax-free "like kind" exchange investments pursuant to Section 1031. On February 27, 2004, the Company had acquired the remaining 25% interest in the Palisades venture it did not previously own for approximately \$17,000,000 in cash.

On August 12, 2004, the Company sold its Dundalk, Maryland shopping center for \$12,900,000, which resulted in a net gain on sale after closing costs of \$9,850,000. Substantially all of the proceeds from the sale have been reinvested in tax-free "like-kind" exchange investments pursuant to Section 1031.

Primestone Settlement of Guarantees (2003) and Foreclosure and Impairment Losses (2002)

On September 28, 2000, the Company made a \$62,000,000 loan to Primestone Investment Partners, L.P. ("Primestone"). The loan bore interest at 16% per annum. Primestone defaulted on the repayment of this loan on October 25, 2001. The loan was subordinate to \$37,957,000 of other debt of the borrower that liened the Company's collateral. On October 31, 2001, the Company purchased the other debt for its face amount. The loans were secured by 7,944,893 partnership units in Prime Group Realty, L.P., the operating partnership of Prime Group Realty Trust (NYSE:PGE) and the partnership units were exchangeable for the same number of common shares of PGE. The loans were also guaranteed by affiliates of Primestone.

On November 19, 2001, the Company sold, pursuant to a participation agreement with a subsidiary of Cadim inc. ("Cadim"), a Canadian pension fund, a 50% participation in both loans at par for approximately \$50,000,000 reducing the Company's net investment in the loans at December 31, 2001 to \$56,768,000 including unpaid interest and fees of \$6,790,000. The participation did not meet the criteria for "sale accounting" under SFAS 140 because Cadim was not free to pledge or exchange the assets.

On April 30, 2002, the Company and Cadim acquired the 7,944,893 partnership units at a foreclosure auction. The price paid for the units by application of a portion of Primestone's indebtedness to the Company and Cadim was \$8.35 per unit, the April 30, 2002 closing price of shares of PGE on the New York Stock Exchange. On June 28, 2002, pursuant to the terms of the participation agreement, the Company transferred 3,972,447 of the partnership units to Cadim.

In the second quarter of 2002, in accordance with foreclosure accounting, the Company recorded a loss on the Primestone foreclosure of \$17,671,000 calculated based on (i) the acquisition price of the units and (ii) its valuation of the amounts realizable under the guarantees by affiliates of Primestone, as compared with the net carrying amount of the investment at April 30, 2002. In the third quarter of 2002, the Company recorded a \$2,229,000 write-down on its investment based on costs expended to realize the value of the guarantees. Further, in the fourth quarter of 2002, the Company recorded a \$15,857,000 write-down of its investment in Prime Group consisting of (i) \$14,857,000 to adjust the carrying amount of the Prime Group units to \$4.61 per unit, the closing price of PGE shares on December 31, 2002 on the New York Stock Exchange and (ii) \$1,000,000 for estimated costs to realize the value of the guarantees. The Company considered the decline in the value of the units which are convertible into stock to be other than temporary as of December 31, 2002, based on the fact that the market value of the units which are convertible into stock had been less than its cost

for more than six months, the severity of the decline, market trends, the financial condition and near-term prospects of Prime Group and other relevant factors.

On June 11, 2003, the Company exercised its right to exchange the 3,972,447 units it owned in Prime Group Realty L.P. for 3,972,447 common shares in Prime Group Realty Trust (NYSE:PGE). Prior to the exchange, the Company accounted for its investment in the partnership on the equity method. Subsequent to the exchange, the Company is accounting for its investment in PGE as a marketable equity security-available for sale, as the Company's shares represent less than a 20% ownership interest in PGE (which is not a partnership), the Company does not have significant influence and the common shares have a readily determinable fair value. Accordingly, the carrying amount previously included in Investments and Advances to Partially-Owned Entities was reclassified to Marketable Securities on the Company's consolidated balance sheet. The Company is also required to mark these securities to market based on the closing price of the PGE shares on the NYSE at the end of each reporting period. For the period from June 11, 2003 through December 31, 2003, the Company recorded a \$6,623,000 unrealized gain, which is not included in the Company's net income, but is reflected as a component of Accumulated Other Comprehensive Income (Loss) in the Shareholders' Equity section of the consolidated balance sheet. From the date of exchange, income recognition is limited to dividends received on the PGE shares.

On June 13, 2003, the Company received its \$5,000,000 share of a settlement with affiliates of Primestone Investment Partners of the amounts due under the guarantees of the Primestone loans. In connection therewith, the Company recognized a \$1,388,000 loss on settlement of the guarantees.

Gain on Transfer of Mortgages

In the year ended December 31, 2002, the Company recorded a net gain of approximately \$2.1 million resulting from payments to the Company by third parties that assumed certain of the Company's mortgages. Under these transactions the Company paid to the third parties that assumed the Company's obligations the outstanding amounts due under the mortgages and the third parties paid the Company for the benefit of assuming the mortgages. The Company has been released by the creditors underlying these loans.

Net Gain on Sale of Air Rights

In 2002, the Company constructed a \$16.3 million community facility and low-income residential housing development (the "30th Street Venture"), in order to receive 163,728 square feet of transferable development rights, generally referred to as "air rights". The Company donated the building to a charitable organization. The Company sold 106,796 square feet of these air rights to third parties at an average price of \$120 per square foot. An additional 28,821 square feet of air rights was sold to Alexander's at a price of \$120 per square foot for use at Alexander's 731 Lexington Avenue project. In each case, the Company received cash in exchange for air rights. The Company identified third party buyers for the remaining 28,111 square feet of air rights of the 30th Street Venture. These third party buyers wanted to use the air rights for the development of two projects located in the general area of 86th Street which was not within the required geographical radius of the construction site nor in the same Community Board as the low-income housing and community facility project. The 30th Street Venture asked Alexander's to sell 28,111 square feet of the air rights it already owned to the third party buyers (who could use them) and the 30th Street Venture would replace them with 28,111 square feet of air rights. In October 2002, the Company sold 28,111 square feet of air rights to Alexander's for an aggregate sales price of \$3,059,000 (an average of \$109 per square foot). Alexander's then sold an equal amount of air rights to the third party buyers for an aggregate sales price of \$3,339,000 (an average of \$119 per square foot).

Net Gains on Sale of Residential Condominium Units

The Company recognized net gains of \$776,000, \$282,000 and \$2,156,000 during 2004, 2003 and 2002, respectively, from the sale of residential condominiums.

4. Discontinued Operations

SFAS No. 144 requires discontinued operations presentation for disposals of a "component" of an entity. In accordance with SFAS No. 144, for all periods presented, the Company reclassified its consolidated statements of income to reflect income and expenses for properties which became held for sale subsequent to December 31, 2001, as discontinued operations and reclassified its consolidated balance sheets to reflect assets and liabilities related to such properties as assets related to discontinued operations and liabilities related to discontinued operations.

Assets related to discontinued operations consist primarily of real estate, net of accumulated depreciation. The following table sets forth the balances of the assets related to discontinued operations as of December 31, 2004 and 2003:

(Amounts in thousands)	December 31,

(2) As of December 31, 2004, the Company owns 7.3 million limited partnership units, or 12.25% of the limited partnership interest of GMH, a partnership focused on the student and military housing sectors. Details of this investment are provided on page 123. The Company accounts for its interest in the partnership units on the equity-method based on its 12.25% ownership interest and right to appoint one of its executive officers to GCT's Board of Trustees. The Company records its prorata share of GMH's net income or loss on a one-quarter lag basis as the Company files its financial statements on Form 10-K or 10-Q prior to the time GMH files its financial statements. GMH's properties were 94.2% occupied as of December 31, 2004. GMH's outstanding indebtedness was \$359,000 as of December 31, 2004, of which the Company's share was \$44,000.

In addition, the Company holds warrants to purchase an additional 5.6 million limited partnership units of GMH or common shares of GCT at a price of \$8.99 per unit or share through May 6, 2006. Because these warrants are derivatives and do not qualify for hedge accounting treatment, the gains or losses resulting from the mark-to-market of the warrants at the end of each reporting period are recognized as an increase or decrease in "interest and other investment income" on the Company's consolidated statement of income. In the quarter ended December 31, 2004, the Company recognized \$24,190 from the mark-to-market of these warrants, which were valued using trinomial option pricing model based on GCT's closing stock price on the NYSE of \$14.10 per share on December 31, 2004.

(1) 2002 includes the Company's \$3,431 share of Alexander's gain on sale of its Third Avenue property.

(2) Alexander's capitalizes the fees and interest charged by the Company. Because the Company owns 33% of Alexander's, the Company recognizes 67% of such amounts as income and the remainder is reflected as a reduction of the Company's carrying amount of the investment in Alexander's.

(3) Beginning on November 18, 2004, the Company's investment in Americold is consolidated into the accounts of the Company.

(4) Represents the Company's interests in 330 Madison Avenue (24.8%), 825 Seventh Avenue (50%), Fairfax Square (20%) and Kaempfer equity interests in six office buildings (.1% to 10%).

(5) On June 11, 2003, the Company exercised its right to exchange the 3,972,447 units it owned in Prime Group Realty L.P. for 3,972,447 common shares in Prime Group Realty Trust (NYSE:PGE). Prior to the exchange, the Company accounted for its investment in the partnership on the equity method. Subsequent to the exchange, the Company is accounting for its investment in PGE as a marketable equity security-available for sale.

Alexander's

The Company owns 33% of the outstanding common stock of Alexander's at December 31, 2004 and 2003. The Company manages, leases and develops Alexander's properties pursuant to agreements (see below) which expire in March of each year and are automatically renewable, except for the 731 Lexington Avenue development agreement which provides for a term lasting until substantial completion of the development of the property.

Management and Leasing Agreements

The Company receives an annual fee for managing all of Alexander's properties equal to the sum of (i) \$3,000,000, (ii) 3% of the gross income from the Kings Plaza Mall, and (iii) 6% of development costs with minimum guaranteed fees of \$750,000 per annum.

The Company generally receives a fee of (i) 3% of lease rent for the first ten years of a lease term, 2% of lease rent for the 11th through the 20th years of a lease term and 1% of lease rent for the 21st through 30th years of a lease term, subject to the payment of rents by Alexander's tenants and (ii) 3% of asset sales proceeds. Such amounts are payable to the Company annually in an amount not to exceed an aggregate of \$2,500,000 until the present value of such installments (calculated at a discount rate of 9% per annum) equals the amount that would have been paid at the time the transactions which gave rise to the commissions occurred.

The Company recognized \$7,800,000, \$4,339,000 and \$4,781,000 of fee income under these agreements during the years ended December 31, 2004, 2003 and 2002, respectively. At December 31, 2004, and 2003, \$23,744,000 and \$14,450,000 was due to the Company under these agreements.

731 Lexington Avenue and Other Fees

The Company is entitled to a development fee for the construction of Alexander's 731 Lexington Avenue property of approximately \$26,300,000, based on 6% of construction costs, as defined, payable on the earlier of January 3, 2006, or the date of payment in full of the construction loan encumbering the property. The Company guaranteed to Alexander's 731 Lexington Avenue construction lender, the lien free, timely completion of the construction of the project and funding of project costs in excess of a stated budget, if not funded by Alexander's for which the Company is entitled to a \$6,300,000 estimated fee based on 1% of construction costs, as defined, payable upon the completion of construction. Based upon the current status of construction, management does not anticipate the need to fund pursuant to this completion guarantee. The Company has recognized \$3,777,000, \$6,935,000 and \$6,915,000 as development and guarantee fee income during the years ended December 31, 2004, 2003 and 2002, respectively. At December 31, 2004 and 2003, \$24,086,000 and \$19,265,000 was due under the development and guarantee agreements.

Building Maintenance Services ("BMS"), a wholly-owned subsidiary of the Company, supervises the cleaning, engineering and security at Alexander's 731 Lexington Avenue property for an annual fee of 6% of costs for such services. In October 2004, Alexander's also contracted with BMS to provide the same services at the Kings Plaza Regional Shopping Center on the same terms. On May 27, 2004, the Company entered into an agreement with Alexander's under which it provides property management services at 731 Lexington Avenue for an annual fee of \$0.50 per square foot of the tenant-occupied office and retail space. These agreements were negotiated and approved by a special committee of directors of Alexander's that were not affiliated with the Company. The Company recognized \$1,384,000 of fee income under these agreements during the year ended December 31, 2004.

Debt Agreements

At December 31, 2004 and 2003, the Company has loans receivable from Alexander's of \$124,000,000, including \$29,000,000 drawn under a \$50,000,000 line of credit. The maturity date of the loans is the earlier of January 3, 2006 or the date the Alexander's Lexington Avenue construction loan is finally repaid. Effective April 1, 2004, based on Alexander's improved liquidity, the Company modified its term loan and line of credit to Alexander's to reduce the spread on the interest rate it charges from 9.48% to 6%. Accordingly, the current interest rate was reduced from 12.48% to 9%.

On February 13, 2004, Alexander's completed a \$400,000,000 mortgage financing on the office space of its Lexington Avenue development project. The loan bears interest at 5.33%, matures in February 2014 and beginning in the third year, provides for principal payments based on a 25-year amortization schedule such that over the remaining eight years of the loan, ten years of amortization will be paid. Of the loan proceeds, \$253,529,000 was used to repay the entire amount outstanding under the construction loan. The construction loan was modified so that the remaining availability is \$237,000,000, which was approximately the amount estimated to complete the Lexington Avenue development project. The interest rate on the construction loan is LIBOR plus 2.5% (4.92% at December 31, 2004) and matures in January 2006, with two one-year extensions. The collateral for the construction loan is the same, except that the office space has been removed from the lien. Further, the construction loan permits the release of the retail space for a payment of \$15,000,000 and requires all proceeds from the sale of the residential condominium units to be applied to the construction loan balance until it is finally repaid.

Temperature Controlled Logistics

On February 5, 2004, Americold Realty Trust ("Americold") completed a \$254,400,000 mortgage financing for 21 of its owned and 7 of its leased temperature-controlled warehouses. The loan bears interest at LIBOR plus 2.95% (with a LIBOR floor of 1.5% with respect to \$54,400,000 of the loan) and requires principal payments of \$5,000,000 annually. The loan matures in April 2009 and is pre-payable without penalty after February 5, 2006. The net proceeds were approximately \$225,000,000 after providing for usual escrows, closing costs and the repayment of \$12,900,000 of existing mortgages on two of the warehouses, of which \$135,000,000 was distributed to the Company and the remainder was distributed to its partner.

Prior to November 18, 2004, the Company owned a 60% interest in Vornado Crescent Portland Partnership ("VCP") which owned Americold. Americold owns 88 temperature controlled warehouses, all of which were leased to AmeriCold Logistics. On November 4, 2004, Americold purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. On November 18, 2004, the Company and its 40% partner, Crescent Real Estate Equities Company ("CEI") collectively sold 20.7% of Americold's common shares to The Yucaipa Companies ("Yucaipa") for \$145,000,000, which resulted in a gain, of which the Company's share was \$18,789,000. The sale price was based on a \$1.450 billion valuation for Americold before debt and other obligations. Yucaipa is a private equity firm with significant expertise in the food distribution, logistics and retail industries. Upon closing of the sale to Yucaipa on November 18, 2004, Americold is owned 47.6% by the Company, 31.7% by CEI and 20.7% by Yucaipa. Pursuant to the sales agreement: (i) Yucaipa may earn a promote of 20% of the increase in the value of Americold through December 31, 2007, limited to 10% of the Company's and CEI's remaining interest in Americold; (ii) the annual asset management fee payable by CEI to the Company has been reduced from approximately \$5,500,000 to \$4,548,000, payable quarterly through October 30, 2027. CEI, at its option, may terminate the payment of this fee at any time after November 2009, by paying the Company a termination fee equal to the present value of the remaining payments through October 30, 2027, discounted at 10%. In addition, CEI is obligated to pay a pro rata portion of the termination fee to the extent it sells a portion of its equity interest in Americold; and (iii) VCP was dissolved. The Company has the right to appoint three of the five members to Americold's Board of Trustees. Consequently, the Company is deemed to exercise control over Americold and, on November 18, 2004, the Company began to consolidate the operations and financial position of Americold into its accounts and no longer accounts for its investment on the equity method.

6. Notes and Mortgage Loans Receivable

General Motors Building Mezzanine Loans

On October 20, 2003, the Company made a \$200,000,000 mezzanine loan secured by partnership interests in the General Motors Building. The Company's loan is subordinate to \$900,000,000 of other debt. The loan is based on a rate of LIBOR plus 8.685% (with a LIBOR floor of 1.5%) and currently yields 10.185%. On October 30, 2003, the Company made an additional \$25,000,000 loan, as part of a \$50,000,000 loan, the balance of which was funded by an affiliate of Soros Fund Management LLC. This loan, which is junior to the \$1,100,000,000 of loans noted above, is based on a rate of LIBOR plus 12.81% (with a LIBOR floor of 1.5%) and currently yields 14.31%.

On September 1, 2004, the Company acquired a \$50,000,000 participation in an existing \$200,000,000 loan on the General Motors Building made by an affiliate of Soros Fund Management LLC. This loan, which is subordinate to \$1.15 billion of other debt, is secured by partnership interests in the building and additional guarantees and collateral. The \$50,000,000 participation bears interest at 16%, matures on March 25, 2005 and is prepayable at any time.

On January 7, 2005, all of the outstanding General Motors Building loans aggregating \$275,000,000 were repaid. In connection therewith, the Company received a \$4,500,000 prepayment premium and \$1,996,000 of accrued interest and fees through January 14, 2005, which will be recognized in the first quarter of 2005.

Loan to Commonwealth Atlantic Properties ("CAP")

On March 4, 1999, the Company made an additional \$242,000,000 investment in CESC by contributing to CESC the land under certain CESC office properties in Crystal City, Arlington, Virginia and partnership interests in certain CESC subsidiaries. The Company acquired these assets from CAP, an affiliate of Lazard Freres Real Estate Investors L.L.C., for \$242,000,000, immediately prior to the contribution to CESC. In addition, the Company acquired from CAP for \$8,000,000 the land under a Marriott Hotel located in Crystal City. The Company paid the \$250,000,000 purchase price to CAP by issuing 4,998,000 of the Company's Series E-1 convertible preferred units. In connection with these transactions, the Company agreed to make a five-year \$41,200,000 loan to CAP with interest at 8%, increasing to 9% ratably over the term. On March 1, 2004, the balance of the loan of \$38,500,000 was repaid.

Loan to Vornado Operating Company ("Vornado Operating")

At December 31, 2003, the amount outstanding under the revolving credit agreement with Vornado Operating was \$21,989,000. Beginning January 1, 2002, the Company had fully reserved for the interest income on the debt under this facility. On November 4, 2004, in connection with the sale of AmeriCold Logistics to AmeriCold Realty Trust, Vornado Operating repaid the outstanding balance of the loan together with all unpaid interest totaling \$4,771,000. In connection with the above, the revolving credit agreement was terminated.

Dearborn Center Mezzanine Construction Loan

On March 19, 2003, the outstanding amount of \$29,401,000 was received from Dearborn Center representing the full satisfaction of the mezzanine construction loan. The loan bore interest at 12% per annum plus additional interest of \$5,655,000 which was received upon repayment.

Extended Stay America Mezzanine Loan

On May 12, 2004, the Company made an \$83,000,000 mezzanine loan secured by ownership interests in a subsidiary of Extended Stay America, Inc., which was recently acquired for approximately \$3.1 billion by an affiliate of the Blackstone Group. The loan is part of a \$166,000,000 facility, the balance of which was funded by Soros Credit LP, and is subordinate to \$2.3 billion of other debt. The loan bears interest at LIBOR plus 5.50% (7.90% at December 31, 2004) and matures in May 2007, with two one-year extensions. Extended Stay America owns and operates 485 hotels in 42 states.

Charles Square Mezzanine Loan

On November 17, 2004, the Company made a \$43,500,000 mezzanine loan secured by Charles Square in Howard Square in Cambridge, Massachusetts. The property consists of a 293-room hotel, 140,000 square feet of office and retail space and a 568-car parking facility. This loan is subordinate to \$82,500,000 of other debt, bears interest 7.56% and matures in September 2009.

- (1) On February 5, 2004, the Company completed a \$300,000 refinancing of Two Penn Plaza. The loan bears interest at 4.97% and matures in February 2011. The Company retained net proceeds of \$39,000 after repaying the existing \$151,000 loan, \$75,000 of the \$275,000 mortgage loan on its One Penn Plaza property and the \$33,000 mortgage loan on 866 U.N. Plaza. On November 15, 2004, the Company completed a \$220,000,000 refinancing of Eleven Penn Plaza. This loan bears interest at 5.20% and matures on December 1, 2014. Of the loan proceeds, \$200,000,000 was used to repay the remainder of the loan on One Penn Plaza.
- (2) Repaid at maturity or upon sale of the related real estate during 2004.
- (3) On June 9, 2003, the Company completed a \$170,000 financing of its 770 Broadway property. The loan bears interest at LIBOR plus 1.05% is pre-payable after one year without penalty and matures in June 2006 with two one year extension options. The proceeds of the new loan were used primarily to repay (i) a \$18,926 mortgage loan on 33 North Dearborn, (ii) a \$69,507 mortgage loan on Tysons Dulles Plaza, and (iii) \$40,000 of borrowing under the Company's unsecured revolving credit facility. In connection with the closing of the 770 Broadway loan, the Company purchased an interest rate cap, and simultaneously sold an interest rate cap with the same terms. Since these instruments do not reduce the Company's net interest rate risk exposure, they do not qualify as hedges and changes in their respective values are charged to earnings. As the significant terms of these arrangements are the same, the effects of a revaluation of these instruments is expected to substantially offset one another. Simultaneously with the completion of the 770 Broadway loan, the Company used cash from its mortgage escrow account to repay \$133,659 of the \$153,659 of debt previously cross-collateralized by its 770 Broadway and 595 Madison Avenue properties.
- (4) On August 4, 2003, the Company completed a refinancing of its 909 Third Avenue mortgage loan. The new \$125,000 mortgage loan is for a term of three years and bears interest at LIBOR plus .70% and has two one-year extension options. Simultaneously with the completion of the 909 Third Avenue loan, the Company used cash from its mortgage escrow account to repay the balance of \$20,000 of debt previously cross-collateralized by its 770 Broadway and 595 Madison Avenue properties. In connection with the closing of the 909 Third Avenue loan, the Company purchased an interest rate cap and simultaneously sold an interest rate cap with the same terms. Since these instruments do not reduce the Company's net interest rate risk exposure, they do not qualify as hedges and changes in their respective values are charged to earnings. As the significant terms of these arrangements are the same, the effects of a revaluation of these instruments is expected to substantially offset one another.
- (5) Beginning on November 18, 2004, the Company's investment in Americold is consolidated into the accounts of the Company.

- (6) On June 27, 2002, the Company entered into interest rate swaps that effectively converted the interest rate on the \$500,000 senior unsecured notes due 2007 from a fixed rate of 5.625% to a floating rate of LIBOR plus .7725%, based upon the trailing 3 month LIBOR rate (2.57% if set on December 31, 2004). The swaps were designated and effective as fair value hedges with a fair value of \$13,148 and \$25,780 at December 31, 2004 and 2003, respectively, and included in "Other Assets" on the Company's consolidated balance sheet. Accounting for these swaps requires the Company to recognize the changes in the fair value of the debt during each period. At December 31, 2004 and 2003, the fair value adjustment to the principal amount of the debt was \$13,148 and \$25,780, based on the fair value of the swap assets, and is included in the balance of the Senior Unsecured Notes. Because the hedging relationship qualifies for the "short-cut" method, no hedge ineffectiveness on these fair value hedges was recognized in 2004 and 2003.
- (7) On August 16, 2004, the Company completed a public offering of \$250,000, aggregate principal amount of 4.50% senior unsecured notes due August 15, 2009. Interest on the notes is payable semi-annually on February 15 and August 15 commencing, February 15, 2005. The notes were priced at 99.797% of their face amount to yield 4.546%. The notes are subject to the same financial covenants as the Company's previously issued senior unsecured notes. The net proceeds of approximately \$247,700 were used for general corporate purposes.
- (8) On November 25, 2003, the Company completed an offering of \$200,000, aggregate principal amount of 4.75% senior unsecured notes due December 1, 2010. Interest on the notes is payable semi-annually on June 1st and December 1st, commencing in 2004. The notes were priced at 99.869% of their face amount to yield 4.772%. The notes contain the same financial covenants that are in the Company's notes issued in June 2002, except the maximum ratio of secured debt to total assets is now 50% (previously 55%). The net proceeds of approximately \$198,500 were used primarily to repay existing mortgage debt.
- (9) On July 3, 2003, the Company entered into a new \$600,000 unsecured revolving credit facility which has replaced its \$1 billion unsecured revolving credit facility which was to mature in July 2003. The new facility has a three-year term, a one-year extension option and bears interest at LIBOR plus .65%. The Company also has the ability under the new facility to seek up to \$800,000 of commitments during the facility's term. The new facility contains financial covenants similar to the prior facility.

9. Shareholders' Equity

Series A Convertible Preferred Shares of Beneficial Interest

Holders of Series A Preferred Shares of beneficial interest are entitled to receive dividends in an amount equivalent to \$3.25 per annum per share. These dividends are cumulative and payable quarterly in arrears. The Series A Preferred Shares are convertible at any time at the option of their respective holders at a conversion rate of 1.38504 common shares per Series A Preferred Share, subject to adjustment in certain circumstances. In addition, upon the satisfaction of certain conditions the Company, at its option, may redeem the \$3.25 Series A Preferred Shares at a current conversion rate of 1.38504 common shares per Series A Preferred Share, subject to adjustment in certain circumstances. At no time will the Series A Preferred Shares be redeemable for cash.

Series B Cumulative Redeemable Preferred Shares of Beneficial Interest

Holders of Series B Preferred Shares of beneficial interest were entitled to receive dividends at an annual rate of 8.5% of the liquidation preference of \$25.00 per share, or \$2.125 per Series B Preferred Share per annum. On March 17, 2004, the Company redeemed of all of the outstanding Series B Preferred Shares. At the redemption price of \$25.00 per share, aggregating \$85,000,000 plus accrued dividends. The redemption amount exceeded the carrying amount by \$3,195,000, representing original issuance costs. These costs were recorded as a reduction to earnings in arriving at net income applicable to common shares, in accordance with the July 2003 EITF clarification of Topic D-42.

Series C Cumulative Redeemable Preferred Shares of Beneficial Interest

Holders of Series C Preferred Shares of beneficial interest are entitled to receive dividends at an annual rate of 8.5% of the liquidation preference of \$25.00 per share, or \$2.125 per Series C Preferred Share per annum. These dividends are cumulative and payable quarterly in arrears. The Series C Preferred Shares are not convertible into or exchangeable for any other property or any other securities of the Company at the election of the holders. On January 19, 2005, the Company redeemed all of its 8.5% Series C Cumulative Redeemable Preferred Shares at the stated redemption price of \$25.00 per share plus accrued distributions.

Series D-10 Cumulative Redeemable Preferred Shares of Beneficial Interest

Holders of Series D-10 Preferred Shares of beneficial interest are entitled to receive dividends at an annual rate of 7.0% of the liquidation preference of \$25.00 per share, or \$1.75 per Series D-10 Preferred Share per annum. These dividends are cumulative and payable quarterly in arrears. The Series D-10 Preferred Shares are not convertible into or exchangeable for any other property or any other securities of the Company at the election of the holders. On or after November 17, 2008 (or sooner under limited circumstances), the Company, at its option, may redeem Series D-10 Preferred Shares at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends through the date of redemption. The Series D-10 Preferred Shares have no maturity date and will remain outstanding indefinitely unless redeemed by the Company.

Holders of Series E Preferred Shares of beneficial interest are entitled to receive dividends at an annual rate of 7.0% of the liquidation preference of \$25.00 per share, or \$1.75 per Series E Preferred Share per annum. These dividends are cumulative and payable quarterly in arrears. The Series E Preferred Shares are not convertible into or exchangeable for any other property or any other securities of the Company at the election of the holders. On or after August 20, 2009 (or sooner under limited circumstances), the Company, at its option, may redeem Series E Preferred Shares at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends through the date of redemption. The Series E Preferred Shares have no maturity date and will remain outstanding indefinitely unless redeemed by the Company.

Series F Cumulative Redeemable Preferred Shares of Beneficial Interest

On November 10, 2004, the Company sold \$150,000,000 of Series F Cumulative Redeemable Preferred Shares in a public offering pursuant to an effective registration statement. Holders of Series F Preferred Shares of beneficial interest are entitled to receive dividends at an annual rate of 6.75% of the liquidation preference of \$25.00 per share, or \$1.6875 per Series F Preferred Share per annum. These dividends are cumulative and payable quarterly in arrears. The Series F Preferred Shares are not convertible into or exchangeable for any other property or any other securities of the Company at the election of the holders. On or after November 17, 2009 (or sooner under limited circumstances), the Company, at its option, may redeem Series F Preferred Shares at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends through the date of redemption. The Series F Preferred Shares have no maturity date and will remain outstanding indefinitely unless redeemed by the Company.

Series G Cumulative Redeemable Preferred Shares of Beneficial Interest

On December 16, 2004, the Company sold \$200,000,000 of Series G Cumulative Redeemable Preferred Shares in a public offering pursuant to an effective registration statement. Holders of Series G Preferred Shares of beneficial interest are entitled to receive dividends at an annual rate of 6.625% of the liquidation preference of \$25.00 per share, or \$1.656 per Series G Preferred Share per annum. These dividends are cumulative and payable quarterly in arrears. The Series G Preferred Shares are not convertible into or exchangeable for any other property or any other securities of the Company at the election of the holders. On or after December 22, 2009 (or sooner under limited circumstances), the Company, at its option, may redeem Series G Preferred Shares at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends through the date of redemption. The Series G Preferred Shares have no maturity date and will remain outstanding indefinitely unless redeemed by the Company.

10. Stock-based Compensation

The Company's Share Option Plan (the "Plan") provides for grants of incentive and non-qualified stock options, restricted stock, stock appreciation rights and performance shares to certain employees and officers of the Company.

Restricted stock awards are granted at the market price on the date of grant and vest over a three to five year period. The Company recognizes the value of restricted stock as compensation expense based on the Company's closing stock price on the NYSE on the date of grant on a straight-line basis over the vesting period. As of December 31, 2004, there are 290,478 restricted shares outstanding, excluding 626,566 shares issued to the Company's President in connection with his employment agreement. The Company recognized \$4,200,000, \$3,239,000 and \$914,000 of compensation expense in 2004, 2003 and 2002, respectively, for the portion of these shares that vested during each year. Dividends paid on both vested and unvested shares are charged directly to retained earnings and amounted to \$938,700, \$777,700 and \$210,100 for 2004, 2003 and 2002, respectively. Dividends on shares that are cancelled or terminated prior to vesting are charged to compensation expense in the period of the cancellation or termination.

Stock options are granted at an exercise price equal to 100% of the market price of the Company's stock on the date of grant, generally vest pro-rata over three to five years and expire 10 years from the date of grant. As of December 31, 2004 there are 12,882,014 options outstanding. On January 1, 2003, the Company adopted SFAS 123: Accounting for Stock-Based Compensation, as amended by SFAS No. 148: Accounting for Stock-Based Compensation – Transition and Disclosure, on a prospective basis covering all grants subsequent to 2002. Under SFAS No. 123, the Company recognizes compensation expense for the fair value of options granted on a straight-line basis over the vesting period. For the year ended December 31, 2004, and 2003, the Company recognized \$102,900 and \$77,200 of compensation expense related to the options granted during 2004 and 2003, respectively. Grants prior to 2003 are accounted for under the intrinsic value method under which compensation expense is measured as the excess, if any, of the quoted market price of the Company's stock at the date of grant over the exercise price of the option granted. As the Company's policy is to grant options with an exercise price equal to 100% of the quoted market price on the grant date, no compensation expense has been recognized for options granted prior to 2003. If compensation cost for grants prior to 2003 were recognized as compensation expense based on the fair value at the grant dates, net income and income per share would have been reduced to the pro-forma amounts below:

10. Stock-based Compensation – continued

The fair value of each option grant is estimated on the date of grant using an option-pricing model with the following weighted-average assumptions used for grants in the periods ending December 31, 2004, 2003 and 2002. There were no stock option grants during 2004. In February 2005, as part of the Company's annual compensation review for 2004, 1,038,800 stock options and 73,216 restricted shares were granted to certain employees. The stock options were granted at an exercise price equal to 100% of the market price on the date of grant.

11. Retirement Plans

The Company has two defined benefit pension plans, a Vornado Realty Trust Retirement Plan ("Vornado Plan") and a Merchandise Mart Properties Pension Plan ("Mart Plan"). In addition, Americold Realty Trust, which is consolidated into the accounts of the Company beginning November 18, 2004, has two defined benefit pension plans (the "Americold Plans" and together with the Vornado Plan and the Mart Plan "the Plans"). The benefits under the Vornado Plan and the Mart Plan were frozen in December 1997 and June 1999, respectively. Effective April 2005, Americold will amend its Americold Retirement Income Plan to freeze benefits for non-union participants. Benefits under the Plans are or were primarily based on years of service and compensation during employment or on years of credited service and established monthly benefits. Funding policy for the Plans is based on contributions at the minimal amounts required by law. The financial results of the Plans are consolidated in the information provided below.

The Company uses a December 31 measurement date for the Vornado Plan, the Mart Plan and the Americold plans.

The Company periodically reviews its assumptions for the rate of return on each Plan's assets. The assumptions are based primarily on the long-term historical performance of the assets of the Plans, future expectations for returns for each asset class as well as target asset allocation of Plan assets. Differences in the rates of return in the near term are recognized as gains or losses in the periods that they occur.

Plan Assets

The Company has consistently applied what it believes to be a conservative investment strategy for the Vornado Plan, investing primarily in cash and cash equivalents and fixed income funds, including money market funds, United States treasury bills, government bonds and mortgage back securities. Vornado Plan's weighted-average asset allocations by asset category are as follows:

	Year Ended December 31,		
	2004	2003	2002
U.S. Treasury Bills	84%	81%	—%
US Government Securities	13	14	17
Money Market Funds	3	4	81

Total	100%	100%	100%

11. Retirement Plans – continued

The Company has consistently applied what it believes to be an appropriate investment strategy for the Mart Plan, by investing in mutual funds and funds held by insurance companies. Mart Plan's weighted average asset allocations by asset category are as follows:

Asset Category	Year Ended December 31,		
	2004	2003	2002
Mutual Funds	50%	57%	56%
Funds Held By Insurance Companies	50	42	43
Other	—	1	1
Total	100%	100%	100%

The Americold Plans are invested to maximize return on the Plans' assets while minimizing risk by diversifying across a broad range of asset classes. In accordance with the Plans' investment strategies, assets are invested domestic equities, hedge funds, and fixed income securities.

The allocations of Americold Plan investments by fair value for the year ended December 31, 2004, are as follows:

Domestic equities	54%
-------------------	-----

International equities	5
Fixed income securities	14
Real Estate	8
Hedge Funds	19
	<u>100%</u>

Cash Flows

The Company expects to contribute \$8,448,000 to the Plans in 2005.

Estimated Future Benefit Payments

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

	<u>Pension Benefits</u>
2005	4,802,000
2006	5,440,000
2007	5,469,000

12. Leases

As lessor:

The Company leases space to tenants under operating leases. Most of the leases provide for the payment of fixed base rentals payable monthly in advance. Shopping center leases provide for the pass-through to tenants of real estate taxes, insurance and maintenance. Office building leases generally require the tenants to reimburse the Company for operating costs and real estate taxes above their base year costs. Shopping center leases also provide for the payment by the lessee of additional rent based on a percentage of the tenants' sales. As of December 31, 2004, future base rental revenue under non-cancelable operating leases, excluding rents for leases with an original term of less than one year and rents resulting from the exercise of renewal options, is as follows:

(Amounts in thousands)	
Year Ending December 31:	
2005	\$ 1,107,865
2006	993,780
2007	923,145
2008	833,848
2009	723,702
Thereafter	3,631,818

These amounts do not include rentals based on tenants' sales. These percentage rents approximated \$5,563,000, \$3,662,000, and \$1,832,000, for the years ended December 31, 2004, 2003, and 2002.

Except for the U.S. Government, which accounted for 12.5% of the Company's revenue, none of the Company's tenants represented more than 10% of total revenues for the year ended December 31, 2004.

Former Bradlees Locations

Pursuant to the Master Agreement and Guaranty, dated May 1, 1992, the Company is due \$5,000,000 per annum of additional rent from Stop & Shop which was allocated to certain of Bradlees former locations. In December 31, 2002, prior to the expiration of the leases to which the additional rent was allocated, the Company reallocated this rent to other former Bradlees leases also guaranteed by Stop & Shop. Stop & Shop is contesting the Company's right to reallocate and claims the Company is no longer entitled to the additional rent. At December 31, 2004, the Company is due an aggregate of \$10,497,000. The Company believes the additional rent provision of the guaranty expires at the earliest in 2012 and is vigorously contesting Stop & Shop's position.

12. Leases – continued

As lessee:

The Company is a tenant under operating leases for certain properties. These leases have terms that expire during the next thirty years. Future minimum lease payments under operating leases at December 31, 2004, are as follows:

(Amounts in thousands)	
2005	\$ 20,427
2006	20,474
2007	20,429
2008	20,447
2009	20,454
Thereafter	928,219

Rent expense was \$21,334,000, \$15,593,000, and \$17,157,000 for the years ended December 31, 2004, 2003, and 2002.

The Company is also a lessee under capital leases for equipment and real estate (primarily Americold). Lease terms generally range from 5-20 years with renewal or purchase options. Capitalized leases are recorded at the present value of future minimum lease payments or the fair market value of the property. Capitalized leases are depreciated on a straight-line basis over the estimated life of the asset or life of the related lease, whichever is shorter. Amortization expense on capital leases is included in "depreciation and amortization" on the Company's consolidated statements of income. As of December 31, 2004, future minimum lease payments under capital leases are as follows:

(Amounts in thousands)	
2005	\$ 11,517
2006	10,738
2007	8,951
2008	7,786
2009	7,368
Thereafter	53,114
Total minimum obligations	99,474
Interest portion	(45,213)
Present value of net minimum payments	\$ 54,261

At December 31, 2004 and 2003, \$54,261,000 and \$6,920,000 representing the present value of net minimum payments is included in "Other Liabilities" on the Company's consolidated balance sheets. At December 31, 2004 and 2003, property leased under capital leases had a total cost of \$64,974,000 and \$6,184,000 and related accumulated depreciation of \$11,495,000 and \$940,000, respectively.

147

13. Commitments and Contingencies

At December 31, 2004, the Company has \$567,851,000 available under its \$600,000,000 revolving credit facility (\$32,149,000 was utilized for letters of credit), which matures in July 2006.

In conjunction with the closing of Alexander's Lexington Avenue construction loan on July 3, 2002, the Company agreed to guarantee to the construction lender, the lien free, timely completion of the construction of the project and funding of all project costs in excess of a stated budget, as defined in the loan agreement, if not funded by Alexander's (see Note 5 – Investments in Partially-Owned Entities).

Each of the Company's properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to the Company.

The Company carries comprehensive liability and all risk property insurance ((i) fire, (ii) flood, (iii) extended coverage, (iv) "acts of terrorism" as defined in the Terrorism Risk Insurance Act of 2002 which expires in 2005 and (v) rental loss insurance) with respect to its assets. In April 2004, the Company renewed its all risk policies and increased its coverage for Acts of Terrorism for each of its New York Office, CESC Office, Retail and Merchandise Mart divisions. Below is a summary of the current all risk property insurance and terrorism risk insurance for each of the Company's business segments:

	Coverage Per Occurrence	
	All Risk ⁽¹⁾	Sub-Limits for Acts of Terrorism
New York Office	\$ 1,400,000,000	\$ 750,000,000
CESC Office	1,400,000,000	750,000,000
Retail	500,000,000	500,000,000
Merchandise Mart	1,400,000,000	750,000,000
Temperature Controlled Logistics	225,000,000	225,000,000

(1) Limited as to terrorism insurance by the sub-limit shown in the adjacent column.

In addition to the coverage above, the Company carries lesser amounts of coverage for terrorist acts not covered by the Terrorism Risk Insurance Act of 2002.

The Company's debt instruments, consisting of mortgage loans secured by its properties (which are generally non-recourse to the Company), its senior unsecured notes due 2007, 2009 and 2010 and its revolving credit agreement, contain customary covenants requiring the Company to maintain insurance. Although the Company believes that it has adequate insurance coverage under these agreements, the Company may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than the Company is able to obtain, or if the Terrorism Risk Insurance Act of 2002 is not extended, it could adversely affect the Company's ability to finance and/or refinance its properties and expand its portfolio.

From time to time, the Company has disposed of substantial amounts of real estate to third parties for which, as to certain properties, it remains contingently liable for rent payments or mortgage indebtedness that cannot be quantified by the Company.

There are various legal actions against the Company in the ordinary course of business. In the opinion of management, after consultation with legal counsel, the outcome of such matters will not have a material effect on the Company's financial condition, results of operations or cash flow.

The Company enters into agreements for the purchase and resale of U.S. government obligations for periods of up to one week. The obligations purchased under these agreements are held in safekeeping in the name of the Company by various money center banks. The Company has the right to demand additional collateral or return of these invested funds at any time the collateral value is less than 102% of the invested funds plus any accrued earnings thereon. The Company had \$23,110,000 and \$30,310,000 of cash invested in these agreements at December 31, 2004 and 2003.

Loan and Compensation Agreements

In accordance with the terms of the employment arrangement with Steven Roth, the Company's Chief Executive Officer, and subject to a letter agreement dated November 1999, Mr. Roth may draw up to \$15,000,000 of loans on a revolving basis. Each loan bears interest, payable quarterly, at the applicable Federal rate on the date the loan is made and matures on the sixth anniversary of such loan. Loans are collateralized by assets with a value of not less than two times the amount outstanding. At December 31, 2004, the outstanding balance under this arrangement was \$13,122,500 (of which \$4,704,500 is shown as a reduction in shareholders' equity). The amount outstanding matures in January 2006 and bears interest at a weighted average rate of 4.49% per annum.

At December 31, 2004, the balance of the loan due from Michael Fascitelli, the Company's President, in accordance with his employment agreement was \$8,600,000. The loan matures in December 2006 and bears interest, payable quarterly, at a weighted average rate of 3.97% (based on the applicable Federal rate).

Effective January 1, 2002, the Company extended its employment agreement with Mr. Fascitelli for a five-year period through December 31, 2006. Pursuant to the extended employment agreement, Mr. Fascitelli is entitled to receive a deferred payment on December 31, 2006 of 626,566 Vornado common shares which are valued for compensation purposes at \$27,500,000 (the value of the shares on March 8, 2002, the date the extended employment agreement was executed). The shares are held in a rabbi trust for the benefit of Mr. Fascitelli and vested 100% on December 31, 2002. The extended employment agreement does not permit diversification, allows settlement of the deferred compensation obligation by delivery of these shares only, and permits the deferred delivery of these shares. The value of these shares was amortized ratably over the one-year vesting period as compensation expense. The assets of the rabbi trust are consolidated with those of the Company and the Company's common shares held in the trust are classified in shareholders' equity and accounted for in a manner similar to treasury stock.

Pursuant to the Company's annual compensation review in February 2002 with Joseph Macnow, the Company's Chief Financial Officer, the Compensation Committee approved a \$2,000,000 loan to Mr. Macnow, bearing interest at the applicable federal rate of 4.65% per annum and due in June 2007. The loan was funded on July 23, 2002 and is collateralized by assets with a value of not less than two times the loan amount.

On March 11, 2004, the Company loaned \$2,000,000 to Melvyn Blum, an executive officer of the Company, pursuant to the revolving credit facility contained in his January 2000 employment agreement. The loan bears interest at 1.57% per annum (the Federal rate) and is due in March 2007.

On February 22, 2005, the Company and Sandeep Mathrani, Executive Vice President – Retail Division, entered into a new employment agreement. Pursuant to the agreement, the Company granted Mr. Mathrani (i) 16,836 restricted shares of the Company's stock, (ii) stock options to acquire 300,000 of the Company's common shares at an exercise price of \$71.275 per share and (iii) the right to receive 200,000 stock options over the next two years at the then prevailing market price. In addition, Mr. Mathrani repaid the \$500,000 loan the Company provided him under his prior employment agreement.

Transactions with Affiliates and Officers and Trustees of the Company

Alexander's

The Company owns 33% of Alexander's. Mr. Roth and Mr. Fascitelli are Officers and Directors of Alexander's. The Company provides various services to Alexander's in accordance with management, development and leasing agreements and the Company has made loans to Alexander's aggregating \$124,000,000 at December 31, 2004. See Note – 5 Investments in Partially-Owned Entities for details of these agreements. In addition, in 2002, the Company sold air rights to Alexander's, details of which are provided in Note 3 – Acquisitions and Dispositions.

Interstate Properties

As of December 31, 2004, Interstate Properties and its partners owned approximately 10.8% of the common shares of beneficial interest of the Company and 27.4% of Alexander's common stock. Interstate Properties is a general partnership in which Steven Roth, David Mandelbaum and Russell B. Wight, Jr. are the partners. Mr. Roth is the Chairman of the Board and Chief Executive Officer of the Company, the managing general partner of Interstate Properties, and the Chief Executive Officer and a director of Alexander's. Messrs. Mandelbaum and Wight are trustees of the Company and also directors of Alexander's.

The Company manages and leases the real estate assets of Interstate Properties pursuant to a management agreement for which the Company receives an annual fee equal to 4% of base rent and percentage rent. The management agreement has a term of one year and is automatically renewable unless terminated by either of the parties on sixty days' notice at the end of the term. Although the management agreement was not negotiated at arm's length, the Company believes based upon comparable fees charged by other real estate companies that its terms are fair to the Company. The Company earned \$726,000, \$703,000 and \$747,000 of management fees under the management agreement for the years ended December 31, 2004, 2003, and 2002. In addition, during fiscal years 2003 and 2002, as a result of a previously existing leasing arrangement with Alexander's, Alexander's paid to Interstate \$587,000 and \$703,000, respectively, for the leasing of other services actually rendered by the Company. Upon receipt of these payments, Interstate promptly paid them over to the Company without retaining any interest therein. This arrangement was terminated at the end of 2003 and all payments by Alexander's thereafter for these leasing and other services are made directly to the Company.

Vornado Operating Company ("Vornado Operating")

In October 1998, Vornado Operating was spun off from the Company in order to own assets that the Company could not itself own and conduct activities that the Company could not itself conduct. Vornado Operating's primary asset was its 60% investment in AmeriCold Logistics, which leased 88 refrigerated warehouses from Americold, owned 60% by the Company. The Company granted Vornado Operating a \$75,000,000 unsecured revolving credit facility that was to expire on December 31, 2004. Borrowings under the revolving credit facility bore interest at LIBOR plus 3%. The Company received a commitment fee equal to 1% per annum on the average daily unused portion of the facility. At the time of its dissolution referred to below, Vornado Operating had outstanding 4,068,924 shares and its operating partnership had outstanding 447,017 units. At such time, trustees and officers of the Company held approximately 24.3% of the common shares and units of Vornado Operating. In addition, Messrs. Roth, Fascitelli, Macnow, Wight and West each served as an officer and/or director of Vornado Operating.

On December 31, 2002, the Company and Crescent Real Estate Equities formed a joint venture to acquire the Carthage, Missouri and Kansas City, Kansas quarries from AmeriCold Logistics for \$20,000,000 in cash (appraised value). The Company contributed cash of \$8,800,000 to the joint venture representing its 44% interest. AmeriCold Logistics used the proceeds from the sale to repay a portion of a loan to Vornado Operating. Vornado Operating then repaid \$9,500,000 of the amount outstanding under the Company's revolving credit facility. In addition, during 2004 and 2003, this joint venture acquired \$21,930,000 and \$5,720,000 of trade receivables from AmeriCold Logistics for \$21,500,000 and \$5,606,000, respectively. These receivables were subsequently collected in full.

On November 4, 2004, Americold purchased its tenant, AmeriCold Logistics, for \$47,700,000 in cash. As part of this transaction, Vornado Operating repaid the \$21,989,000 balance of the loan to the Company as well as \$4,771,000 of unpaid interest. Because the Company fully reserved for the interest income on this loan beginning in January 2002, it recognized \$4,771,000 of income upon collection in the fourth quarter 2004.

14. Related Party Transactions – continued

In November 2004, a class action shareholder derivative lawsuit was brought in the Delaware Court of Chancery against Vornado Operating Company (“Vornado Operating”), its directors and the Company. The lawsuit sought to enjoin the dissolution of Vornado Operating, rescind the previously completed sale of AmeriCold Logistics (owned 60% by Vornado Operating) to Americold Realty Trust (owned 60% by the Company) and damages. In addition, the plaintiffs claimed that the Vornado Operating directors breached their fiduciary duties. On November 24, 2004, a stipulation of settlement was entered into under which the Company agreed to settle the lawsuit with a payment of approximately \$4.5 million or about \$1 per Vornado Operating share or partnership unit before litigation expenses. The proposed settlement payment would be in addition to the liquidation distribution of \$2 per Vornado Operating share or unit that Vornado Operating made to its equity-holders when it dissolved on December 29, 2004. On January 20, 2005, the Delaware Court of Chancery postponed deciding upon the proposed settlement and requested further but limited information before holding an additional hearing regarding the settlement, which has been scheduled for March 2005. The Company has accrued the proposed settlement payment and related legal costs as part of “general and administrative expense” in the fourth quarter of 2004. The Company believes that the ultimate outcome of this matter will not have a material effect on the Company’s consolidated financial statements.

Other

On January 1, 2003, the Company acquired BMS, a company which provides cleaning and related services principally to the Company’s Manhattan office properties, for \$13,000,000 in cash from the estate of Bernard Mendik and certain other individuals including David R. Greenbaum, an executive officer of the Company. The Company paid BMS \$53,024,000, for the year ended December 31, 2002 for services rendered to the Company’s Manhattan office properties. Although the terms and conditions of the contracts pursuant to which these services were provided were not negotiated at arms length, the Company believes based upon comparable amounts charged to other real estate companies that the terms and conditions of the contracts were fair to the Company.

On August 4, 2003, the Company completed the acquisition of 2101 L Street, a 370,000 square foot office building located in Washington D.C. The consideration for the acquisition consisted of approximately 1.1 million newly issued Operating Partnership units (valued at approximately \$49,517,000) and the assumption of existing mortgage debt and transaction costs totaling approximately \$32,000,000. Robert H. Smith and Robert P. Kogod, trustees of Vornado, together with family members owned approximately 24 percent of the limited partnership that sold the building and Mr. Smith was a general partner. On August 5, 2003, the Company repaid the mortgage of \$29,056,000.

On October 7, 2003, the Company acquired a 2.5% interest in the planned redevelopment of Waterfront (described in Note 3 – Acquisitions and Dispositions) for \$2,171,000, of which the Company paid \$1,545,000 in cash and issued 12,500 Operating Partnership units valued at \$626,000. The partnership units were issued to Mitchell N. Schear, one of the partners in the Waterfront interest, and the President of the Company’s CESC division.

On July 1, 2004, the Company acquired the Marriott hotel located in its Crystal City office complex from a limited partnership in which Robert H. Smith and Robert P. Kogod, trustees of the Company, together with family members own approximately 67 percent. The purchase price was \$21,500,000.

On October 1, 2004, the Company increased its ownership interest in the Investment Building in Washington, D.C. to 5% by acquiring an additional 2.8% interest for \$2,240,000 in cash. The Company’s original interest in the property was acquired in connection with the acquisition of the Kaempfer Company in April 2003. Mitchell N. Schear, President of the Company’s CESC division and other former members of Kaempfer management were also partners in the Investment Building partnership.

During 2002, the Company paid \$147,000 for legal services to a firm in which one of the Company’s trustees is a member.

- (1) The Class A units are redeemable at the option of the holder for common shares of Vornado Realty Trust on a one-for-one basis, or at the Company's option for cash.
- (2) In February 2004, all of the Series E-1 units were converted into 5,679,727 Vornado common shares.
- (3) The holders of the Series F-1 preferred units have the right to require the Company to redeem the units for cash equal to the liquidation preference or, at the Company's option, by issuing a variable number of Vornado common shares with a value equal to the liquidation value. On July 1, 2003, upon the adoption of SFAS No. 150: Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity, the Company was required to include the liquidation value of these F-1 preferred units as a liability on the consolidated balance sheet as opposed to their prior classification as minority interest because of the possible settlement of this obligation by issuing a variable number of the Company's common shares. In addition, after July 1, 2003, distributions to the holders of the F-1 preferred units are included as a component of interest expense as opposed to their prior classification as minority interest expense.
- (4) Convertible at the option of the holder for an equivalent amount of the Company's preferred shares and redeemable at the Company's option after the 5th anniversary of the date of issuance (ranging from September 2004 to December 2009).
- (5) The Company redeemed all of its 8.375% Series D-2 Cumulative Redeemable Preferred Units on January 6, 2004 at a redemption price equal to \$50 per unit or an aggregate of \$27.5 million.
- (6) On December 30, 2004, the Company sold \$46.7 million of 3.0% Series D-13 Cumulative Redeemable Preferred Units. The Series D-13 units may be called without penalty at the option of the Company commencing in December 2011 or redeemed at the option of the holder commencing in December 2006 for cash equal to the liquidation preference of \$25 per unit, or at the Company's option by issuing a variable number of Vornado's common shares. Under SFAS No. 150, the Company classifies the Series D-13 units as a liability, and related distributions as interest expense, because of the possible settlement of this obligation by issuing a variable number of the Company's common shares.

16. Income Per Share

The following table provides a reconciliation of both net income and the number of common shares used in the computation of (i) basic income per common share - which utilizes the weighted average number of common shares outstanding without regard to dilutive potential common shares, and (ii) diluted income per common share - which includes the weighted average common shares and dilutive share equivalents. Potential dilutive share equivalents include the Company's Series A Convertible Preferred shares as well as Vornado Realty L.P.'s convertible preferred units.

19. Segment Information – continued

Notes to preceding tabular information:

- (1) Management considers EBITDA a supplemental measure for making decisions and assessing the performance of its segments. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense and depreciation and amortization included in the reconciliation of net income to EBITDA reflects amounts which are netted in income from partially-owned entities.
- (3) Operating results for the year ended December 31, 2004, reflect the consolidation of the Company's investment in Americold beginning on November 18, 2004. Previously, this investment was accounted for on the equity method.
- (4) Other EBITDA is comprised of:

20. Subsequent Events

On February 3, 2005, the Company supplied \$135,000,000 of financing to Riley Holdco Corp, an entity formed to complete the acquisition of LNR Property Corporation (NYSE:LNR). Riley Holdco Corp. is a wholly owned subsidiary of LNR Property Holdings, Ltd., which is 75% owned by funds and accounts managed by Cerberus Capital Management, L.P. and its real estate affiliate Blackacre Institutional Capital Management, LLC. The terms of the financings are as follows: (i) \$60,000,000 of a \$325,000,000 mezzanine tranche of a \$2.4 billion credit facility which is secured by certain equity interests. This tranche is junior to \$1.9 billion of the credit facility, bears interest at LIBOR plus 5.25%, and matures in February 2008 with two one-year extensions; and (ii) \$75,000,000 of \$400,000,000 of unsecured notes which are subordinate to the \$2.4 billion credit facility and senior to over \$700,000,000 of equity contributed to finance the acquisition. These notes mature in February 2015, provide for a 1.5% placement fee, and bear interest at 10% for the first five years and 11% for years six through ten.

On February 4, 2005, the Company acquired from JER Investors Trust a \$17,000,000 participation in a \$34,000,000 mezzanine loan secured by Roney Palace Phase II, in Miami Beach, Florida, a 593-room hotel to be converted to residential condominiums. The loan, which is subordinate to \$141,000,000 of other debt, bears interest at LIBOR plus 9.53%, until 25% of the loan is repaid and LIBOR plus 7.48% thereafter until maturity in October 2006. The loan has a one-year extension option.

21. Restatement

Subsequent to the issuance of the Company's consolidated financial statements for the year ended December 31, 2004, management determined that the Company's consolidated statements of cash flows for each of the three years in the period ended December 31, 2004 should be restated to reclassify \$16,740,000, \$6,666,000 and \$65,197,000, respectively, from "net cash used in investing activities" to "net cash provided by operating activities" as they relate to distributions of income received from investments in partially-owned entities accounted for on the equity method. The restatement does not affect the total net change in cash and cash equivalents for each of the three years ended December 31, 2004, and has no impact on the Company's consolidated balance sheets, consolidated statements of income or the related income per share amounts.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable.

ITEM 9A. CONTROLS AND PROCEDURES (as restated)

Disclosure Controls and Procedures: The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this annual report on Form 10-K/A. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are not effective solely because of the material weakness described below.

Internal Control Over Financial Reporting: Subsequent to the issuance of the original Form 10-K for the year ended December 31, 2004, we determined that the Company's consolidated statements of cash flows for each of the three years in the period ended December 31, 2004 included in the original Form 10-K should be restated to reclassify \$16,740,000, \$6,666,000 and \$65,197,000 from "net cash used in investing activities" to "net cash provided by operating activities," and accordingly, we restated our consolidated statements of cash flows on Form 10-K/A. This restatement was the result of a material weakness in internal control over financial reporting as the control over the proper classification of the cash received from partially-owned entities did not operate effectively. Subsequent to the filing of the original Form 10-K and in connection with the preparation of this Form 10-K/A we have involved additional personnel in the preparation and review of the consolidated cash flow statements and believe as of the date hereof, that we have remediated this weakness and that our disclosure controls and procedures are effective.

There have not been any changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934, as amended) during the fourth quarter of the fiscal year to which this report relates that have materially affected, or are

reasonably likely to materially affect, the Company's internal control over financial reporting. However, subsequent to the date of filing our original Form 10-K we took the remedial action described above.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING (as revised)

Management of Vornado Realty Trust, together with its consolidated subsidiaries (the "Company"), is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process designed under the supervision of the Company's principal executive and principal financial officers to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles.

As of December 31, 2004, management conducted an assessment of the effectiveness of the Company's internal control over financial reporting based on the framework established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Our assessment excluded the internal control over financial reporting at Americold Realty Trust, which acquired AmeriCold Logistics on November 4, 2004 and which the Company began to consolidate on November 18, 2004 and whose financial statements reflect total assets and revenues constituting 10.2 and 5.1 percent, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 2004. In the Company's Annual Report on Form 10-K for the year ended December 31, 2004, filed on February 28, 2005, management concluded that the Company's internal control over financial reporting was effective as of December 31, 2004. Subsequent to the issuance of the original Form 10-K, management identified a material weakness in our control over the proper classification on our consolidated statements of cash flows of cash received from partially-owned entities and restated our consolidated statements of cash flows for the years ended December 31, 2004, 2003 and 2002. Solely as a result of this material weakness, management has revised its earlier assessment and has now concluded that the Company's internal control over financial reporting was not effective as of December 31, 2004.

Our internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect transactions and dispositions of assets; provide reasonable assurances that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and the trustees of the Company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on our financial statements.

Management's revised assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2004 has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report appearing on page 161.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders and Board of Trustees
Vornado Realty Trust
New York, New York

We have audited management's assessment, included within this December 31, 2004 Form 10-K/A of Vornado Realty Trust at Item 9A, under the heading "Management's Report on Internal Control Over Financial Reporting (as revised)," that Vornado Realty Trust, together with its consolidated subsidiaries (the "Company") did not maintain effective internal control over financial reporting as of December 31, 2004, because of the effect of the material weakness identified in management's assessment based on criteria established in "*Internal Control—Integrated Framework*" issued by the Committee of Sponsoring Organizations of the Treadway Commission. As described in "Management's Report on Internal Control Over Financial Reporting (as revised)," management excluded from their assessment the internal control over financial reporting at Americold Realty Trust, which acquired AmeriCold Logistics on November 4, 2004 and which the Company began to consolidate on November 18, 2004 and whose financial statements reflect total assets and revenues constituting 10.2 and 5.1 percent, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 2004. Accordingly, our audit did not include the internal control over financial reporting at Americold Realty Trust. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of trustees, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our report dated February 24, 2005, we expressed an unqualified opinion on management's assessment that the Company maintained effective internal control over financial reporting and an unqualified opinion on the effectiveness of internal control over financial reporting. As described in the following paragraph, the Company subsequently identified material misstatements in its 2002, 2003, and 2004 annual financial statements and 2003 and 2004 interim financial statements, which caused such annual financial statements to be restated. Management subsequently revised its assessment due to the identification of a material weakness, described in the following paragraph, in connection with the financial statement restatement. Accordingly, our opinion on the effectiveness of the Company's internal control over financial reporting as of December 31, 2004 expressed herein is different from that expressed in our previous report.

161

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected. The following material weakness has been identified and included in management's revised assessment: The Company's controls over the proper classification of cash flows relating to the distributions from partially-owned entities did not operate effectively as of December 31, 2004. This material weakness resulted in the restatement of the Company's previously issued annual financial statements as described more fully in Note 21 to the consolidated financial statements. This material weakness was considered in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements as of and for the year ended December 31, 2004 (as restated), of the Company and this report does not affect our report on such restated financial statements.

In our opinion, management's revised assessment that the Company did not maintain effective internal control over financial reporting as of December 31, 2004, is fairly stated, in all material respects, based on the criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Also in our opinion, because of the effect of the material weakness described above on the achievement of the objectives of the control criteria, the Company has not maintained, in all material respects, effective internal control over financial reporting as of December 31, 2004, based on the criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), consolidated balance sheet as of December 31, 2004 and the related consolidated statements of income, shareholders' equity and cash flows for the year ended December 31, 2004 (as restated) and the related financial statement schedules as of and for the year ended December 31, 2004 of the Company and our report dated February 24, 2005 (June 8, 2005 as to the effects of the restatement described in Note 21 to the consolidated financial statements) expressed an unqualified opinion on those financial statements and financial statement schedules.

ITEM 9B. OTHER INFORMATION

As of February 8, 2005, the Company's Compensation Committee approved a grant, pursuant to the Company's 2002 Omnibus Share Plan, of 1,038,800 stock options and 73,081 shares of restricted stock to executive officers and certain employees of the Company. The stock options have an exercise price of \$71.275 per share and vest over three to five years. The shares of restricted stock vest over five years. Included with this annual report on Form 10-K/A as exhibits 10.77 and 10.78, respectively, are the form of stock option and restricted stock agreements and such forms are incorporated in this Item 9B.

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

Information relating to trustees of the Registrant, including its audit committee and audit committee financial expert, will be contained in a definitive Proxy Statement involving the election of trustees under the caption "Election of Trustees" which the Registrant will file with the Securities and Exchange Commission pursuant to Regulation 14A under the Securities Exchange Act of 1934 not later than 120 days after December 31, 2004, and such information is incorporated herein by reference. Information relating to Executive Officers of the Registrant, appears at page 49 of this Annual Report on Form 10-K/A. Also incorporated herein by reference is the information under the caption "Other Matters – 16(a) Beneficial Ownership Reporting Compliance" of the Proxy Statement.

The Registrant has adopted a Code of Business Conduct and Ethics that applies to, among others, Steven Roth, its principal executive officer, and Joseph Macnow, its principal financial and accounting officer. This Code is available on the Company's website at www.vno.com.

ITEM 11. EXECUTIVE COMPENSATION

Information relating to executive compensation will be contained in the Proxy Statement referred to above in Item 10, "Directors and Executive Officers of the Registrant," under the caption "Executive Compensation" and such information is incorporated herein by reference.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Information relating to security ownership of certain beneficial owners and management will be contained in the Proxy Statement referred to in Item 10, "Directors and Executive Officers of the Registrant," under the caption "Principal Security Holders" and such information is incorporated herein by reference.

Equity compensation plan information

The following table provides information as of December 31, 2004, regarding the Company's equity compensation plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the second column)
Equity compensation plans approved by security holders	13,172,492(1)	\$ 34.39	6,920,465(2)
Equity compensation awards not approved by security holders(3)	—	—	—
Total	13,172,492	\$ 34.39	6,920,465

(1) Includes 290,478 restricted shares which do not have an option exercise price.

(2) All of the shares available for future issuance under plans approved by the security holders may be issued as restricted stock units or performance shares.

- (3) Does not include common shares issuable in exchange for deferred stock units pursuant to the compensation agreements described below under the heading "Material Features of Equity Compensation Arrangements Not Approved by Shareholders."

Material Features of Equity Compensation Arrangements Not Approved by Shareholders

We have awarded deferred stock units under individual arrangements with two of our employees. Shareholder approval was not required for these awards under the current or then-existing rules of the New York Stock Exchange because the awards were made as an inducement to these employees to enter into employment contracts with us.

163

We awarded Melvyn Blum 148,148 deferred stock units pursuant to an agreement dated as of December 29, 2000. In addition, Mr. Blum's agreement requires the Company to provide an effective registration statement covering any common shares distributed to Mr. Blum. Pursuant to an amendment to this agreement dated as of February 13, 2003, we agreed to pay Mr. Blum an amount in cash equal to the market value of 88,889 common shares in respect of the deferred units that had vested under his agreement as of such date. On January 2, 2005, all of Mr. Blum's remaining unvested deferred stock units vested and he received the remaining shares attributable to the units. Pursuant to a requirement under his employment agreement, all of Mr. Blum's shares received with respect to deferred stock units were registered for sale pursuant to a registration statement filed with the Securities and Exchange Commission for which the prospectus was filed April 12, 2004.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Information relating to certain relationships and related transactions will be contained in the Proxy Statement referred to in Item 10, "Directors and Executive Officers of the Registrant," under the caption "Certain Relationships and Related Transactions" and such information is incorporated herein by reference.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Information relating to Principal Accountant fees and services will be contained in the Proxy Statement referred to in Item 10, "Directors and Executive Officers of the Registrant" under the caption "Principal Accountant Fees and Services" and such information is incorporated herein by reference.

* These encumbrances, are cross collateralized under a blanket mortgage in the amount of \$476,603 as December 31, 2004.

- Notes:
- (1) Initial cost is cost as of January 30, 1982 (the date on which Vornado commenced real estate operations) unless acquired subsequent to that date – see Column H.
 - (2) The net basis of the company's assets and liabilities for tax purposes is approximately \$3,139,148,000 lower than the amount reported for

financial statement purposes.

(3) Date of original construction – many properties have had substantial renovation or additional construction – see Column D.

(4) Buildings on these properties were demolished. As a result, the cost of the buildings and improvements, net of accumulated depreciation, were either transferred to land or written-off.

CERTIFICATION

I, Steven Roth, certify that:

1. I have reviewed this annual report on Form 10-K/A of Vornado Realty Trust;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, Joseph Macnow, certify that:

1. I have reviewed this annual report on Form 10-K/A of Vornado Realty Trust;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
